2. SETUP

Initial Charging

Before first use, fully charge the earbuds and charging case to ensure optimal battery performance.

1. Connect the provided Type-C charging cable to the charging port on the case.
2. Connect the other end of the cable to a USB power adapter (not included).
3. The LED display on the charging case will show the current battery percentage.
4. Place the earbuds into the charging case. The LED indicator bars will display their individual charging status.
5. A full charge for the case takes approximately 1.5 hours. Earbuds charge fully in about 1 hour.

Pairing with a Device

The earbuds feature one-step pairing for quick and easy connection.

1. Ensure your device's Bluetooth is turned on.
2. Open the charging case. The earbuds will automatically enter pairing mode.
3. On your device, search for Bluetooth devices and select "J53" from the list.
4. Once connected, the earbuds will automatically pair with this device when the case is opened in the future.

3. OPERATING INSTRUCTIONS

Wearing the Earbuds

Insert the earbuds into your ears and gently rotate them to find a comfortable and secure fit. The ergonomic design ensures stability during various activities.

Dual and Single Earbud Mode

The earbuds support both dual-ear stereo mode and individual use. You can use either the left or right earbud independently for calls or music. Simply remove one earbud from the case, and it will connect to your device.

4. MAINTENANCE

Cleaning

Regularly clean your earbuds and charging case to ensure optimal performance and hygiene.

- Use a soft, dry, lint-free cloth to wipe the earbuds and charging case.
- For stubborn dirt, slightly dampen the cloth with water. Avoid using harsh chemicals or abrasive materials.
- Gently clean the charging contacts on both the earbuds and the case with a dry cotton swab.

Water Resistance (IP7)

The Jxrev Wireless Earbuds feature an IP7 nano-coating technology, providing protection against daily splashes, sweat, and rain.

- Do not intentionally submerge the earbuds in water for extended periods.
- Ensure the earbuds are dry before placing them back into the charging case to prevent damage to the charging contacts.

Image: Jxrev earbuds partially submerged in water, illustrating their IP7 waterproof capability.

Storage

When not in use, store the earbuds in their charging case to protect them and keep them charged. Store the case in a cool, dry place away from extreme temperatures.

5. TROUBLESHOOTING

Common Issues and Solutions

Earbuds not pairing or connecting:

- Ensure both earbuds are charged.
- Turn off Bluetooth on your device and turn it back on.
- Forget "J53" from your device's Bluetooth list and try pairing again.
- Place both earbuds back into the charging case, close the lid, wait a few seconds, then open the lid to re-initiate pairing mode.

Only one earbud working:

- Ensure both earbuds are charged.
- Place both earbuds back into the charging case, close the lid, wait a few seconds, then open the lid. This often resets the connection between the two earbuds.
- If the issue persists, try resetting the earbuds (refer to the full user manual for specific reset instructions if available, or try forgetting the device and re-pairing).

Poor sound quality or disconnections:

- Ensure the earbuds are within the 15-meter Bluetooth range of your device.
- Check for obstructions between the earbuds and your device.
- Ensure the earbuds are clean and free of debris.
- Try connecting to a different audio source to rule out device-specific issues.

Charging case not charging:

- Verify the Type-C charging cable is securely connected to both the case and the power source.
- Try a different Type-C cable or USB power adapter.
- Ensure the charging port on the case is clean and free of debris.

6. SPECIFICATIONS

Technical Details

Feature	Detail
Brand	Jxrev
Model Number	J53
Color	White
Ear Placement	In Ear
Noise Control	Sound Isolation (ENC Noise Cancelling Mics)
Connectivity Technology	Wireless (Bluetooth)
