Vinsetto 921-688V00WT

Vinsetto High Back Ergonomic Office Chair Instruction Manual

Model: 921-688V00WT

INTRODUCTION

Thank you for choosing the Vinsetto High Back Ergonomic Office Chair. This manual provides essential information for the safe assembly, operation, and maintenance of your new chair. Please read these instructions carefully before use and retain them for future reference.

SAFETY INFORMATION

- Assembly is required. Ensure all parts are correctly installed before use.
- Do not exceed the maximum weight capacity of **264 lbs (120 kg)**.
- Use caution when moving the chair on different floor types to prevent damage or injury.
- Keep children and pets away during assembly.
- Regularly check all bolts and screws for tightness and re-tighten as necessary.

PACKAGE CONTENTS

Your Vinsetto office chair package includes all necessary components and hardware for assembly. Please verify that all parts are present and undamaged upon opening the package. Refer to the separate assembly instructions sheet included in the box for a detailed list of parts.

SETUP AND ASSEMBLY

Assembly of the Vinsetto office chair is required. Detailed, step-by-step assembly instructions with diagrams are provided in a separate sheet within your product packaging. Please follow these instructions carefully to ensure correct and safe assembly.

1. Unpack all components and lay them out on a clean, soft surface to prevent scratches.
2. Identify all parts against the provided parts list in the assembly guide.
3. Follow the numbered steps in the assembly guide to connect the base, gas lift, seat, backrest, armrests, and headrest.
4. Ensure all screws and bolts are tightened securely after assembly.

OPERATING INSTRUCTIONS

Your Vinsetto ergonomic office chair offers several adjustment features to customize your seating experience.

1. Seat Height Adjustment

To adjust the seat height, locate the lever under the right side of the seat. While seated, pull the lever up to lower the seat. To raise the seat, stand up slightly and pull the lever up. Release the lever at the desired height to lock it in place.

HEIGHT ADJUSTABLE

Adjustable seat height

2. Rocking Function

The chair features a rocking function for relaxation. To activate, pull the lever on the left side of the seat outwards. To lock the chair in an upright position, push the lever inwards. The tension of the rocking motion can be adjusted by turning the round knob located under the front of the seat (clockwise for more tension, counter-clockwise for less).

ROCKING FUNCTION

3. Adjustable Lumbar Support

The 4D lumbar support can be adjusted to fit your back's natural curve. It moves up, down, forward, and backward. Gently push or pull the lumbar support mechanism on the backrest to find your preferred position.

ADJUSTABLE LUMBAR SUPPORT

- Breathable mesh fabric
- Chic design
- Superior support

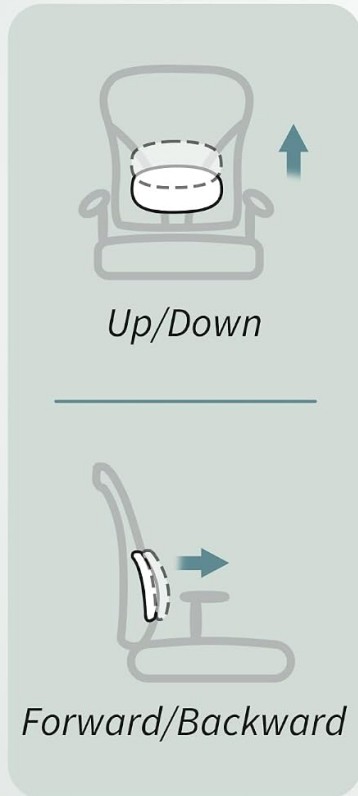

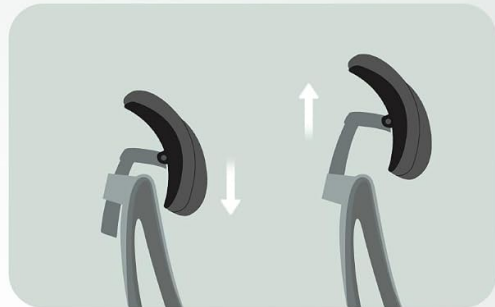

Image: Visual guide for adjusting the lumbar support vertically and horizontally.

4. Adjustable Headrest

The headrest can be adjusted in height and angle. To adjust the height, gently pull the headrest up or push it down. To adjust the angle, rotate the headrest forward or backward until it provides optimal neck support.

5. Flip-up Armrests

The armrests can be flipped up to allow the chair to slide further under a desk, saving space. Simply lift the armrests upwards until they lock into the vertical position. To return them to the horizontal position, pull them down.

MAINTENANCE

- **Cleaning:** Wipe clean with a damp cloth. Avoid harsh chemicals or abrasive cleaners that may damage the mesh fabric or frame.
- **Inspection:** Periodically check all screws, bolts, and moving parts to ensure they are secure and functioning correctly. Tighten any loose fasteners.
- **Casters:** Keep casters clean and free of debris to ensure smooth movement.

TROUBLESHOOTING

If you encounter any issues with your chair, please refer to the following common troubleshooting tips:

- **Chair Squeaks:** Check all bolts and screws for tightness. Apply a small amount of silicone lubricant to moving parts if necessary.
- **Difficulty Adjusting Height:** Ensure the gas lift lever is fully engaged. If the issue persists, the gas lift cylinder may need replacement.
- **Chair Feels Unstable:** Verify that all components are correctly assembled and all fasteners are tightened. Ensure the chair is on a flat, even surface.
- **Casters Not Rolling Smoothly:** Remove any hair or debris from the caster wheels.

SPECIFICATIONS

Feature	Detail
