## Reobrix 11007

# Reobrix Formula 1 Race Car Building Set (Model 11007) Instruction Manual

## 1. INTRODUCTION

Welcome to the Reobrix Formula 1 Race Car Building Set, Model 11007. This manual provides detailed instructions for assembling, operating, and maintaining your 1:8 scale model. Designed for enthusiasts aged 14 and up, this 928-piece set offers an engaging building experience and results in a highly detailed display model.

## 2. SAFETY INFORMATION

---

- **Age Recommendation:** This product contains small parts and is recommended for individuals aged 14 years and older.
- **Small Parts Warning:** Keep small parts away from young children to prevent choking hazards.
- **Assembly Environment:** Assemble on a clean, flat, and well-lit surface.
- **Material Safety:** All components are made from durable, non-toxic plastic.

## 3. SETUP (ASSEMBLY)

---

### 3.1 Unpacking and Part Organization

Carefully open the product box and verify that all numbered bags and the instruction manual are present. The building process is organized into sequentially numbered bags to simplify assembly. Open bags only as indicated in the manual for each step.

### 3.2 Following Instructions

Refer to the included pictorial instruction manual for step-by-step guidance. Pay close attention to part orientation and placement. Each step is illustrated to ensure clarity.

### 3.3 Important Assembly Note

During assembly, specifically on **page 65, step B58**, the manual may incorrectly call for 2 #4 pins. Please use the **2 #5 pins** provided in your set, as these are the correct size for this particular step. This correction ensures proper fit and function.

### 3.4 Connecting Parts

Some connections, particularly those involving moving pins, may require firm and even pressure. Ensure all parts are fully seated and securely connected for a stable and durable model.

# ENJOYABLE BUILDING EXPERIENCE

## 4. OPERATING (INTERACTIVE FEATURES)

---

Once assembled, your Reobrix Formula 1 Race Car model features several interactive elements:

- **Steering Function:** The front wheels can be turned left and right by rotating the steering wheel located in the cockpit. This allows for dynamic posing and realistic play.
- **Wheel Movement:** All four wheels are designed to rotate freely, enabling the model to be gently rolled across surfaces.

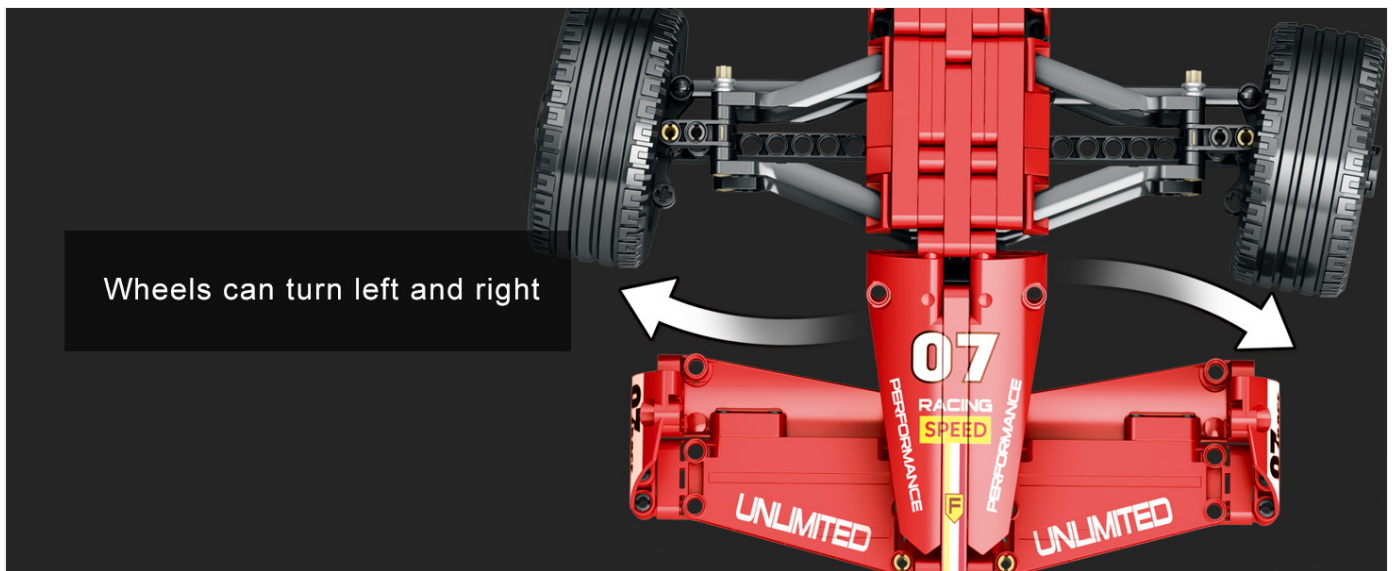

Image 4.2: The front wheels of the model demonstrating their left and right turning capability.

## 5. MAINTENANCE

---

- **Cleaning:** Use a soft, dry cloth to gently wipe dust from the model. Avoid using harsh chemicals, abrasive materials, or excessive moisture, as these can damage the plastic components or decals.
- **Storage:** Store the model in a cool, dry place away from direct sunlight. Prolonged exposure to sunlight can cause material degradation or discoloration.
- **Handling:** Handle the model with care to avoid accidental disassembly or damage to delicate components.

## 6. TROUBLESHOOTING

---

- **Missing Pieces:** If you discover any missing pieces upon unpacking or during assembly, please contact Reobrix customer support. Provide the specific part number (if available) and the bag number from which the piece should have come.
- **Loose Connections:** If parts do not connect securely, ensure they are correctly aligned according to the instruction manual and apply firm, even pressure. Sometimes, a slight adjustment in angle can help.
- **Assembly Difficulty:** If a particular step is unclear or difficult, review the preceding steps and images in the manual. A small error in an earlier step can sometimes affect subsequent assembly. Do not force parts together if they do not fit easily.

## 7. SPECIFICATIONS

---

Feature	Detail
Model Number	11007
Number of Pieces	928
Scale	1:8
Assembled Dimensions (L x W x H)	Approx. 22.05 x 10.04 x 5.12 inches
Item Weight	2.8 pounds
Recommended Age	14 years and up
Manufacturer	Shantou Juhang Toys Technology Co., Ltd.
