## Globlazer F50

# Globlazer F50 Cat Tree Instruction Manual

Model: F50

## INTRODUCTION

---

Thank you for choosing the Globlazer F50 Cat Tree. This sturdy cat tree is designed to provide a comfortable and engaging environment for your feline companions, featuring two large 90° rotatable niches, a padded platform, and a sisal ramp. It is suitable for kittens, large cats, and senior cats, offering multiple climbing paths and resting spots. Please read this manual carefully before assembly and use to ensure proper setup and maintenance.

## SAFETY PRECAUTIONS

---

- Ensure all screws are tightened securely during assembly.
- Regularly check the stability of the cat tree, especially after initial assembly and during use.
- Use the provided anti-tipping straps to secure the cat tree to a wall for enhanced stability, particularly for active or multiple cats.
- Keep small children away from the cat tree during assembly to prevent injury.
- Place the cat tree on a flat, stable surface.

## PACKAGE CONTENTS

---

Before beginning assembly, verify that all parts are present and undamaged. Refer to the included parts list (usually found in the box) to identify each component.

# Rotate 90 Degrees

Flexible fit space

## ASSEMBLY INSTRUCTIONS

Assembly of the Globlazer F50 Cat Tree is designed to be straightforward. Follow these general steps:

1. **Unpack and Identify Parts:** Carefully remove all components from the packaging. Lay them out and compare them against the parts list to ensure everything is present.
2. **Assemble the Base:** Attach the main support posts to the two large wooden bases. Ensure they are securely fastened.
3. **Install Lower Levels:** Connect the lower platforms and the two rotatable niches to the main support posts. The niches can be adjusted to a 90-degree angle to fit corners or open spaces.
4. **Attach Scratching Elements:** Secure the sisal-covered scratching posts and the large sisal ramp to their designated positions.
5. **Mount Upper Levels:** Install the upper platforms and the large cushioned perch.
6. **Final Tightening and Stability Check:** Once all components are assembled, re-tighten all screws to ensure maximum stability. Attach the anti-tipping straps to a wall stud for added safety.

7. **Add Accessories:** Place the removable plush cushion on the perch and attach any hanging toys.

## OPERATING INSTRUCTIONS

The Globlazer F50 Cat Tree is designed for intuitive use by your cats.

- **Adjustable Niches:** The two large niches can be rotated 90 degrees to optimize space in corners or to create different configurations for your cats' preference.
- **Cushioned Perch:** The large padded platform (50 x 30 cm) provides a comfortable resting spot for cats over five kilograms. The removable plush cushion can be easily taken off for cleaning.
- **Scratching Surfaces:** Encourage your cats to use the sisal-covered posts and the large sisal ramp for scratching to maintain claw health and protect your furniture.
- **Interactive Play:** Utilize the included interactive cat wand to engage your feline friend in play, promoting exercise and bonding.
- **Multiple Climbing Paths:** The multi-level design, including the ramp and various platforms, allows cats of all ages and mobility levels to easily climb and explore.

## MAINTENANCE

Proper maintenance will extend the life of your Globlazer F50 Cat Tree and ensure a hygienic environment for your pets.

- **Regular Cleaning:** Clean the cat tree regularly with a damp cloth.
- **Avoid Excessive Moisture:** Do not soak the cat tree or place it in a washing machine.
- **Indoor Use Only:** Always store the cat tree indoors to protect it from weather elements.
- **Check Screws:** Verify the tightness of all screws at least once a month to maintain structural integrity.
- **Cushion Care:** The removable plush cushion can be spot cleaned or hand washed as needed. Allow it to air dry completely before reattaching.

## TROUBLESHOOTING

If you encounter any issues with your Globlazer F50 Cat Tree, refer to the following common solutions:

- **Wobbling or Instability:**

- Ensure all screws are fully tightened.
- Verify the cat tree is placed on a flat, even surface.
- Confirm the anti-tipping straps are securely fastened to a wall.

- **Parts Missing or Damaged:**

- Contact Globlazer customer support or the retailer from whom you purchased the product.

- **Cats Not Using Scratching Posts:**

- Try sprinkling catnip on the sisal surfaces.
- Gently guide your cat's paws to the scratching posts to demonstrate their use.
