# Domi 260 Gallon Resin Deck Box Instruction Manual

Model: LNCZ0605-Fay-0515

## INTRODUCTION

This manual provides essential information for the assembly, operation, maintenance, and troubleshooting of your Domi 260 Gallon Resin Deck Box. Please read these instructions carefully before assembly and use to ensure proper function and longevity of your product. Retain this manual for future reference.

## SAFETY INFORMATION

- Do not allow children to play inside the deck box.
- Ensure the lid is securely closed when not in use to prevent accidental entrapment.
- Do not stand or sit on the lid unless specifically designed for seating and within weight limits. This model is designed to support up to 660 lbs as a bench.
- Keep hands clear of the lid's closing path to avoid pinching, especially with hydraulic air rods.
- Place the deck box on a level, stable surface.
- Do not store hazardous materials, flammable liquids, or corrosive substances inside the box.

## SETUP AND ASSEMBLY

Assembly of the Domi 260 Gallon Resin Deck Box is designed to be straightforward and typically takes approximately 30

minutes. No additional tools are required beyond what is provided or commonly available.

## **Included Components:**

- 1 Deck Box (panels and lid)
- Clear Instruction Manual
- Hardware (screws, hydraulic air rods, etc.)

## **Assembly Steps:**

1. **Unpack all components:** Carefully remove all parts from the packaging and verify against the parts list in the included instruction manual.
2. **Assemble the base:** Connect the base panel to the side panels as per the detailed diagrams in the separate instruction sheet.
3. **Attach the front and back panels:** Securely fasten the front and back panels to the assembled sides and base.
4. **Install the lid and hydraulic air rods:** Attach the lid to the main body. Install the hydraulic air rods to ensure smooth opening and closing. Refer to the specific diagrams for correct orientation and attachment points.
5. **Final checks:** Ensure all connections are secure and the lid operates smoothly.

# All-Weather Use Resin

The resin storage box prevents rust and corrosion and keeps your outdoor storag box looking new.

UV Proof

Water Proof

## OPERATION

### Storage Capacity:

The deck box offers a generous 260-gallon capacity, suitable for storing a variety of outdoor items such as patio cushions, pool supplies, garden tools, and sports equipment. This helps maintain an organized outdoor living space.

Image: The deck box shown open, revealing its spacious interior filled with diverse items like pillows, balls, and garden tools.

#### Lid Mechanism:

Equipped with two hydraulic air rods, the lid opens effortlessly and closes slowly and controlled. This design minimizes the risk of pinched fingers and ensures smooth operation.

# Air Rod Design

Open easily and close slowly,  
avoid hand injuries caused by sudden closure.

## Security and Portability:

- **Lockable Lid:** The lid includes integrated lock-holes, allowing for the use of a padlock (not included) to secure your stored items.
- **Side Handles:** Built-in side handles facilitate easy lifting and repositioning of the deck box.
- **Mobility Rollers:** Integrated rollers on one side enable convenient movement of the box across flat surfaces.

### Multi-Functional Use:

Beyond storage, the robust design of the Domi deck box allows it to function as a comfortable bench, supporting up to 660 lbs, or as an additional outdoor table surface.

**660 LBS  
MAX WEIGHT CAPACITY**

## WHY CHOOSE US?

Durable & Stable

Single-layered flimsy plastic

### MAINTENANCE

The Domi Resin Deck Box is constructed from premium resin material, designed for durability and minimal maintenance.

#### Cleaning:

- Wipe down the exterior surfaces with a soft cloth and mild soap and water solution.
- Avoid using abrasive cleaners, harsh chemicals, or stiff brushes, as these can damage the resin finish.
- Rinse thoroughly with clean water and dry with a soft cloth to prevent water spots.

## Weather Resistance:

The resin material is inherently waterproof and UV-resistant, preventing fading, warping, or cracking under various weather conditions. Regular cleaning helps maintain its appearance and protective qualities.

## Rust Resistance:

The materials used are designed to be rust-resistant, ensuring long-term performance in outdoor environments.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
Lid does not close properly or is stiff.	<ul style="list-style-type: none"><li>Obstruction in the hinge mechanism.</li><li>Hydraulic air rods are misaligned or damaged.</li><li>Box is not on a level surface.</li></ul>	<ul style="list-style-type: none"><li>Check for debris and clear any obstructions.</li><li>Inspect air rods for damage or incorrect installation; re-align or replace if necessary.</li><li>Relocate the box to a flat, stable area.</li></ul>
Water inside the storage box.	<ul style="list-style-type: none"><li>Lid not fully closed.</li><li>Seal around the lid is compromised.</li><li>Extreme weather conditions (e.g., heavy rain, standing water).</li></ul>	<ul style="list-style-type: none"><li>Ensure the lid is completely shut and latched.</li><li>Inspect the lid's sealing edges for damage or gaps.</li><li>Consider placing the box in a more sheltered area during severe weather.</li></ul>
Difficulty moving the box.	<ul style="list-style-type: none"><li>Wheels are obstructed or damaged.</li><li>Box is overloaded.</li><li>Surface is uneven or rough.</li></ul>	<ul style="list-style-type: none"><li>Check wheels for debris; clear or replace if damaged.</li><li>Reduce the weight of contents.</li><li>Move the box only on smooth, level surfaces.</li></ul>

## SPECIFICATIONS

Feature	Detail
Brand	domi outdoor living
Model Number	LNCZ0605-Fay-0515
Capacity	260 Gallons
Material	Resin
Color	Grey
Product Dimensions (L x W x H)	68.11" x 32.28" x 33.86"
Item Weight	112.4 Pounds
Max Weight Capacity (as bench)	660 lbs
