INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your Lyromix 48-inch XXL Dog Crate Furniture with Rotating Feeder. Please read this manual thoroughly before use to ensure proper setup and safe operation. This product is designed to provide a comfortable and secure space for your dog while also serving as a functional piece of furniture.

SAFETY INFORMATION

- Always ensure all parts are securely fastened before allowing your pet to use the crate.
- Do not allow children to climb on or play inside the crate.
- Place the crate on a flat, stable surface to prevent tipping.
- Regularly inspect the crate for any signs of damage or wear. Discontinue use if any structural integrity is compromised.
- This product is intended for indoor use only.
- Ensure your dog's size is appropriate for the crate dimensions to prevent injury or discomfort. Refer to the "Choosing the Right Size" section.

PACKAGE CONTENTS

Before assembly, verify that all components are present and undamaged. If any parts are missing or damaged, please contact customer support.

- Wooden panels (top, side, back, bottom)
- Iron pipe frame sections
- Door panels (2)
- Rotating feeder assembly
- Stainless steel bowls (2)
- Assembly hardware (screws, bolts, latches)
- Assembly tools (e.g., Allen wrench)

ASSEMBLY INSTRUCTIONS

Assembly typically requires two adults due to the weight and size of the components. The package weighs approximately 103.6 pounds. Follow these general steps for assembly:

1. **Unpack and Identify Parts:** Carefully remove all components from the packaging. Lay them out and compare them against the package contents list.
2. **Prepare the Base:** Begin by placing the top wooden panel (which will temporarily serve as the base during assembly) on a clean, flat, and protected surface.
3. **Attach Side Panels:** Securely attach the side wooden panels and iron frame sections to the temporary base using the provided hardware. Ensure all connections are tight.
4. **Install Doors:** Attach the door panels to the designated frame sections. Test the latches to ensure smooth operation.
5. **Attach Bottom Panel:** With assistance, carefully position and secure the bottom wooden panel to the assembled frame. This step may require one person to support the structure while another fastens the panel.
6. **Flip the Crate:** With the help of another person, carefully flip the assembled crate upright.
7. **Install Rotating Feeder:** Attach the rotating feeder assembly to the side of the crate. Insert the stainless steel bowls into the feeder.
8. **Final Check:** Verify that all screws and bolts are tightened, and the crate is stable.

OPERATING INSTRUCTIONS

Using the Crate Doors

The Lyromix dog crate features two doors for flexible access. One door is located on the long side, and another on one of the short sides. Both doors are equipped with slide latches to secure your pet inside. To open, slide the latch and pull the door outwards. To close, push the door shut and engage the latch.

Adjusting the Rotating Feeder

The rotating feeder is designed for convenience, allowing you to provide food and water without opening the main crate doors. It features four adjustable height settings to accommodate dogs of various sizes. To adjust the height, loosen the fasteners, move the feeder to the desired height, and re-tighten the fasteners.

Image: The rotating feeder in action, demonstrating its 360-degree rotation and height adjustment feature.

Multifunctional Use

This dog crate is designed to double as a piece of furniture, such as an end table or console. The sturdy top surface can support decorative items, lamps, or other household objects, integrating the crate seamlessly into your home decor.

2 in 1 Dog Crate

Not just your dog crate, but your storage table

MAINTENANCE

Cleaning

- **Wooden Surfaces:** Wipe wooden panels with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that could damage the finish.
- **Metal Bars:** Clean metal bars with a damp cloth and mild soap if necessary. Dry thoroughly to prevent rust.
- **Bowls:** The stainless steel bowls are removable and dishwasher safe for easy cleaning.
- Note: This crate does not include a removable bottom pan for cleaning. Any spills or accidents inside the crate should be cleaned directly from the bottom surface.

Regular Inspection

Periodically check all screws, bolts, and latches to ensure they remain tight and secure. Tighten any loose hardware to maintain the crate's stability and safety.

TROUBLESHOOTING

Loose Door Latches

If the door latches feel loose or rattle, inspect the mechanism. Ensure all screws securing the latch components are tight. If rattling persists, a small piece of felt or rubber padding can be applied to the contact points to reduce noise.

Crate Instability

If the crate feels unstable after assembly, re-check all connections. Ensure all screws and bolts are fully tightened. Verify that the crate is placed on a level surface. Adjusting the placement may resolve minor wobbles.

Difficulty with Feeder Rotation

If the rotating feeder is stiff or difficult to move, ensure no debris is obstructing its mechanism. A small amount of food-grade lubricant can be applied to the pivot points if necessary, but ensure it is safe for pets.

SPECIFICATIONS

Brand	Lyromix
Model Name	Lyromix dog crate with bowls
External Dimensions (L x W x H)	47.2" x 28.35" x 37.4"
Internal Dimensions (W x D x H)	45.5" x 27.6" x 36"
Item Weight	103.6 pounds
Materials	Premium particle board, Iron pipe
Color	Grey
Breed Recommendation	Large breeds
Included Components	Crate, Rotating Feeder, Bowls
Special Feature	Lockable

Choosing the Right Size

To ensure your dog's comfort, measure your standing dog and add 4 inches to both their length (from nose to tail base) and height (from floor to the tallest point of their head or ears). This provides ample space for them to stand, turn around, and lie down comfortably.

Internal Dimensions: 45.5"W×27.6"D×36"H

Please measure your dog to ensure it fits properly
