Setup

1. Charging the Headphones

Before first use, fully charge your Glamore HBT002 headphones. A full charge takes approximately 1.8 hours and provides up to 40 hours of playback with Active Noise Cancellation (ANC) enabled. A quick 10-minute charge can provide up to 4 hours of additional playback.

1. Connect the USB Type-C charging cable to the charging port on the headphones.
2. Connect the other end of the cable to a USB power adapter (not included) or a computer's USB port.
3. The LED indicator will show charging status (refer to LED indicator section for details).
4. Once fully charged, disconnect the charging cable.

2. Powering On/Off

- To power on: Press and hold the Power button for approximately 3 seconds until the LED indicator lights up.
- To power off: Press and hold the Power button for approximately 3 seconds until the LED indicator turns off.

3. Bluetooth Pairing

The headphones use Bluetooth 5.3 for a stable and quick connection. They can remember multiple devices for seamless switching.

1. Ensure the headphones are powered off.
2. Press and hold the Power button for 5-7 seconds until the LED indicator flashes blue and red alternately, indicating pairing mode.
3. On your device (smartphone, tablet, PC), enable Bluetooth and search for available devices.
4. Select "Glamore HBT002" from the list.
5. Once connected, the LED indicator will slowly flash blue.
6. The headphones will automatically attempt to reconnect to the last paired device when powered on.

4. Wired Connection (3.5mm Audio Cable)

For devices without Bluetooth or for low-latency audio, use the included 3.5mm audio cable.

1. Plug one end of the 3.5mm audio cable into the audio jack on the headphones.
2. Plug the other end into the 3.5mm audio output of your device.
3. The headphones can be used in wired mode even when the battery is depleted.

Operating Instructions

Headphone Controls

The Glamore HBT002 headphones feature intuitive button controls for various functions.

Image: Glamore HBT002 headphones with visible control buttons.

Control Functions

Button/Action	Function
Power Button (Press & Hold 3s)	Power On/Off
Power Button (Press & Hold 5-7s from Off)	Enter Bluetooth Pairing Mode
Volume Up (+)	Increase Volume
Volume Down (-)	Decrease Volume
Multi-function Button (Single Press)	Play/Pause Music, Answer/End Call

Button/Action	Function
Multi-function Button (Double Press)	Next Track
Multi-function Button (Triple Press)	Previous Track
ANC Button (N button)	Cycle through ANC On, Transparency Mode, ANC Off
Voice Assistant (Press & Hold Multi-function Button)	Activate Voice Assistant (Siri, Google Assistant, etc.)

Active Noise Cancellation (ANC) and Transparency Mode

The HBT002 headphones feature hybrid active noise cancellation, reducing ambient noise by up to 40 dB. Transparency Mode allows you to hear your surroundings without removing the headphones.

- Press the **ANC button (N button)** to cycle through the modes:
    a. **ANC On:** Reduces external noise.
    b. **Transparency Mode:** Allows ambient sounds to pass through.
    c. **ANC Off:** Standard audio playback without noise cancellation.

Making and Receiving Calls

The built-in dual beamforming microphones ensure clear voice pickup during calls, even in noisy environments.

- **Answer/End Call:** Press the Multi-function button once.
- **Reject Call:** Press and hold the Multi-function button for 2 seconds.

Maintenance and Care

Cleaning

- Wipe the headphones with a soft, dry, lint-free cloth.
- Do not use abrasive cleaners, alcohol, or chemical solvents.
- Avoid getting moisture into any openings.

Storage

The HBT002 headphones feature a foldable design for easy storage and portability. Use the included protective case to prevent damage when not in use or during travel.

Troubleshooting

Common Issues and Solutions

Problem	Possible Solution
Headphones do not power on.	Ensure the headphones are charged. Connect to a power source using the USB-C cable.
Cannot pair via Bluetooth.	◦ Ensure headphones are in pairing mode (LED flashing blue/red). ◦ Turn off and on Bluetooth on your device. ◦ Forget "Glamore HBT002" from your device's Bluetooth list and try pairing again. ◦ Ensure headphones are within 33 feet (10 meters) of your device.
No sound or low volume.	◦ Check volume levels on both headphones and your connected device. ◦ Ensure headphones are properly paired or the 3.5mm cable is securely connected. ◦ Try playing audio from a different source or device.
Active Noise Cancellation (ANC) is not effective.	◦ Ensure ANC is enabled (press the N button). ◦ Check that the earcups form a good seal around your ears. Adjust the headband for a snug fit. ◦ ANC is most effective against low-frequency, constant noises.
Call quality is poor.	◦ Ensure the microphone is not obstructed. ◦ Move to a quieter environment if possible. ◦ Check Bluetooth connection stability.
