2. SAFETY INFORMATION

Observe the following safety precautions to prevent injury or damage to the product:

- Read all instructions carefully before assembly.
- Ensure all parts are present and undamaged before beginning assembly.
- Assemble the desk on a soft, clean surface to prevent scratches.
- Do not overtighten screws during assembly, as this may damage the material.
- Keep small parts away from children to avoid choking hazards.
- Do not exceed the maximum weight capacity of the desk (100 lbs).
- Ensure the power cord for the integrated outlets is properly routed and not pinched.
- Avoid spilling liquids directly onto the power outlets or LED light strip.
- Periodically check all connections and fasteners to ensure they remain secure.

3. SETUP & ASSEMBLY

Assembly typically requires two people and takes approximately 1-2 hours. All necessary tools are usually included. Follow the numbered steps provided in your packaging for detailed assembly instructions.

3.1 Unpacking and Part Identification

Carefully unpack all components and lay them out on a protected surface. Refer to the parts list in your package to identify each piece. Ensure all hardware (screws, bolts, etc.) is accounted for.

3.2 Frame Assembly

Begin by assembling the metal frame components. Attach the main support beams to the leg frames using the provided screws. Do not fully tighten screws until all frame pieces are loosely connected.

3.3 Desktop Panel Installation

Once the frame is stable, carefully place the desktop panels onto the frame. Secure them using the designated screws. Ensure the L-shape orientation is correct for your desired setup.

3.4 Monitor Stand and Storage Shelf Attachment

Attach the monitor stand to the main desktop panel. Install the open storage shelves on the side frame. The

headphone hook can be attached to the side of the desk as desired.

4. OPERATING INSTRUCTIONS

4.1 LED Lighting System

The integrated LED lighting system offers various modes and colors. It can be controlled via a smart controller or a dedicated app (if applicable, refer to specific instructions in your package for app details).

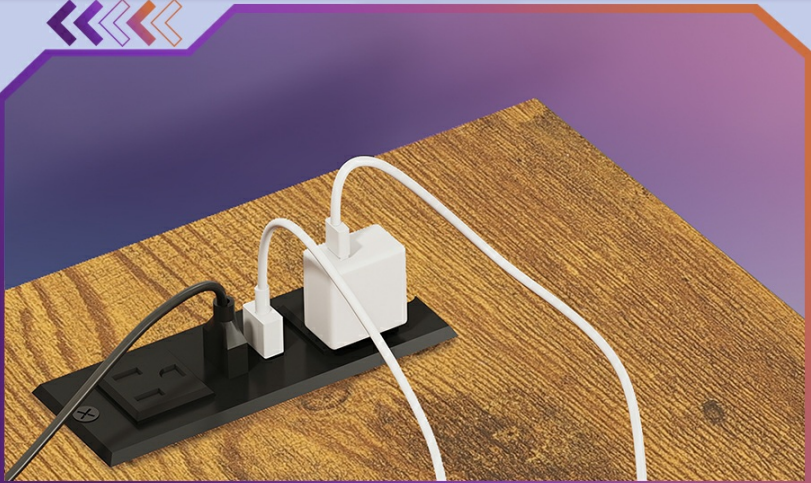

- **Power On/Off:** Single short press the controller button to turn on. Long press for 3 seconds to turn off.
- **Change Light Color/Mode:** Single short press (again) to cycle through 31 light modes and colors.
- **Music Sync:** Some models support music rhythm synchronization. Refer to the specific LED controller instructions for activation.
- **Timer Functions:** Some models include timer functions for automatic shut-off. Refer to the specific LED controller instructions.

4.2 Power Outlets

The desk includes a recessed power strip with 2 AC outlets (125V/12A) and 2 USB ports (5V/2.1A). Plug the desk's main power cord into a wall outlet. You can then plug your devices directly into the desk's integrated outlets for convenient power access.

- Do not overload the power strip. Ensure the total wattage of connected devices does not exceed the strip's capacity.
- Use the USB ports for charging compatible devices.

4.3 Storage Drawers and Shelves

Utilize the three fabric drawers for organizing office supplies, gaming accessories, or personal items. The bottom drawer is designed with rails for hanging A4/legal size file folders. The open storage shelves provide space for a CPU tower, books, or decorative items. The headphone hook keeps your headset easily accessible.

5. MAINTENANCE

- **Cleaning:** Wipe the desk surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that may damage the finish.
- **Dusting:** Regularly dust the desk and LED light strip to maintain optimal appearance and function.
- **Fasteners:** Periodically check all screws and bolts to ensure they are tight. Retighten if necessary to maintain desk stability.
- **Electrical Components:** Keep the power outlets and LED light strip dry. If any electrical component appears damaged, discontinue use and contact support.

6. TROUBLESHOOTING

6.1 Desk is Wobbly

- Ensure all assembly screws are fully tightened.
- Adjust the non-slip footpads on the bottom of the legs to compensate for uneven flooring.

6.2 LED Lights Not Working

- Check if the desk's main power cord is securely plugged into a functional wall outlet.
- Ensure the LED light strip's connector is properly attached to its power source.
- Verify the smart controller is functioning correctly and not damaged.
- Try pressing the power button on the controller.

6.3 Power Outlets Not Providing Power

- Confirm the desk's main power cord is securely plugged into a functional wall outlet.
- Check if the wall outlet itself is working by plugging in another device.
- Ensure the power strip is properly seated in its desktop slot and its internal connections are secure.
- Avoid overloading the power strip with too many high-wattage devices.

6.4 Drawers Do Not Slide Smoothly

- Ensure the fabric drawers are correctly assembled and inserted into their slots.
- Check for any obstructions within the drawer cabinet.
