Paladone 14663

Paladone Fortnite Peely and Fishstick Heat Change Mug Instruction Manual

Model: 14663

Introduction

This manual provides instructions for the proper use and care of your Paladone Fortnite Peely and Fishstick Heat Change Mug. This officially licensed ceramic mug features a heat-sensitive design that transforms when a hot beverage is added. Please read these instructions carefully before first use.

Setup

Before using your new mug, please follow these steps:

1. **Unboxing:** Carefully remove the mug from its packaging. Inspect the mug for any visible damage.
2. **Initial Cleaning:** Wash the mug thoroughly by hand with warm, soapy water before its first use. Rinse completely and dry.

Operating Instructions

The Fortnite Heat Change Mug is designed to reveal a dynamic graphic when exposed to heat.

1. **Prepare Your Beverage:** Heat your desired beverage (coffee, tea, hot chocolate, etc.) to a hot temperature.
2. **Pour into Mug:** Carefully pour the hot beverage into the mug.
3. **Observe Transformation:** As the mug heats up, the design featuring Peely and Fishstick will gradually change, revealing a new scene.
4. **Cool Down:** As the mug cools, the design will revert to its original state.

Maintenance

To ensure the longevity of your heat-change mug and its unique design, proper care is essential.

- **Hand Wash Only:** This mug is **not** dishwasher safe. Wash by hand using warm water and mild dish soap.
- **Avoid Abrasives:** Do not use abrasive cleaners or scouring pads, as these can damage the heat-sensitive coating.
- **Microwave Use:** The mug is generally safe for microwave use, but prolonged heating may affect the heat-change properties over time. Use with caution.
- **Storage:** Store the mug in a dry place when not in use.

Troubleshooting

If you encounter issues with your heat change mug, consider the following:

- **Design Not Changing:** Ensure the liquid poured into the mug is sufficiently hot. The heat-change effect requires a significant temperature difference.
- **Fading Design:** Repeated exposure to very high temperatures (e.g., in a dishwasher) or harsh cleaning agents can cause the heat-sensitive coating to degrade over time. Always hand wash.
- **Physical Damage:** Ceramic mugs are fragile. Avoid dropping or subjecting the mug to sudden impacts, which can cause chips or cracks.

Specifications

Brand	Paladone
Model Number	14663
Capacity	350 Milliliters (approximately 11.8 fl oz)
Material	Ceramic
Special Feature	Heat Reveal Technology
Product Care	Hand Wash Only
Dimensions	4.96"W x 9"H *(Note: Please refer to actual product for precise dimensions, as 9"H may refer to packaging.)*
Item Weight	5.6 ounces
