

QUALIAZERO 50L/13 Gallon Stainless Steel Step-On Trash Can (ASIN: B0F8SHTYQJ)

QUALIAZERO 50L / 13 Gallon Stainless Steel Step-On Kitchen Trash Can

User Manual - Model: 50L/13 Gallon Stainless Steel Step-On Trash Can (ASIN: B0F8SHTYQJ)

INTRODUCTION

Thank you for choosing the QUALIAZERO 50L / 13 Gallon Stainless Steel Step-On Kitchen Trash Can. This manual provides essential information for the proper setup, operation, maintenance, and troubleshooting of your new trash can. Designed for convenience and durability, this unit features a soft-close lid, fingerprint-resistant finish, and a removable inner liner, making it an ideal solution for home, office, or commercial use.

PRODUCT FEATURES

- **Large 50L (13 Gallon) Capacity:** Accommodates standard tall kitchen trash bags, offering ample space while maintaining a slim profile suitable for various environments.
- **Hands-Free Step Pedal:** Ensures hygienic, touchless operation with a robust and durable foot pedal mechanism.
- **Soft-Close Lid:** The lid closes quietly and smoothly, preventing slamming and helping to seal in odors for a fresher kitchen or space.
- **Fingerprint-Resistant Stainless Steel:** Features a smudge-proof finish that keeps the exterior clean and modern with minimal effort.
- **Removable Inner Liner:** Includes a durable inner bucket that can be easily removed for quick, neat, and hassle-free bag changes and cleaning.

SETUP INSTRUCTIONS

1. Unpacking

Carefully remove the trash can from its packaging. Inspect the unit for any signs of damage during transit. Ensure all components, including the main body, lid, and inner liner, are present and intact.

2. Liner Installation

1. Lift the lid of the trash can.
2. Carefully remove the black plastic inner liner bucket from the main stainless steel body.
3. Place a standard 13-gallon tall kitchen trash bag into the inner liner, ensuring the top edges of the bag are folded over the rim of the liner to secure it.
4. Gently lower the filled inner liner back into the stainless steel body. Ensure it sits flush and stable.
5. Close the lid.

OPERATING INSTRUCTIONS

Step-On Pedal Operation

To open the lid, simply step firmly on the foot pedal located at the base of the trash can. The lid will lift smoothly. Release the pedal to allow the lid to close gently due to the soft-close mechanism.

Image: Close-up of the step-on pedal.

Soft-Close Lid

The integrated soft-close mechanism ensures the lid descends slowly and silently after the pedal is released. This feature prevents abrupt closures and extends the lifespan of the unit.

MAINTENANCE

Cleaning the Exterior

To maintain the fingerprint-resistant stainless steel finish, wipe the exterior with a soft, damp cloth and a mild, non-abrasive cleaner. Dry immediately with a clean, soft cloth to prevent water spots. Avoid using harsh chemicals, abrasive pads, or steel wool, as these can damage the finish.

Cleaning the Inner Liner

The removable inner liner can be washed with soap and water. Rinse thoroughly and ensure it is completely dry before placing it back into the trash can body.

TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Lid does not open fully or gets stuck.	Obstruction around the lid or pedal mechanism.	Check for any debris or objects blocking the lid's path or the pedal. Clear any obstructions.
Lid does not close softly.	Soft-close mechanism may be dirty or damaged.	Ensure the soft-close mechanism is clean. If still an issue, contact customer support.
Unpleasant odors persist.	Inner liner needs cleaning or trash bag is full.	Empty the trash bag and clean the inner liner thoroughly. Consider using odor-absorbing products.
Trash can slides on floor.	Surface is too smooth or feet are dirty.	Clean the bottom of the trash can and the floor. Place on a non-slip mat if necessary.
