## SETUP AND ASSEMBLY

The Furinno Shaker Wall Kitchen Cabinet features an innovative Camlock system for fast and hassle-free assembly and wall installation. Follow the step-by-step instructions provided in the included hardware pack for optimal results.

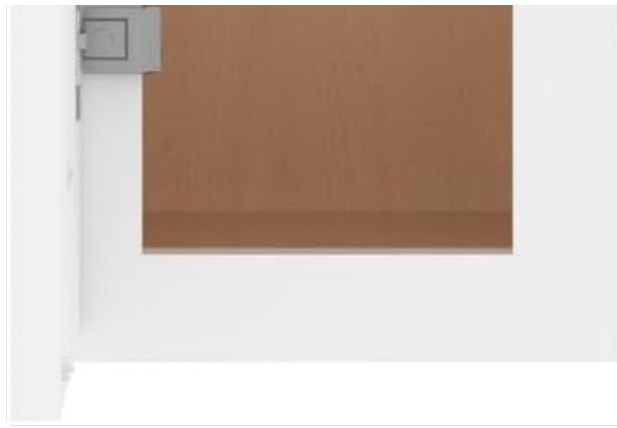

- 1. Unpack and Identify Parts:** Carefully remove all components from the packaging. Lay them out on a clean, soft surface to prevent scratches. Refer to the parts list in your hardware pack to identify each piece.
- 2. Assemble Cabinet Frame:** Connect the side panels to the top and bottom panels using the camlock system. Insert cam bolts into pre-drilled holes and secure with cam locks. Ensure all connections are tight.
- 3. Install Shelves:** Insert the fixed shelf into its designated slots. For adjustable shelves, use the provided shelf pins to set them at your desired height.
- 4. Attach Door:** Mount the door using the European style 6-way adjustable soft-close hinges. Ensure the door aligns properly and closes smoothly.
- 5. Install Wall Mounting Hardware:** Secure the wall mounting brackets to the back of the cabinet. Refer to the hardware pack for specific instructions on bracket placement and screw types.
- 6. Mount Cabinet to Wall:** With assistance, lift the cabinet and align it with pre-marked wall studs or appropriate wall anchors. Secure the cabinet to the wall using the provided screws, ensuring it is level and stable.

## OPERATING THE CABINET

---

Your Furinno Shaker Wall Kitchen Cabinet is designed for convenient storage in various rooms.

- **Door Operation:** The cabinet features a single door equipped with soft-close hinges. This mechanism allows the door to close gently and quietly, preventing slamming.
- **Shelf Adjustment:** The interior shelves are adjustable, allowing you to customize the storage space to fit items of different heights. To adjust, remove items from the shelf, lift the shelf, reposition the shelf pins to the desired height, and then place the shelf back on the pins.
- **Storage Capacity:** The cabinet provides ample space for items such as crockery, kitchenware, medicine, or tea and coffee bar supplies.

## MAINTENANCE

---

Proper care will ensure the longevity and appearance of your cabinet.

- **Cleaning:** Wipe clean with a clean, dry cloth. For stubborn marks, a slightly damp cloth can be used, followed immediately by a dry cloth.

- **Avoid Harsh Chemicals:** Do not use abrasive cleaners, strong detergents, or chemicals, as these can damage the painted finish and engineered wood.
- **Scratch Resistance:** The interior is coated for scratch resistance, but care should still be taken when placing or removing items.

## TROUBLESHOOTING

---

If you encounter any issues with your cabinet, refer to the following common solutions:

- **Wobbly Cabinet:** Ensure all camlocks and screws are fully tightened. If wall-mounted, verify that the mounting hardware is securely fastened to the wall studs or appropriate anchors.
- **Door Misalignment:** The European style hinges are 6-way adjustable. Use a screwdriver to make small adjustments to the hinge screws to align the door horizontally, vertically, or for depth.
- **Door Not Closing Softly:** Check the soft-close mechanism on the hinges for any obstructions. Ensure hinges are properly installed and tightened.
- **Damaged Parts:** If any part is damaged during assembly or use, please contact Furinno customer support for replacement parts.

## WARRANTY
