

COMFIER CF-2209

COMFIER Shiatsu Neck & Back Massager with Heat (Model CF-2209) - Instruction Manual

Your guide to safe and effective use

1. INTRODUCTION

Thank you for choosing the COMFIER Shiatsu Neck & Back Massager with Heat, Model CF-2209. This device is designed to provide a relaxing and therapeutic massage experience for your neck, back, waist, and hips. Please read this manual thoroughly before operating the device to ensure safe and optimal performance. Keep this manual for future reference.

2. IMPORTANT SAFETY INSTRUCTIONS

WARNING: To reduce the risk of burns, fire, electric shock, or injury to persons:

- Always unplug the appliance from the electrical outlet immediately after using and before cleaning.
- Do not use while bathing or in a shower.
- Do not place or store appliance where it can fall or be pulled into a tub or sink.
- Do not place in or drop into water or other liquid.
- Never use pins or other metallic fasteners with this appliance.
- Close supervision is necessary when this appliance is used by, on, or near children, invalids, or disabled persons.
- Use this appliance only for its intended use as described in this manual. Do not use attachments not recommended by the manufacturer.
- Never operate this appliance if it has a damaged cord or plug, if it is not working properly, if it has been dropped or damaged, or dropped into water. Return the appliance to a service center for examination and repair.
- Keep the cord away from heated surfaces.
- Never use while sleeping or drowsy.
- Never drop or insert any object into any opening.
- Do not operate where aerosol (spray) products are being used or where oxygen is being administered.

- Do not use on swollen, inflamed, or injured areas of the body.
- Do not use for more than 15 minutes at a time. Extended use may lead to overheating and shorten product life.
- Consult your doctor before using if you are pregnant, have a pacemaker, or any serious medical condition.

3. PRODUCT FEATURES

The COMFIER Shiatsu Neck & Back Massager with Heat (CF-2209) offers a comprehensive massage experience with the following features:

- **Full Back Massage:** Delivers deep tissue relief from neck to hip with 4D kneading massage nodes.
- **Adjustable Neck Massager:** Neck nodes move vertically to accommodate users of various heights, ensuring proper positioning.
- **Soothing Heat Function:** Optional gentle warmth spreads across the back, improving circulation and enhancing comfort. Features 2 heating levels (122°F ~ 131°F).
- **Compression Massage:** Three levels of rhythmic air compression target the waist and hips to relieve stiffness.
- **Seat Vibration:** Three vibration modes refresh hips and thighs, reducing fatigue.
- **Spot & Zone Options:** Allows selection of full, upper, or lower back massage, or a specific spot for targeted relief.
- **Ergonomic S-Shape Design:** Conforms naturally to the back for optimal comfort and massage effectiveness.
- **Safety Features:** Includes a 15-minute auto shut-off and overheating protection.

4. PACKAGE CONTENTS

Please check the package for the following items:

- COMFIER Shiatsu Neck & Back Massager (Model CF-2209)
- Remote Control

- Power Adapter
- Instruction Manual

5. SETUP INSTRUCTIONS

1. **Unpack:** Carefully remove all components from the packaging.
2. **Position the Massager:** Place the massager on a sturdy chair with a backrest. Ensure the massager is securely positioned and will not slip during use. The massager is designed to fit most chairs, including office chairs and recliners.
3. **Connect Power:** Insert the power adapter into the designated port on the massager. Plug the other end of the power adapter into a standard electrical outlet (110-240V).
4. **Remote Control:** The remote control is tethered to the massager for easy access during operation.

6. OPERATING INSTRUCTIONS

Use the attached remote control to operate the massager. Familiarize yourself with the buttons and their functions:

- **Power Button:** Turns the massager ON/OFF.
- **Neck Massage Button:** Activates/deactivates neck shiatsu massage. Press again to change rotation direction.

- **Neck Height Adjustment:** Use the up/down arrows to adjust the height of the neck massage nodes to fit your stature.
- **Back Massage Button:** Activates/deactivates back shiatsu massage. Select full back, upper back, or lower back.
- **Spot Massage Button:** Allows you to pinpoint a specific area for back massage.
- **Heat Button:** Turns the soothing heat function ON/OFF for the back.
- **Compression Button:** Activates/deactivates waist and hip air compression massage. Press to cycle through 3 intensity levels.
- **Vibration Button:** Activates/deactivates seat vibration. Press to cycle through 3 vibration modes.

Usage Tips:

- Start with a lower intensity setting and gradually increase as desired.
- The massager has a 15-minute auto shut-off feature for safety. If you wish to continue, simply restart the device.
- For a softer massage, place a towel or blanket between your body and the massager.

7. MAINTENANCE AND CARE

Proper maintenance ensures the longevity and hygiene of your massager.

- **Cleaning:** Disconnect the massager from the power outlet before cleaning. Wipe the surface with a soft, slightly damp cloth. Do not use abrasive cleaners, brushes, gasoline, kerosene, glass furniture polish, or paint thinner.

- **Storage:** When not in use, store the massager in a cool, dry place, away from direct sunlight and moisture. Avoid placing heavy objects on the massager.
- **Avoid Sharp Objects:** Keep the massager away from sharp objects to prevent damage to the fabric.

8. TROUBLESHOOTING

If you encounter any issues with your massager, please refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Massager does not turn on.	Power cord not properly connected or no power from outlet.	Ensure the power adapter is securely plugged into both the massager and a functional electrical outlet. Test the outlet with another device.
Massage feels too strong or uncomfortable.	Direct contact with massage nodes or high intensity setting.	Place a towel or blanket between your body and the massager. Reduce the intensity setting using the remote control.
Heat function is not noticeable.	Heat function not activated or insufficient time for warming.	Ensure the heat button is pressed. Allow 5-10 minutes for the heat to fully develop. The heat is designed to be gentle.
Unusual noises during operation.	Internal malfunction.	Discontinue use immediately and contact customer support.

If the problem persists after trying these solutions, please contact COMFIER customer support.

9. SPECIFICATIONS
