2. SAFETY INFORMATION

To ensure safe operation and prevent injury or damage, please observe the following safety guidelines:

- Ensure all parts are properly secured before use.
- Do not allow children to play on, with, or around the cart.
- Use caution when moving the island on uneven surfaces to prevent tipping.
- Be careful around sharp edges during assembly and use.
- Do not overload shelves or drawers. Refer to the specifications for weight limits.
- Always lock the wheels when the island is stationary to prevent accidental movement.
- When using the power outlet, ensure appliances do not exceed the 1500W capacity.

3. PACKAGE CONTENTS

Before beginning assembly, please verify that all components are present and undamaged. Refer to the packing list included in your product packaging for a detailed inventory of parts and hardware. If any parts are missing or damaged, please contact customer support.

4. ASSEMBLY INSTRUCTIONS

The ONBRILL Mobile Kitchen Island requires assembly. Each part is marked with a letter or number for easy identification. Follow the step-by-step instructions provided in the included assembly manual. An electric drill may assist with assembly, but exercise caution to avoid damaging components.

Estimated Assembly Time: Approximately 3-6 hours, depending on experience and assistance.

5. OPERATING INSTRUCTIONS

5.1 Storage and Organization

The kitchen island features two large storage cabinets and two large drawers, designed to accommodate various kitchen items such as tableware, kitchenware, spices, and utensils. The spacious countertop and flexible shelves provide ample storage.

- **Adjustable Shelves:** The internal shelves within the cabinets can be adjusted to different heights to suit your storage needs. To adjust, remove the shelf, reposition the shelf pins, and reinsert the shelf.
- **Spice Rack & Towel Rack:** Conveniently located on both sides of the island for easy access to spices and towels. The knife holder is integrated for safe storage of knives.

5.2 Mobility and Stability

The island is equipped with five metal universal wheels, including one in the middle for enhanced stability. Four of these wheels are lockable, providing both flexibility and stability.

- **Moving the Island:** To move the island, ensure all four lockable wheels are in the unlocked position. Gently push the island to your desired location.
- **Securing the Island:** To stabilize the island, engage the brakes on all four lockable wheels. This will prevent unintended movement during use.

5.3 Power Outlet Usage

The island features a multipurpose power outlet with 2 USB ports and 3-hole sockets. This allows for convenient charging of devices and powering of small kitchen appliances.

- **Specifications:** The power outlet supports 120V/12A (2 AC Outlets) and 9V/2A (1 USB Port). The total capacity is 1500W.
- **Usage:** Plug in coffee makers, toasters, blenders, or charge your phone and tablet directly from the island. Do not exceed the maximum wattage.

6. MAINTENANCE

Proper maintenance will extend the life and appearance of your ONBRILL Mobile Kitchen Island.

- **Cleaning:** The worktop is made of high-quality MDF wood with a surface treatment, making it easy to clean. Wipe surfaces with a soft, damp cloth and mild detergent. Avoid abrasive cleaners or harsh chemicals.
- **Spills:** Wipe up spills immediately to prevent staining or damage to the wood finish.
- **Hardware:** Periodically check all screws and fasteners to ensure they are tight. Retighten if necessary.
- **Power Outlet:** Keep the power outlet clean and dry. Do not expose it to liquids.

7. TROUBLESHOOTING

This section addresses common issues you might encounter.

Problem	Possible Cause	Solution
Island is wobbly or unstable.	Loose fasteners; uneven floor; wheels not locked.	Ensure all screws are tightened. Adjust the island's position on an even surface. Lock all four universal wheels.
Drawers do not slide smoothly.	Improper assembly of drawer slides; obstruction.	Check assembly of drawer slides. Ensure no items are obstructing the drawer's path.
Power outlet not working.	Not plugged into wall; circuit breaker tripped; appliance exceeding wattage.	Ensure the island's power cord is securely plugged into a functional wall outlet. Check your home's circuit breaker. Verify the appliance's wattage does not exceed 1500W.
Doors are misaligned.	Hinges not properly adjusted.	Adjust the door hinges according to the assembly manual to align them correctly.

If you encounter issues not listed here or require further assistance, please contact ONBRILL customer support.
