leejdn 808

leejdn Makeup Vanity Desk with Mirror and Lights

MODEL: 808

User Manual

Introduction

This user manual provides detailed instructions for the assembly, operation, and maintenance of your leejdn Makeup Vanity Desk with Mirror and Lights. Designed for convenience and functionality, this vanity desk features a dimmable LED mirror, integrated power outlets, and ample storage. Please read this manual thoroughly before beginning assembly or operation to ensure proper use and longevity of your product.

Setup and Assembly

The leejdn Makeup Vanity Desk requires self-assembly. All necessary hardware and clear, concise instructions are included to facilitate a straightforward assembly process. It is recommended to assemble the desk in the room where it will be used.

Flexible Placement Options

This vanity desk offers flexible configuration options, allowing you to adjust its layout to best suit your space and needs. The separate six-drawer cabinet can be positioned on either the left or right side of the main vanity unit, enabling both "L" shape and straight-line placements.

Two placement methods

Flexible vanity table provide a practical grooming experience

On the left or on the right

Operating Instructions

LED Mirror Operation

The integrated mirror features dimmable LED lighting with three distinct color modes to optimize your makeup application under various lighting conditions:

- **Cold Light:** Provides bright, clear illumination suitable for detailed work.
- **Warm Light:** Offers a softer, more natural glow, ideal for everyday makeup.
- **Warm Yellow Light:** Creates a cozy ambiance, perfect for evening looks.

To switch between light colors, simply **touch the on/off button** on the mirror. To adjust the brightness, **long press the on/off button** until the desired brightness level is achieved.

Built-in Power Strip

The vanity desk is equipped with a convenient power strip, featuring:

- 2 Standard AC Plug Sockets (125V/12A)
- 1 USB Port (5V/2A)
- 1 Type-C Port (PD20W)

This allows for easy connection of LED lights, hairdryers, curling irons, and charging of mobile devices, tablets, or other electronics directly at your vanity. The power cord is 4.9 feet long.

Fast charging station

Drawer Operation and Storage

The vanity desk features multiple drawers designed for efficient organization. The drawers are equipped with smooth metal slides on ball bearings, ensuring effortless pushing and pulling. This design allows drawers to be fully extended for easy access to contents and minimizes noise during operation (below 40 dB).

Powerful storage capacity

Maximize storage in limited space and enhance convenience.

Maintenance

To maintain the appearance and longevity of your leejdn Makeup Vanity Desk, follow these simple care instructions:

- **Cleaning:** Wipe the surfaces with a dry cloth. For stubborn marks, a lightly damp cloth can be used, followed immediately by a dry cloth to prevent moisture damage.
- **Avoid Harsh Chemicals:** Do not use abrasive cleaners, solvents, or polishes that may damage the finish.
- **Spills:** Promptly clean any spills to prevent staining or damage to the engineered wood and PVC finish.
- **Drawer Slides:** Periodically check and clean the metal drawer slides to ensure smooth operation. Avoid applying excessive force when opening or closing drawers.

Troubleshooting

This section addresses common issues you might encounter with your vanity desk. If you experience problems not

covered here, please contact customer support.

Problem	Possible Cause	Solution
LED Mirror Lights Not Working	Power cord not properly connected; power outlet issue; light switch malfunction.	Ensure the power cord is securely plugged into a working outlet. Check if the power strip is on. If the issue persists, contact customer support.
Drawers are Sticking or Difficult to Open/Close	Obstruction in the drawer slide; debris on the slides; misaligned drawer.	Remove all items from the drawer. Inspect the metal slides for any obstructions or debris and clean if necessary. Gently push the drawer back into place to ensure proper alignment.
Power Outlets Not Providing Power	Power strip not connected; circuit breaker tripped; device malfunction.	Verify the vanity desk's main power cord is plugged into a live wall outlet. Check your home's circuit breaker. Test the device you are trying to power with another outlet.

Specifications
