2. IMPORTANT SAFETY INFORMATION

WARNING: Failure to follow these safety instructions may result in injury or damage to the product.

- Always assemble the vanity desk on a stable, level surface.
- Ensure all parts are securely fastened before use.
- This product weighs approximately 52 pounds and may tip over if not properly assembled or overloaded. Exercise caution when moving.
- Keep the area around the vanity desk clear to prevent tripping hazards.
- Do not exceed the weight capacity of drawers or shelves.
- Keep electrical components (power strip, LED lights) away from water.

3. PACKAGE CONTENTS

Before assembly, verify that all components are present and undamaged. If any parts are missing or damaged, please contact customer support.

- Vanity Desk Panels (various sizes)
- Mirror with Integrated LED Lights
- Drawer Components (fronts, sides, backs, bottoms)
- Metal Drawer Slides
- Drawer Handles
- Power Strip (with 2 AC outlets, 1 USB, 1 Type-C port)
- Pegboard and Hooks
- Assembly Hardware (screws, dowels, cam locks, etc.)
- Instruction Manual

4. SETUP AND ASSEMBLY INSTRUCTIONS

The leejdn Model 808 Vanity Desk requires self-assembly. Clear and concise instructions are provided with the product. It is recommended to assemble the unit in the room where it will be used.

4.1. General Assembly Tips

- Lay out all parts on a clean, soft surface to prevent scratches.
- Identify all hardware components before starting.
- Do not overtighten screws during initial assembly; tighten fully once the structure is stable.
- Two people are recommended for assembly, especially when handling the mirror and larger panels.

4.2. Flexible Placement Options

This vanity desk offers flexible configuration to suit your space. The separate six-drawer cabinet can be positioned to the left or right of the main vanity unit, allowing for either an 'L' shape or a straight alignment.

6. MAINTENANCE AND CARE

To ensure the longevity and appearance of your leejdn Makeup Vanity Desk, follow these care instructions:

- **Cleaning:** Wipe surfaces with a dry cloth. For stubborn marks, a slightly damp cloth can be used, followed immediately by a dry cloth. Avoid abrasive cleaners or harsh chemicals.
- **Spills:** Clean up spills immediately to prevent staining or damage to the engineered wood finish.
- **Drawer Slides:** Periodically check drawer slides for smooth operation. If they become stiff, a small amount of silicone lubricant can be applied.
- **Hardware:** Occasionally check and tighten any loose screws or fittings to maintain stability.
- **Mirror:** Clean the mirror with a glass cleaner and a soft, lint-free cloth.

7. TROUBLESHOOTING

This section addresses common issues you might encounter with your vanity desk.

7.1. Assembly Challenges

If you encounter difficulties during assembly, such as misaligned drawer rails or unclear steps:

- Review the instruction manual diagrams carefully.
- Ensure all parts are oriented correctly before tightening screws. Drawer rail brackets are a common point of error; double-check their direction.
- If a part seems difficult to fit, do not force it. Re-examine the steps.

7.2. LED Mirror Lights Seem Dim

The LED mirror lights have adjustable brightness. If they appear dim:

- Long press the on/off button on the mirror to increase the brightness.
- Ensure the vanity is connected to a functioning power outlet.

7.3. Drawers Not Aligning or Sticking

If drawers are difficult to close or appear misaligned:

- Check that the drawer slides are installed correctly and are not bent.
- Ensure the drawer box itself is assembled squarely.
- Verify that the vanity desk is on a level surface. Uneven flooring can cause slight misalignment.
- Adjust the drawer front if it has adjustable mounting hardware.
