leejdn 808

leejdn Large Makeup Vanity Desk User Manual

Model: 808

PRODUCT OVERVIEW

The leejdn Large Makeup Vanity Desk is designed to provide a comprehensive and organized space for your beauty routine. This versatile vanity features a large mirror with adjustable LED lighting, ample storage with multiple drawers and shelves, and a convenient built-in power strip for all your electronic devices. Its flexible design allows for various configurations to suit your space and needs.

SETUP AND ASSEMBLY

This vanity desk requires self-assembly. The package includes all necessary hardware and clear, concise instructions to guide you through the process. It is recommended to assemble the unit in the room where it will be used due to its size and weight.

Before You Begin

- Verify all parts are present by checking against the included parts list.
- Ensure you have adequate space for assembly.
- Have a Phillips head screwdriver and a hammer ready (tools not included).

- Consider having a second person assist with assembly, especially for larger components.

Assembly Tips

- Follow the step-by-step instructions provided in the assembly manual.
- Do not overtighten screws to avoid damaging the engineered wood.
- For the metal slides, ensure they are installed correctly for smooth drawer operation.

OPERATING INSTRUCTIONS

Mirror Lighting Control

The vanity mirror features a dimmable LED light with three color modes:

- **Natural Light:** Provides a balanced, daylight-like illumination.
- **Warm Light:** Offers a softer, yellowish glow, ideal for evening makeup.
- **Cool Light:** A brighter, bluish-white light, suitable for detailed tasks.

To adjust the light:

1. **Change Color Mode:**

Touch the on/off button located on the mirror surface to cycle through the three color modes.

2. **Adjust Brightness:**

Long press the on/off button to dim or brighten the light to your desired intensity. Release the button when the desired brightness is reached.

Mirror with three lighting modes

Touch the on/off button to adjust the light color

Using the Built-in Power Strip

The vanity desk is equipped with a power strip for convenient access to power for your devices. It includes:

- 2 Standard AC Plug Sockets (125V/12A)
- 1 USB Port (5V/2A)
- 1 Type-C Port (PD20W)

Plug the vanity's main power cord into a wall outlet. You can then use the integrated power strip to power your LED lights, hairdryer, curling iron, or charge your phone, tablet, and other electronics.

Fast charging station

Storage and Organization

The vanity desk offers extensive storage options:

- **Drawers:** Multiple drawers provide concealed storage for cosmetics, skincare, jewelry, and other items. The metal slides ensure smooth operation.
- **Storage Shelves:** Open shelves around the mirror and within the leg area offer easy access to frequently used

items.

- **Leg-Area Pegboard:** A double-sided pegboard in the leg area allows for customizable storage of hair utensils, accessories, or small tools. It can be installed with the pegboard facing inward or outward.

Powerful storage capacity

Maximize storage in limited space and enhance convenience.

Flexible Placement Options

The design of the vanity allows for flexible configuration to fit your space:

- **"L" Placement:** The separate six-drawer cabinet can be positioned to form an L-shape with the main vanity unit, ideal for corner spaces or creating a larger workspace.
- **Straight Placement:** The cabinet can also be placed directly alongside the main vanity unit, extending the length of the desk.
- **Adjustable Position:** The separate cabinet can be moved left or right relative to the main vanity to best suit your room layout.

Two placement methods

Flexible vanity table provide a practical grooming experience

On the left or on the right

MAINTENANCE AND CARE

To ensure the longevity and appearance of your leejdn Makeup Vanity Desk, follow these care instructions:

- **Cleaning:** Wipe the surface with a dry cloth. For stubborn marks, a slightly damp cloth can be used, followed immediately by a dry cloth. Avoid abrasive cleaners or harsh chemicals.
- **Spills:** Clean up spills immediately to prevent staining or damage to the finish.
- **Heat and Moisture:** Avoid placing hot items directly on the surface. Protect the vanity from excessive moisture and direct sunlight.
- **Drawer Slides:** The metal slides are designed for smooth operation. If they become stiff, a silicone-based lubricant can be applied sparingly.

- **Mirror:** Clean the mirror with a standard glass cleaner and a soft, lint-free cloth.

TROUBLESHOOTING

Problem	Possible Cause	Solution
LED mirror light does not turn on.	Power cord not plugged in; loose connection; power outlet issue.	Ensure the vanity's power cord is securely plugged into a working wall outlet. Check connections to the mirror light. Test the outlet with another device.
Drawers are stiff or do not slide smoothly.	Improper installation of metal slides; debris in slides; overtightened screws.	Check that the metal slides are installed correctly and aligned. Clean any debris from the slide tracks. Loosen screws slightly if overtightened. Apply a silicone lubricant if needed.
Vanity feels wobbly after assembly.	Screws not fully tightened; uneven floor.	Carefully re-tighten all assembly screws. Ensure the vanity is on a level surface; use shims if necessary.
Power strip outlets are not working.	Vanity's main power cord not plugged in; power strip overload.	Verify the main power cord is plugged in. Check if too many high-power devices are connected, causing an overload. Unplug and replug devices.
