› Feob HX100N2 Magnetic Portable Charger User Manual - 10800mAh Qi2 15W Wireless Power Bank with Apple Watch Charger and 30W PD USB-C

## Feob HX100N2

# Feob HX100N2 Magnetic Portable Charger User Manual

Model: HX100N2

## INTRODUCTION

---

Thank you for choosing the Feob HX100N2 Magnetic Portable Charger. This device is designed to provide convenient and efficient power for your Apple devices, including iPhones with MagSafe compatibility, Apple Watches, and other USB-C powered devices. Featuring a 10800mAh capacity, Qi2 15W wireless charging, and 30W PD wired fast charging, it ensures your devices stay powered throughout your day.

Please read this manual thoroughly to understand the product's features, setup, and operation, ensuring optimal performance and longevity.

## WHAT'S IN THE BOX

---

- 1 x Feob Magnetic Portable Charger (HX100N2)
- 1 x Charging Cable (USB-C to USB-C)
- 1 x User Manual

This image displays the Feob magnetic portable charger in use, magnetically attached to the back of an iPhone, with an Apple Watch placed on its dedicated charging pad. The charger's digital display shows '100%', indicating a full charge.

## PRODUCT OVERVIEW

---

The Feob HX100N2 features a compact design with multiple charging interfaces and an intuitive digital display.

- **Magnetic Wireless Charging Surface:** For MagSafe-compatible iPhones.
- **Apple Watch Charging Pad:** Integrated pad for wireless charging of Apple Watch.
- **USB-C Input/Output Port:** For charging the power bank or wired charging other devices.
- **Power Button:** Activates the power bank and display.
- **LED Digital Display:** Shows the exact remaining battery percentage.

and more

This image showcases the 10800mAh capacity and compact design of the Feob portable charger. It highlights its dimensions (4.3\*2.75\*0.7 inches), weight (253g), and travel-friendly nature, along with approximate charge cycles for various Apple devices.

## SETUP INSTRUCTIONS

### 1. Initial Charging of the Power Bank

1. Connect the provided USB-C cable to the USB-C port on the power bank.
2. Connect the other end of the USB-C cable to a compatible USB power adapter (not included). For fastest charging, use a 30W PD adapter.
3. The LED digital display will show the charging progress. Charge the power bank fully before first use.

### 2. Compatibility for Wireless Charging

For optimal magnetic wireless charging, ensure your iPhone is MagSafe compatible (iPhone 12 series and newer) and either used without a case or with a MagSafe-compatible case.

## OPERATING INSTRUCTIONS

### 1. Wireless Charging for iPhone (Qi2 15W)

1. Press the power button on the power bank to activate it.
2. Align your MagSafe-compatible iPhone with the magnetic charging surface on the power bank. The magnets will securely attach the phone.
3. Charging will begin automatically. The LED display on the power bank will remain active, and your iPhone will indicate charging.

# Qi2 Certified 15W Magnetic Wireless Fast Charging

2X Faster Charging than Old 7.5W Power Bank

**30 Min**

Charge an iPhone 16 Pro

Feob Qi2 15W Power Bank

**35%**

Old 7.5W Power Bank

**17%**

This image demonstrates the Qi2 15W magnetic wireless fast charging capability. An iPhone is shown receiving a charge from the power bank, with a visual indicator of 75% charged and a comparison showing 2X faster charging than older 7.5W power banks.

## 2. Wireless Charging for Apple Watch (3W)

1. Ensure the power bank is active (press the power button if needed).
2. Place your Apple Watch onto the dedicated charging pad on the power bank.
3. The Apple Watch will indicate that it is charging.

## 3. Wired Charging (30W PD USB-C)

1. Connect one end of the USB-C cable to the power bank's USB-C port.
2. Connect the other end of the USB-C cable to your device (e.g., iPhone, iPad, Android phone).
3. The power bank will automatically detect and begin charging the connected device at up to 30W Power Delivery (PD).

# 10800mAh

## All-Day Power

253g

Travel-friendly

**1.5** times  
iPhone 16 Pro Max

**2** times  
iPhone 16/15/14

**1.2** times  
iPad

**25** times  
Apple Watch S10

This image illustrates the ultra-fast PD 30W wired charging feature. An iPhone is connected to the power bank via a USB-C cable, showing a rapid charge from 0 to 51% in 22 minutes, significantly faster than other traditional chargers.

#### 4. Charging Multiple Devices Simultaneously

The Feob HX100N2 supports charging up to three devices concurrently:

- One iPhone via magnetic wireless charging (15W).
- One Apple Watch via its dedicated wireless charging pad (3W).
- One device via the USB-C port (up to 30W).

# Charge 3 Devices Simultaneously

iPhone  
15W

USB C Output/Input  
30W

iWatch  
3W

This image depicts the ability to charge three devices concurrently. An iPhone is wirelessly charging, an Apple Watch is on its dedicated pad, and a third device is connected via the USB-C port, demonstrating the charger's versatility.

## 5. Checking Battery Level

The integrated LED digital display provides a precise percentage of the remaining battery charge. Press the power button briefly to activate the display.

## MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the surface of the power bank. Avoid liquid cleaners or abrasive materials.
- **Storage:** Store the power bank in a cool, dry place away from direct sunlight and extreme temperatures.
- **Battery Care:** To prolong battery life, fully charge the power bank at least once every three months if not in regular use.
- **Avoid Drops:** Do not drop or subject the power bank to strong impacts.

## TROUBLESHOOTING

**Issue: Power bank is not charging or charging slowly.**

**Solution:** Ensure the charging cable is securely connected to both the power bank and the power adapter. Use a compatible USB-C PD power adapter (30W recommended) and the provided charging cable. Check if the power adapter is functioning correctly.

**Issue: Device is not wirelessly charging.**

**Solution:** Press the power button on the power bank to ensure it is active. Verify that your iPhone is MagSafe compatible and either used without a case or with a MagSafe-compatible case. Ensure the device is properly aligned on the charging surface. Remove any foreign objects between the charger and your device.

**Issue: Power bank or device is overheating during charging.**

**Solution:** Discontinue charging immediately. Ensure the power bank is used in a well-ventilated area. Remove any cases from your device that might impede heat dissipation. Overheating can be a sign of an issue; if it persists, contact customer support.

**Issue: LED digital display is not working.**

**Solution:** Press the power button to activate the display. If it remains unresponsive, the power bank might be fully discharged or require troubleshooting by customer support.

## SPECIFICATIONS

<b>Model Number</b>	HX100N2
<b>Battery Capacity</b>	10800 mAh
<b>Qi2 Wireless Output</b>	15W (for iPhone)
<b>Apple Watch Wireless Output</b>	3W
<b>USB-C Input/Output</b>	30W Power Delivery (PD)
<b>Product Dimensions</b>	4.3 x 2.75 x 0.7 inches
<b>Item Weight</b>	10.2 ounces (221g)
<b>Connectivity Technologies</b>	Magnetic, USB Type C
<b>Special Features</b>	Qi2 Certified 15W Fast Wireless Charging, Magnetic Wireless Charging (iPhone 12-17 series), 10800mAh Large Capacity, 30W PD Wired Fast Charging, Ultra Slim Design

## SAFETY INFORMATION

The Feob HX100N2 Magnetic Portable Charger is equipped with a comprehensive multi-protect safety system to ensure the safety of your devices and the power bank itself. This includes:

- Overdischarge Protection
- Short Circuit Protection
- Overvoltage Protection
- Overcurrent Protection
- Overload Protection
- Temperature Control

Always use the product as directed in this manual. Do not disassemble, modify, or attempt to repair the device. Keep away from water, fire, and high temperatures.

## Two Charging Mode for Simultaneous Use

**Double-sided Magnetic  
Wireless Charging Modes**  
(15W iPhone+3W iWatch)

This image displays the comprehensive multi-protect safety system integrated into the Feob magnetic battery pack. Icons represent protections against overdischarge, short circuit, overvoltage, overcurrent, and overload, ensuring safe operation for connected devices.

## WARRANTY AND SUPPORT

Feob provides a 24-month warranty for this product. Should you encounter any issues or require technical assistance, please do not hesitate to contact our professional support team. We are dedicated to delivering swift and satisfactory solutions for every inquiry.

For support, please refer to the contact information provided on the product packaging or the official Feob website.
