- Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, soft surface to prevent scratches.
- Identify Parts:** Match each component to the parts list in your assembly guide.
- Assemble Frame:** Attach the metal legs to the crossbars using the provided screws. Ensure all connections are secure but do not overtighten until the desk is fully assembled.
- Attach Tabletop:** Carefully place the tabletop onto the assembled frame. Align the pre-drilled holes and secure the tabletop with the appropriate screws.
- Adjust Feet Pads:** Once assembled, adjust the anti-slip feet pads on the bottom of the legs to ensure the desk is stable and level on any surface. This also helps prevent scratching your floor.
