## 1. INTRODUCTION

Thank you for choosing the Linique Full Size Bunk Wood House Bed. This manual provides important information for the safe assembly, operation, and maintenance of your new bunk bed. Please read it thoroughly before beginning assembly and keep it for future reference.

This unique bunk bed features an enchanting castle-themed design with whimsical windows, sills, and a pink tent, blending imaginative playtime with practical organization in vibrant Pink+White finishes. It is constructed from premium solid pine wood and reinforced MDF, ensuring durability and safety for children aged 6 and above.

Figure 1.1: Linique Full Size Bunk Wood House Bed (Pink & White)

This image displays the complete Linique Full Size Bunk Wood House Bed in pink and white, showcasing its house roof design, elegant windows, sills, and the pink tent covering the lower bunk area. A ladder is visible on the right side, leading to the upper bunk.

## 2. SAFETY INFORMATION

**WARNING:** Failure to follow these warnings and instructions could result in serious injury or death.

- Always use the recommended mattress size and thickness to prevent entrapment or falls. For the upper bunk, a mattress thickness of 4-6 inches is recommended.
- Ensure all connections are tight and secure before use. Periodically check and tighten all bolts and fasteners.
- Do not allow children under 6 years of age on the upper bunk.
- Prohibit more than one person on the upper bunk.
- Always use the ladder for entering and exiting the upper bunk. Do not use substitute parts. Contact the manufacturer for replacement parts.

- Do not attach or hang items to any part of the bunk bed that are not designed for use with the bed; for example, but not limited to, hooks, belts, and jump ropes.
- Keep these instructions for future reference.

### 3. PACKAGE CONTENTS

Before beginning assembly, ensure all parts listed below are present and undamaged. If any parts are missing or damaged, do not proceed with assembly. Contact customer support immediately.

The package includes all necessary components for assembly, including pre-drilled holes, clear instructions, and tool kits.

#### Included Components:

- Wood frame components (solid pine wood, reinforced MDF)
- 14 robust slats for mattress support
- Elegant Windows (decorative)
- Pink Tent fabric (for lower bunk enclosure)
- Sills (shelves)
- Ladder components
- Assembly hardware (bolts, screws, nuts, etc.)
- Assembly tools (basic wrench, Allen key)
- Instruction manual

### 4. SETUP & ASSEMBLY

Assembly is required for this product. It is recommended that two adults assemble the bed. Please follow the clear instructions provided in the included assembly guide step-by-step. Do not overtighten screws until instructed.

#### Key Assembly Points:

- **Pre-drilled Holes:** All components come with pre-drilled holes for easy alignment.
- **Ladder Placement:** The ladder can be installed on either the left or right side of the bed, depending on your room layout and needs.
- **Slats:** Ensure all 14 slats are securely fastened to provide adequate mattress support.

SIZE: INCH

**Overall Product Dimension:**81.9"L x 78.2"W x 85.5"H

**Weight Capacity:**Upper bed: 600LBS

**Recommended Mattress Thickness:**Upper bed: 4-6"

Figure 4.1: Product Dimensions and Weight Capacity

This diagram illustrates the overall dimensions of the Liniqe Full Size Bunk Wood House Bed, including length, width, and height, along with specific measurements for various parts like the roof, windows, and ladder. It also indicates the upper bed's weight capacity of 600 lbs and recommended mattress thickness of 4-6 inches.

# Ladder That Can Be Placed On Both Sides

You can install the ladder on the left or right side of the bed depending on your needs

Figure 4.2: Adjustable Ladder Placement

This image demonstrates that the ladder for the bunk bed can be installed on either the left or right side of the bed frame, offering flexibility for room arrangement.

## 5. OPERATING INSTRUCTIONS

The Linique Full Size Bunk Wood House Bed is designed for both sleeping and imaginative play. Its multi-functional zones allow for versatile use.

### Features Overview:

- **House Roof Design:** Adds an elegant and charming aesthetic to the bed.
- **Elegant Windows & Sills:** Decorative windows and functional shelves for displaying items or storing small toys.
- **Pink Tent:** Creates a semi-enclosed area under the upper bunk, ideal for a playhouse, reading nook, or additional storage.
- **Dual Functionality:** The lower area can be used as a sleeping space or a dedicated play zone.

# Bunk Wood House Bed

Figure 5.1: Key Design Features

This image highlights three main design elements of the bunk bed: the intricate house roof design, the elegant windows with sills on the side, and the pink tent fabric that encloses the lower bunk area.

Figure 5.2: Multi-Functional Zones

This image illustrates the versatility of the lower bunk area, showing it configured for sleeping in one view and as an open play space in another, demonstrating its adaptability.

## 6. MAINTENANCE

Proper care and maintenance will extend the life of your Linique Bunk Bed.

- **Cleaning:** Wipe down the wood surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that could damage the finish.
- **Tent Care:** The pink tent fabric can be spot cleaned with mild soap and water. Refer to the fabric care label for specific washing instructions if available.
- **Hardware Check:** Periodically check all bolts, screws, and fasteners to ensure they are tight. Loose hardware can compromise the bed's stability and safety. Tighten as necessary.
- **Structural Integrity:** Inspect the wood frame and slats regularly for any signs of wear, cracks, or damage. Address any issues promptly.

## 7. TROUBLESHOOTING

If you encounter any issues with your Linique Bunk Bed, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Bed feels wobbly or unstable.	Loose hardware.	Check and tighten all bolts and screws. Ensure all connections are secure.
Squeaking noises.	Loose connections or friction between wood parts.	Tighten all hardware. If squeaking persists, apply a small amount of paraffin wax or silicone spray to contact points between wood components.
Parts do not align during assembly.	Incorrect orientation of parts or missing pre-drilled holes.	Double-check the assembly instructions for correct part orientation. If a part is defective or missing pre-drilled holes, contact customer support.
Ladder feels loose.	Ladder attachment bolts are not tight.	Ensure the bolts securing the ladder to the bed frame are fully tightened.

If you experience issues not listed here, or if the suggested solutions do not resolve the problem, please contact Linique customer support.
