MSmask full bed frame with storage headboard

MSmask Full Bed Frame Instruction Manual

Model: full bed frame with storage headboard

1. INTRODUCTION

Thank you for choosing the MSmask Full Bed Frame. This product is designed to provide a comfortable and functional sleeping solution, featuring integrated LED lighting, a convenient charging station, and a stylish upholstered headboard. This manual provides essential information for safe assembly, operation, and maintenance of your new bed frame. Please read these instructions carefully before beginning assembly and retain them for future reference.

2. SAFETY INFORMATION

Please observe the following safety precautions to prevent injury or damage to the product:

- Do not exceed a maximum static load of **1000 pounds** on the bed frame.
- Exercise caution around sharp edges and corners during assembly and use.
- Ensure all screws and fasteners are securely tightened before use and periodically check for looseness.
- Keep small parts away from children during assembly to prevent choking hazards.
- Do not stand or jump on the bed frame.
- Only use the bed frame on a flat, stable surface.

3. PACKAGE CONTENTS

Verify that all components are present before beginning assembly. The package typically includes:

- Headboard and Footboard
- Steel Frame components

- Wood Slats
- LED Light Kit
- Power Strip (for charging station)
- Screw Bag with all necessary hardware
- Installation Manual (this document)

4. ASSEMBLY INSTRUCTIONS

Assembly is required for this bed frame. It is recommended to have two people for easier and safer assembly. All necessary components and clear numbered parts are included. Follow the detailed assembly instructions provided in the included manual.

1. **Unpack and Identify Parts:** Carefully unpack all components and lay them out. Refer to the parts list in the separate assembly guide to identify each piece.
2. **Assemble the Frame:** Connect the steel frame components according to the diagrams in the assembly guide. Ensure all bolts are finger-tightened initially.
3. **Attach Headboard and Footboard:** Secure the headboard and footboard to the assembled frame. The headboard features a cross design with crystal tufted buttons and a crown accent.
4. **Install Wood Slats:** Place the solid wood slats onto the frame. The slats are designed for even weight distribution and often feature Velcro for easy attachment and stability.
5. **Install Support Legs:** Ensure all 9 support legs are correctly installed. The curved legs are designed for stability and aesthetic appeal.
6. **Install LED Light Kit:** Attach the smart light strips to the headboard and the three sides under the bed as indicated in the instructions.
7. **Install Charging Station:** Integrate the power strip with 2 AC outlets, 1 USB port, and 1 Type-C port into the designated compartment within the headboard.
8. **Final Tightening:** Once all components are in place, systematically tighten all screws and bolts using the provided tools. Do not overtighten.

6. MAINTENANCE

To ensure the longevity and appearance of your MSmask bed frame, follow these maintenance guidelines:

- **Cleaning:** Wipe the bed frame with a **dry cloth** to remove dust and debris. Avoid using harsh chemicals or abrasive cleaners, which may damage the velvet upholstery or lacquered finish.
- **Fastener Checks:** Periodically check all screws and bolts to ensure they remain tight. Re-

tighten as necessary to maintain structural integrity and prevent squeaking.

- **Upholstery Care:** The velvet fabric is skin-friendly and breathable. For minor spills, blot immediately with a clean, dry cloth. For deeper cleaning, consult a professional upholstery cleaner.
- **LED Lights:** The LED lights are designed for long-term use. If any issues arise, refer to the troubleshooting section or contact customer support.

7. TROUBLESHOOTING

If you encounter any issues with your MSmask bed frame, consider the following common solutions:

- **Squeaking Noises:** Check all frame connections and ensure all bolts are securely tightened. Loose fasteners are a common cause of squeaking.
- **LED Lights Not Working:** Verify that the power cord for the LED light kit is properly plugged into a functional outlet. Check the remote control batteries or ensure the app is correctly paired.
- **Charging Station Not Functioning:** Ensure the power strip is correctly connected to a live power source. Test the outlets and USB ports with different devices to isolate the issue.
- **Instability:** Confirm that all support legs are firmly in place and that the bed frame is on a level surface. Re-tighten any loose connections.

If problems persist after attempting these solutions, please contact MSmask customer support for further assistance.
