# ANIEKIN High-Speed Hair Dryer and 5-in-1 Curling Iron Set

## User Manual

### 1. INTRODUCTION

Thank you for choosing the ANIEKIN High-Speed Hair Dryer and 5-in-1 Curling Iron Set. This versatile styling tool combines a powerful hair dryer with a comprehensive curling iron kit, designed for efficient and professional hair styling at home or while traveling. This manual provides essential information for safe operation, optimal performance, and proper maintenance of your device.

### 2. IMPORTANT SAFETY INFORMATION

Please read all instructions carefully before using the appliance. Keep this manual for future reference.

- Do not use this appliance near bathtubs, showers, basins, or other vessels containing water.
- Always unplug the appliance immediately after use.
- Do not use the appliance with wet hands.
- Keep the appliance away from heat sources and direct sunlight.
- Ensure the voltage indicated on the appliance corresponds to your local mains voltage before connecting.
- Do not block the air inlets or outlets during operation.
- Allow the appliance to cool down completely before storing.
- Use the provided scald-resistant tips and heat-resistant gloves when handling hot curling barrels.

### 3. PACKAGE CONTENTS

Verify that all items are present in the package:

- High-Speed Hair Dryer (x1)
- Magnetic Diffuser (x1)
- Magnetic Nozzle (x1)
- Interchangeable Curling Iron Handle (x1)
- Curling Barrels (4 sizes: 3/8", 1/2"-1" Tapered, 1", 1 1/4")

- Thermal Brush (1 1/2" barrel)
- Heat-Resistant Glove (x1)
- Hair Clips (x2)
- Comb (x1)

## 4. SETUP AND ASSEMBLY

### 4.1 Hair Dryer Assembly

1. Ensure the hair dryer is unplugged.
2. To attach the Magnetic Diffuser or Magnetic Nozzle, simply align it with the front of the hair dryer and it will snap into place magnetically.
3. To remove, gently pull the attachment away from the hair dryer.

### 4.2 Curling Iron Assembly

1. Ensure the curling iron handle is unplugged and cool.

2. To attach a curling barrel or the thermal brush, align the base of the barrel with the slot on the handle.
3. Twist the barrel clockwise until it locks securely into place. You should hear a click.
4. To remove, twist the barrel counter-clockwise to unlock and pull it off. Always ensure the barrel is cool before changing.

## 5. OPERATING INSTRUCTIONS

### 5.1 Hair Dryer Operation

The ANIEKIN hair dryer features a high-speed brushless motor for ultra-fast drying and multiple heat and

speed settings.

- **Power On/Off:** Plug the hair dryer into a 110V power outlet. Use the main switch to turn the dryer On (I or II) or Off (O).
- **Speed Settings:** Select between two speed settings: I (Low) and II (High).
- **Heat Settings:** Choose from Hot, Warm, or Cold temperatures. There is also a Cold and Hot circulating mode (long press).
- **Using Attachments:** Attach the Magnetic Diffuser for enhancing natural curls or the Magnetic Nozzle for precise styling and smoothing.

Image 5.1: Hair Dryer Speed and Temperature Controls.

## 5.2 Curling Iron Operation

The curling iron set includes 4 different sizes of interchangeable ceramic curling irons and a thermal brush, allowing for versatile styling.

- **Barrel Selection:** Choose the appropriate barrel size for your desired curl type (e.g., 3/8" for tight curls, 1 1/4" for classic large curls, 1 1/2" thermal brush for natural waves or straightening).

- **Power On/Off:** Plug the curling iron handle into a power outlet. The device supports dual voltage for global use. Use the power switch to turn it on.
- **Heating:** The curling wands heat up in approximately 30 seconds, reaching temperatures between 356-410°F (180-210°C). The curling brush heats up to 302-356°F (150-180°C).
- **Styling:** Section dry hair and wrap it around the chosen barrel. Hold for a few seconds (refer to specific styling guides for best results) and release. Use the included heat-resistant glove to protect your hand.
- **Cool Tip:** Each barrel features a cool tip for safe handling during styling.

## 6. MAINTENANCE

Proper maintenance ensures the longevity and optimal performance of your ANIEKIN styling tools.

- **Cleaning the Hair Dryer Filter:** If you have used the hair dryer for a long time, please clean the dust off the filter mesh in time to ensure strong airflow. Unplug the dryer, remove the filter cover, and gently brush away any accumulated dust or lint.
- **General Cleaning:** Ensure both the hair dryer and curling iron barrels are unplugged and completely cool before cleaning. Wipe surfaces with a soft, damp cloth. Do not use abrasive cleaners or immerse the appliance in water.
- **Storage:** Store the appliance and its attachments in a cool, dry place, away from direct sunlight and

moisture. Ensure the cord is not tightly wrapped around the appliance, as this can cause damage over time.

## 7. TROUBLESHOOTING

If you encounter any issues, please refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Hair dryer not turning on	No power; faulty outlet; internal issue	Check power cord connection; try a different outlet; contact support if issue persists.
Weak airflow from hair dryer	Blocked air filter	Clean the air filter mesh as described in the Maintenance section.
Curling iron not heating up	Not properly plugged in; barrel not securely attached	Ensure power cord is fully inserted; re-attach the barrel, twisting until it clicks into place.
Appliance overheating	Blocked airflow (dryer); prolonged use	Unplug and allow to cool down. Clean air filter if applicable. Reduce usage time.

If the problem persists after trying these solutions, please contact ANIEKIN customer support.

## 8. SPECIFICATIONS

- **Product Type:** High-Speed Hair Dryer and 5-in-1 Curling Iron Set
- **Model:** B0F93MMHB1
- **Hair Dryer Power:** 1400W
- **Rated Voltage:** 110V
- **Hair Dryer Motor Speed:** 110,000 RPM
- **Hair Dryer Wind Speed:** Up to 26 m/s
- **Hair Dryer Speed Settings:** 2 (Low, High)
- **Hair Dryer Heat Settings:** Hot, Warm, Cold, Cold/Hot Circulating
- **Curling Iron Technology:** PTC Heat Technology, Ceramic Barrels
- **Curling Wand Temperature:** 356-410°F (180-210°C)
- **Curling Brush Temperature:** 302-356°F (150-180°C)
- **Cord Length:** 6.56 ft (2 meters)
- **Material:** Nylon + Glass fiber
- **Date First Available:** August 20, 2024

## 9. WARRANTY AND SUPPORT

ANIEKIN is committed to providing high-quality products. For warranty information, technical support, or any inquiries regarding your product, please refer to the contact information provided with your purchase or visit the official ANIEKIN website.
