SAFETY INFORMATION

- Always unplug the power cord when the recliner is not in use.
- Do not leave children unattended while using the recliner.
- Keep the USB ports away from water and other liquids to prevent electrical hazards.
- Always follow the assembly instructions carefully to ensure the stability and safe operation of the chair.
- Do not exceed the maximum weight capacity of 350 lbs (158 kg).

PRODUCT FEATURES

- **Dual-Motor Reclining System:** Allows independent adjustment of the backrest and footrest for personalized comfort.
- **Adjustable Power Headrest:** Provides neck support and aligns line of sight for various activities.
- **Genuine Leather Upholstery:** Top-grain leather on all touchpoints, offering a soft, durable, and easy-to-clean surface.
- **Space-Saving Wall Hugger Design:** Requires minimal wall clearance (approximately 3.9 inches) as the seat moves

forward during recline.

- **Integrated USB/Type-C Ports:** Conveniently located on the armrest for charging electronic devices.
- **Sturdy Construction:** Built with TSCA Title VI-certified engineered wood and a UL-certified silent motor.
- **No-Sag Spring Cushions:** Designed to maintain shape and comfort over time.

ASSEMBLY INSTRUCTIONS

The CHITA Power Recliner Chair is designed for tool-free assembly. Follow these steps to set up your chair:

1. Unpack all components from the box. Ensure all parts (base, backrest, armrests, power supply) are present.
2. Position the chair base in your desired location. The chair is designed to fit through standard doorways (28.2" + width).
3. Align the backrest with the slots on the chair base. Slide the backrest down until it clicks securely into place.
4. Connect the power cables from the backrest to the base, ensuring a snug fit.
5. Connect the power supply to the chair and then plug it into a wall outlet.

6. Test all functions (recline, headrest adjustment) to ensure proper operation.

OPERATING INSTRUCTIONS

Your CHITA Power Recliner features intuitive controls for a customized seating experience.

Reclining and Headrest Adjustment:

- Locate the control panel on the side of the armrest.
- Use the buttons to adjust the backrest and footrest independently. The chair can recline from a 90° upright position to a 135° deep recline.
- The adjustable power headrest can be positioned to support your neck and optimize your viewing angle.

Wall Hugger Recliner

Perfect for limited spaces

USB/Type-C Charging Ports:

- The armrest includes built-in USB and Type-C ports.
- Plug your compatible electronic devices into these ports for convenient charging while you relax.

MAINTENANCE

Proper care will extend the life and appearance of your recliner:

- Periodically dust the leather using a clean, dry, and non-abrasive white cloth.
- For spills, spot-clean immediately with a mild detergent and a soft cloth. Avoid harsh chemicals or abrasive cleaners.
- Keep the recliner away from direct sunlight and heat sources to prevent fading and drying of the leather.
- Regularly check all connections and fasteners to ensure they are secure.

TROUBLESHOOTING

If you encounter any issues with your recliner, please refer to the following common solutions:

Problem	Possible Cause	Solution
Recliner does not operate.	Power cord is unplugged or loose.	Ensure the power cord is securely plugged into both the chair and the wall outlet. Check the wall outlet for power.
Headrest or footrest not moving.	Cable connection is loose or obstructed.	Check all internal cable connections for the motors. Ensure no objects are obstructing the movement of the headrest or footrest mechanism.
USB/Type-C ports not charging.	Recliner is unplugged or device is incompatible.	Verify the recliner is powered on. Ensure your device and cable are compatible with the charging ports.

If the issue persists after attempting these solutions, please contact CHITA customer support.
