**Figure 2: 3-in-1 Sleeper Chair.** This image displays the three primary modes of the product: an accent chair (compact seating), a chaise lounge (extended leg support), and a sofa bed (fully flat sleeping surface).

- **Chair Mode:** For standard seating, ensure the backrest is upright and the bed mechanism is fully retracted.
- **Chaise Lounge Mode:** Pull the front section of the seat forward to extend the leg rest. This creates a comfortable lounging position.
- **Sofa Bed Mode:** Fully extend the seat section and recline the backrest to a flat position (180°). The integrated wheels facilitate easy movement for full bed deployment.

## Adjusting the Backrest

# Adjustable Position

**Figure 3: Adjustable Position.** This diagram illustrates the three adjustable backrest angles: 110° for upright seating (e.g., gaming, watching TV), 140° for a relaxed recline (e.g., reading, napping), and 180° for a fully flat sleeping position.

The backrest can be adjusted to three angles: 110°, 140°, and 180°. To adjust, gently push or pull the backrest to the desired position until it locks into place. Ensure it is securely set before leaning back.
