VECELO KHD-TBC01-BLK

VECELO Tilt Out Kitchen Trash Bin Cabinet with Ozone Purifier (Model KHD-TBC01-BLK) - User Manual

Comprehensive guide for assembly, operation, and maintenance.

1. Introduction

Thank you for choosing the VECELO Tilt Out Kitchen Trash Bin Cabinet. This manual provides essential information for the safe assembly, operation, and maintenance of your new cabinet. Please read it thoroughly before use and retain it for future reference.

This versatile cabinet is designed to conceal your trash bin, enhance kitchen aesthetics, and features an integrated ozone purifier for odor elimination and air purification. It can also be used for storing pet food or as a laundry hamper.

Figure 1.1: Versatile uses of the VECELO Tilt Out Cabinet.

2. Safety Information

- This kitchen trash cabinet is intended for home use only.
- For safety reasons, children should not climb on or play with the product.
- Do not exceed the product's weight limit of 35 pounds (approximately 16 kilograms) on the countertop.
- Ensure the cabinet is placed on a stable, level surface to prevent tipping.
- Keep the ozone purifier away from water and moisture.
- Do not attempt to modify or repair the product yourself. Contact customer support for assistance.

3. Package Contents

Please verify that all components are present before beginning assembly:

- Trash Bin Cabinet (1 unit)
- Assembly Tools (1 set)
- User Manual (1 unit)
- Ozone Purifier (integrated)

Note: A trash bin (10-13 gallon capacity) is not included and must be purchased separately.

4. Assembly Instructions

Follow the step-by-step instructions provided in the included assembly guide. All necessary tools are supplied. For optimal stability and function, ensure all screws and fasteners are securely tightened.
Tip: When attaching hinges, it may be easier to support the door at the correct height using an object to ensure proper alignment.

5. Operating Instructions

5.1. Tilt-Out Mechanism

To access the trash bin, gently pull the handle on the front panel. The panel will tilt forward, allowing you to insert or remove a 10-13 gallon trash bin. Push the panel back into the upright position to close and conceal the bin.

Figure 5.1: Concealed design prevents odors and pet access.

5.2. Ozone Purifier

The integrated ozone purifier helps eliminate odors and harmful substances. It features negative ion and deodorizing functions. The purifier operates on 5V and has a rated power of 5W, releasing 100mg/h of ozone and 500W negative ions. Ozone effectively breaks down formaldehyde into carbon dioxide and water, achieving up to 99% decomposition.
Refer to the purifier's specific controls (usually located on the top front of the cabinet) for power on/off and mode selection. Ensure the purifier is connected to a power source (e.g., USB adapter, not included) for operation.

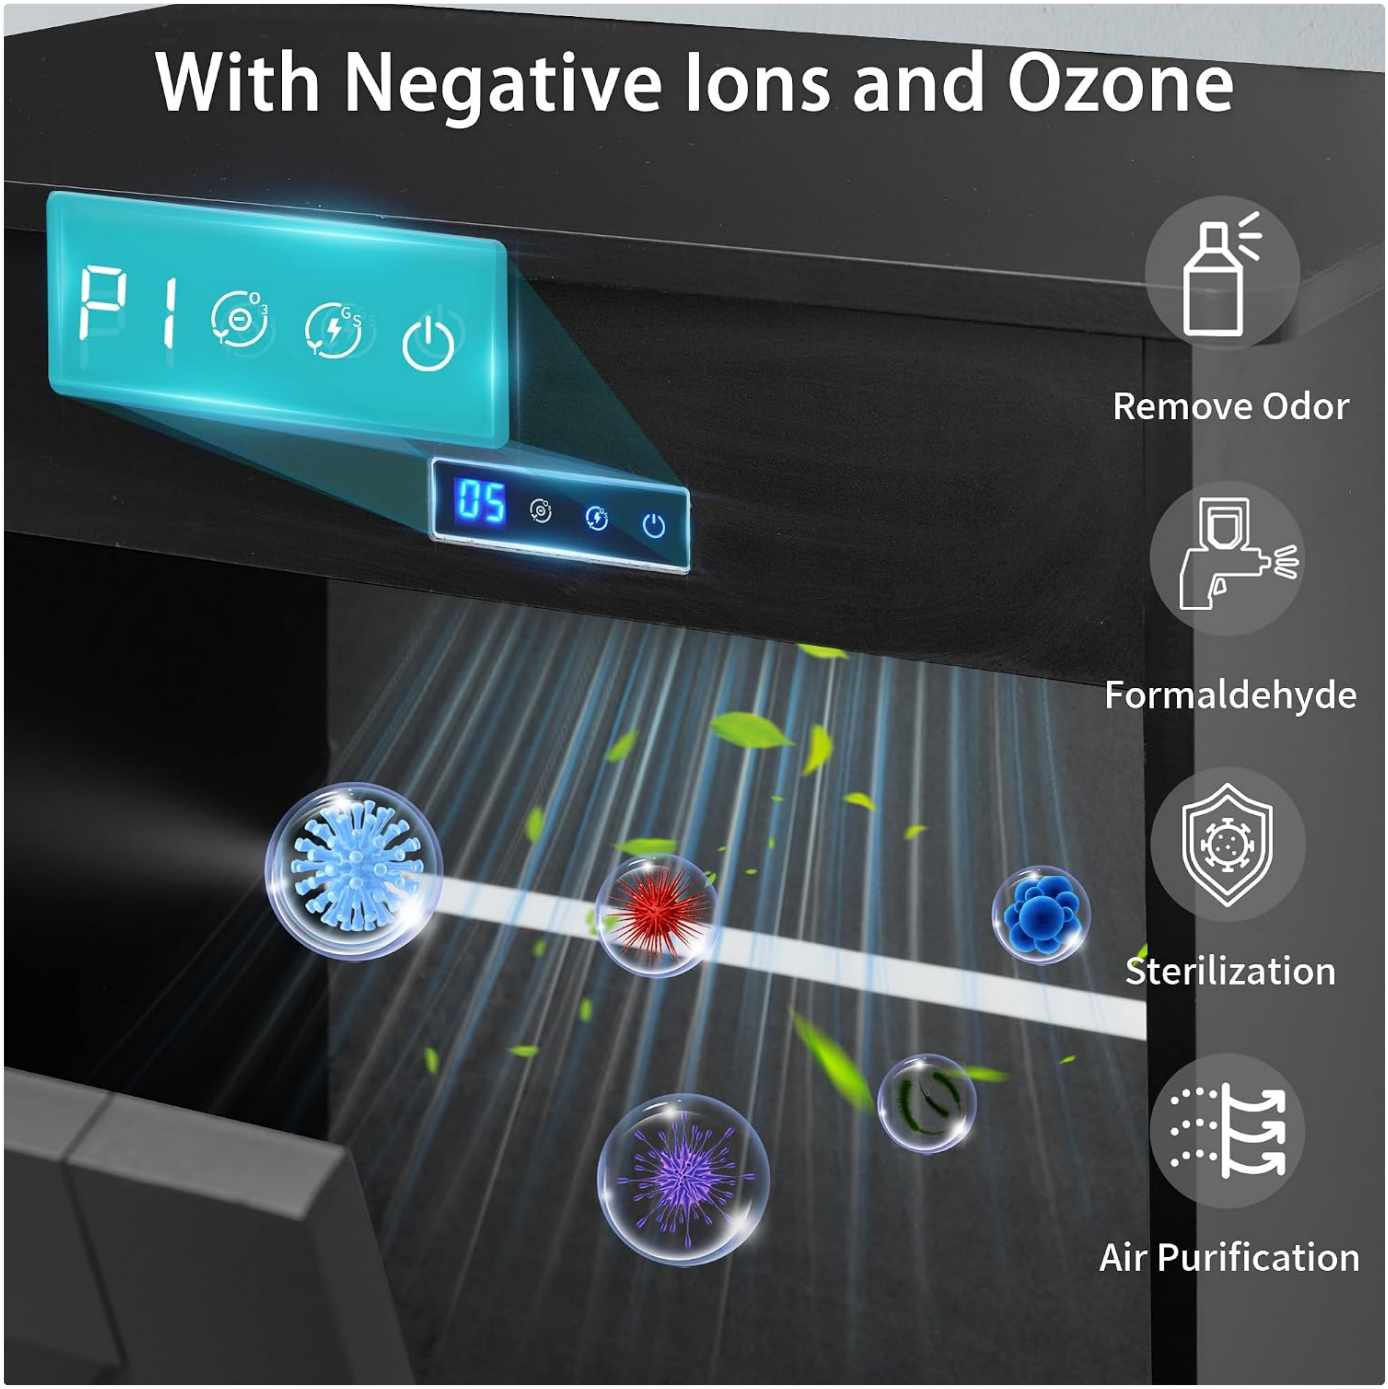

Figure 5.2: Ozone Purifier control panel and functions.

6. Maintenance

- **Cleaning:** Regularly clean the cabinet surfaces with a soft, damp cloth. Avoid abrasive cleaners that may damage the finish.
- **Ozone Purifier:** Keep the purifier's air intake and outlet clear of obstructions. No specific filter replacement is mentioned, but ensure it remains clean.
- **Trash Bin:** Ensure the internal trash bin is emptied regularly. Excessive trash can put strain on the cabinet doors and mechanism.

7. Troubleshooting

- **Door not tilting smoothly:** Check for any obstructions in the mechanism or if the internal trash bin is misaligned.

Ensure all assembly screws are tight.

- **Ozone purifier not working:** Verify that the purifier is properly connected to a 5V power source. Check for any visible damage to the unit or its cable.
- **Odor persists:** Ensure the ozone purifier is operating correctly. Regularly empty and clean the internal trash bin.

If you encounter issues not listed here, please contact VECELO customer support for assistance.

8. Specifications

Cabinet Specifications

Product Dimensions	20.5"L x 15"W x 38.6"H (52 x 38 x 98 cm)
Material	MDF board
