dbsono DB N7A

dbsono DB N7A Portable Bluetooth Speaker Instruction Manual

Model: DB N7A

PRODUCT OVERVIEW

The dbsono DB N7A is a portable Bluetooth speaker designed for versatile use, offering high-definition sound, robust water resistance, and extended playtime. Its compact design makes it ideal for both indoor and outdoor environments.

Key Features

- Superior Sound & TWS Pairing:** Experience deep bass, full mids, and crisp highs from a 52mm large speaker. Connect two speakers for a true 360° stereo sound experience.
- Fast & Stable Bluetooth 5.3:** Ensures quick and reliable wireless connection with any Bluetooth-enabled device.
- Compact & Portable Design:** Weighing just 0.694lb and measuring 4.55x2.02x3.59 inches, it's easy to carry and store, perfect for activities like climbing, hiking, cycling, and camping.
- Extended 24-Hour Playtime:** A large built-in battery provides up to 24 hours of playback at 30% volume with the light off. Actual playtime may vary based on volume, LED light usage, and environment.
- IPX5 Water-Resistant:** Designed to withstand water splashes and sweat, making it suitable for use at home, office, gym, kitchen, bedroom, parties, beaches, and poolside. Ensure the rubber cover is sealed for effective waterproofing.
- Dynamic Colorful Light Show:** Features multiple RGB lighting modes that synchronize with music, enhancing the ambiance.

WHAT'S IN THE BOX

Upon receiving your dbsono DB N7A Portable Bluetooth Speaker, please ensure all the following items are

included:

- Portable Speaker
- Power Cable (Type-C)
- Quick Start Guide

Image: The dbsono DB N7A Portable Bluetooth Speaker, a Type-C charging cable, and a quick start guide are shown laid out next to the product packaging.

SETUP

1. Initial Charging

Before first use, fully charge your speaker using the provided Type-C power cable. Connect the cable to the speaker's charging port (located under the protective flap on the side) and plug the other end into a compatible USB power source (not included).

2. Power On/Off

To power on the speaker, press and hold the power button () on the top panel until you hear an audible prompt and the LED lights activate. To power off, press and hold the power button again.

3. Bluetooth Pairing

1. Ensure the speaker is powered on and in pairing mode (indicated by a flashing blue LED).
2. On your device (smartphone, tablet, laptop), go to Bluetooth settings and search for available devices.
3. Select "DB N7A" from the list to connect. Once connected, you will hear a confirmation tone, and the blue LED will become solid.

4. True Wireless Stereo (TWS) Pairing

For an immersive stereo experience, you can pair two DB N7A speakers together:

1. Ensure both speakers are powered on and not connected to any other Bluetooth device.
2. On one speaker (this will be your primary speaker), double-press the Play/Pause button (▶). The speaker will enter TWS pairing mode.

3. The two speakers will automatically connect to each other. Once connected, you will hear a confirmation tone.
4. Now, connect your device to the primary speaker via Bluetooth as described in step 3. Both speakers will play audio in stereo.

OPERATING INSTRUCTIONS

Controls Overview

The top panel of the speaker features intuitive controls:

- **Power Button (>):** Press and hold to power on/off.
- **Volume Down (-):** Press to decrease volume.
- **Play/Pause (►):** Press to play or pause music. Double-press for TWS pairing.
- **Volume Up (+):** Press to increase volume.
- **Light Button (*):** Short-press to cycle through different RGB lighting modes or turn lights off.

Adjusting Volume

Use the '+' and '-' buttons on the top panel to adjust the playback volume.

Controlling LED Lights

Short-press the '*' button to switch between various colorful light modes. Continue pressing to cycle through options, including turning the lights off.

Surprisingly Stunning Sound

The 2.05 inch large driver unit provides clear and loud sound, allowing you to experience shocking surround sound effects.

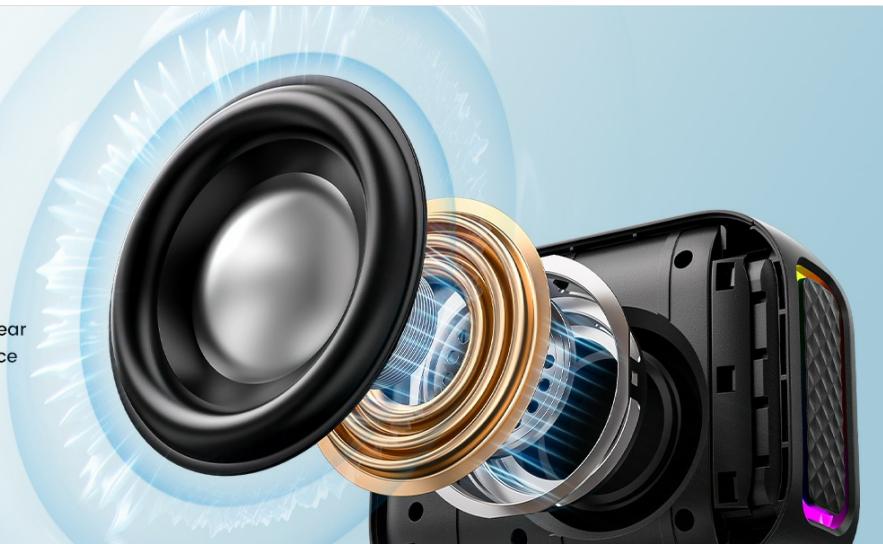

Image: The dbsono DB N7A speaker showcases its dynamic RGB lighting, which can be customized to enhance the listening experience.

Auxiliary Input

The speaker includes an AUX port (located under the protective flap) for wired connections. Use a 3.5mm audio cable (not included) to connect devices without Bluetooth capability.

Hands-Free Calling

With its built-in microphone, the speaker allows for hands-free calls when connected to your smartphone via Bluetooth. Answer or end calls directly through your connected device.

MAINTENANCE

Cleaning

Wipe the speaker with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners, as these may damage the surface or internal components.

Water Resistance

The speaker has an IPX5 water-resistant rating, protecting it from splashes and light rain. To maintain its water resistance, always ensure the protective rubber flap covering the charging and AUX ports is securely sealed when not in use. Do not submerge the speaker in water.

Colorful Light Show

Just short-press the light button to choose your favourite mode

TROUBLESHOOTING

- No Power:** Ensure the speaker is fully charged. Connect it to a power source using the Type-C cable.
- Cannot Pair Bluetooth:** Make sure the speaker is in pairing mode (flashing blue LED) and not connected to another device. Turn off and on your device's Bluetooth, then try pairing again.
- Poor Sound Quality:** Check the volume levels on both the speaker and your connected device. Ensure there are no obstructions between the speaker and the device.
- TWS Pairing Issues:** Ensure both speakers are fully charged and not connected to any other Bluetooth device before initiating TWS pairing.
