Pinmoco L501681C-PINK

Pinmoco Ergonomic Cross Legged Chair

USER MANUAL - MODEL L501681C-PINK

Brand: Pinmoco

Introduction

Thank you for choosing the Pinmoco Ergonomic Cross Legged Chair. This manual provides essential information for the safe assembly, proper operation, and effective maintenance of your new chair. Please read these instructions carefully before use and retain them for future reference.

Safety Information

- Ensure all components are present and undamaged before assembly. Do not use if any parts are missing or broken.
- Assemble the chair on a soft, clean surface to prevent scratches.
- Follow all assembly steps in the correct order. Do not overtighten screws.
- Do not stand on the chair. Use it only for sitting.
- Do not exceed the maximum weight capacity of 385 lbs.
- Keep children and pets away during assembly.
- Regularly check all bolts and screws to ensure they remain tight.

Package Contents

Your Pinmoco Ergonomic Cross Legged Chair package should include the following items:

- Basic Components of the Cross Legged Chair (Seat, Footstool, Backrest, Gas Lift, Base, Casters)
- Installation Tools and Accessories (Allen wrench, screws, washers)
- User Manual

Assembly Instructions

Assembly of your Pinmoco chair is designed to be straightforward. Please follow these general steps:

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, soft surface. Verify all parts are present against the package contents list.
2. **Attach Casters to Base:** Insert the five casters into the holes at the end of each leg of the chair base until they click securely into place.
3. **Insert Gas Lift:** Place the gas lift cylinder into the center hole of the chair base.
4. **Assemble Seat and Footstool:** Attach the main seat cushion and the footstool to their respective support mechanisms, securing them with the provided screws and tools. Ensure they are firmly attached.
5. **Attach Backrest:** Secure the backrest to the seat mechanism using the designated screws.
6. **Connect Seat Assembly to Gas Lift:** Carefully place the assembled seat and footstool onto the gas lift cylinder, ensuring it is centered and stable.
7. **Final Check:** Once assembled, sit on the chair to ensure all connections are secure and the chair feels stable.

Operating Instructions

Your Pinmoco Ergonomic Cross Legged Chair is designed for comfort and versatility. Familiarize yourself with its features for optimal use.

1. Ergonomic Support

The chair features a thickened crescent-shaped backrest that provides lumbar support, promoting a healthier posture during extended sitting periods.

Figure 2: Ergonomic design for lumbar support.

2. Enhanced Cushioning and Footstool

The seat cushion is 4 inches thick, providing ample support for your hips. The wide footstool (31.5 x 20.5 inches) offers excellent support for your feet, knees, and ankles, allowing for various sitting positions.

4 Inch Memory Foam

Figure 3: 4-inch memory foam cushioning for superior comfort.

3. 360-Degree Swivel & Height Adjustment

Both the seat cushion and the footstool can rotate 360 degrees, offering flexibility in movement. The seat height is adjustable from 33.9 to 38.6 inches to suit different desk heights and user preferences. To adjust the height, locate the lever under the seat and lift it while applying or releasing weight from the seat.

Maintenance

Cleaning Instructions

- For general cleaning, use a dry cloth to wipe down the chair.
- For spot cleaning, gently dab the affected area with a damp cloth and mild soap. Avoid saturating the fabric.
- For deeper cleaning, professional dry cleaning is recommended.
- Do not use harsh chemicals or abrasive cleaners, as these may damage the fabric or finish.

Troubleshooting

If you encounter any issues with your Pinmoco Ergonomic Cross Legged Chair, please refer to the following common solutions:

- **Missing Parts or Bent Bar:** If you find any missing components or a bent bar upon unboxing, please contact our customer support immediately for parts replacement or upgrade service.
- **Chair Wobbles:** Ensure all screws and bolts are securely tightened. Re-tighten any loose connections.
- **Height Adjustment Not Working:** Check if the gas lift lever is fully engaged. If the issue persists, the gas lift cylinder may need replacement. Contact support.
- **Casters Not Rolling Smoothly:** Check for any debris or hair caught in the casters. Clean them thoroughly. Ensure casters are fully inserted into the base.
