Beautyrest World Class Level Three Firm 13" Hybrid Mattress User Manual

Brand: Beautyrest | Model: 700812757-1050

Introduction

This manual provides essential information for the setup, features, care, and specifications of your new Beautyrest World Class Level Three Firm 13" Hybrid Mattress. Designed for a world-class sleep experience, this mattress combines advanced support systems with pressure-relieving foams and cooling technology.

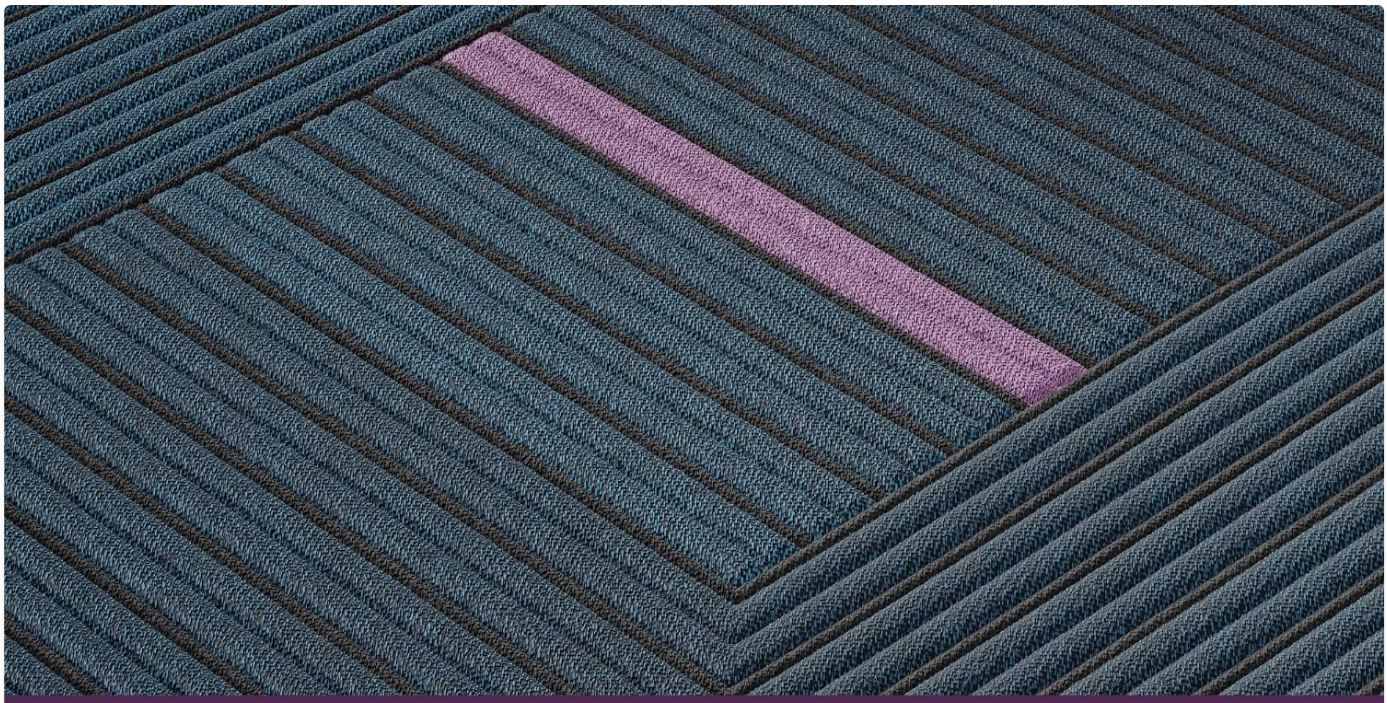

The Beautyrest World Class Level Three Firm 13" Hybrid Mattress, featuring a dark blue and grey quilted design with purple accents, positioned on a wooden bed frame in a bedroom setting.

Key Features

Firm Feel

The Level Three Firm mattress is engineered for individuals who prefer a contouring feel combined with robust support and balanced pressure relief. This firmness level is particularly beneficial for back and stomach sleepers.

Firm

For the person who likes a contouring mattress with firmer support and balanced pressure relief

Great for back and stomach sleepers

Support & Motion Separation

Featuring 1000-density Pocketed Coil Technology, this mattress provides individualized support by adapting to your body's contours. The independent movement of each coil minimizes motion transfer, ensuring an undisturbed rest even with a partner.

A detailed view of the 1000 Density Pocketed Coil Technology, highlighting the individual fabric-encased coils that provide targeted support and reduce motion transfer.

Pressure Relief

The mattress incorporates World Class Relief HD Foam, which responsively reacts to body temperature for remarkable pressure relief. Additionally, thicker layers of Beautyrest ActiveResponse MAX HD Memory Foam provide upgraded pressure relief, conforming to your body to alleviate aches and pains.

Temperature Management

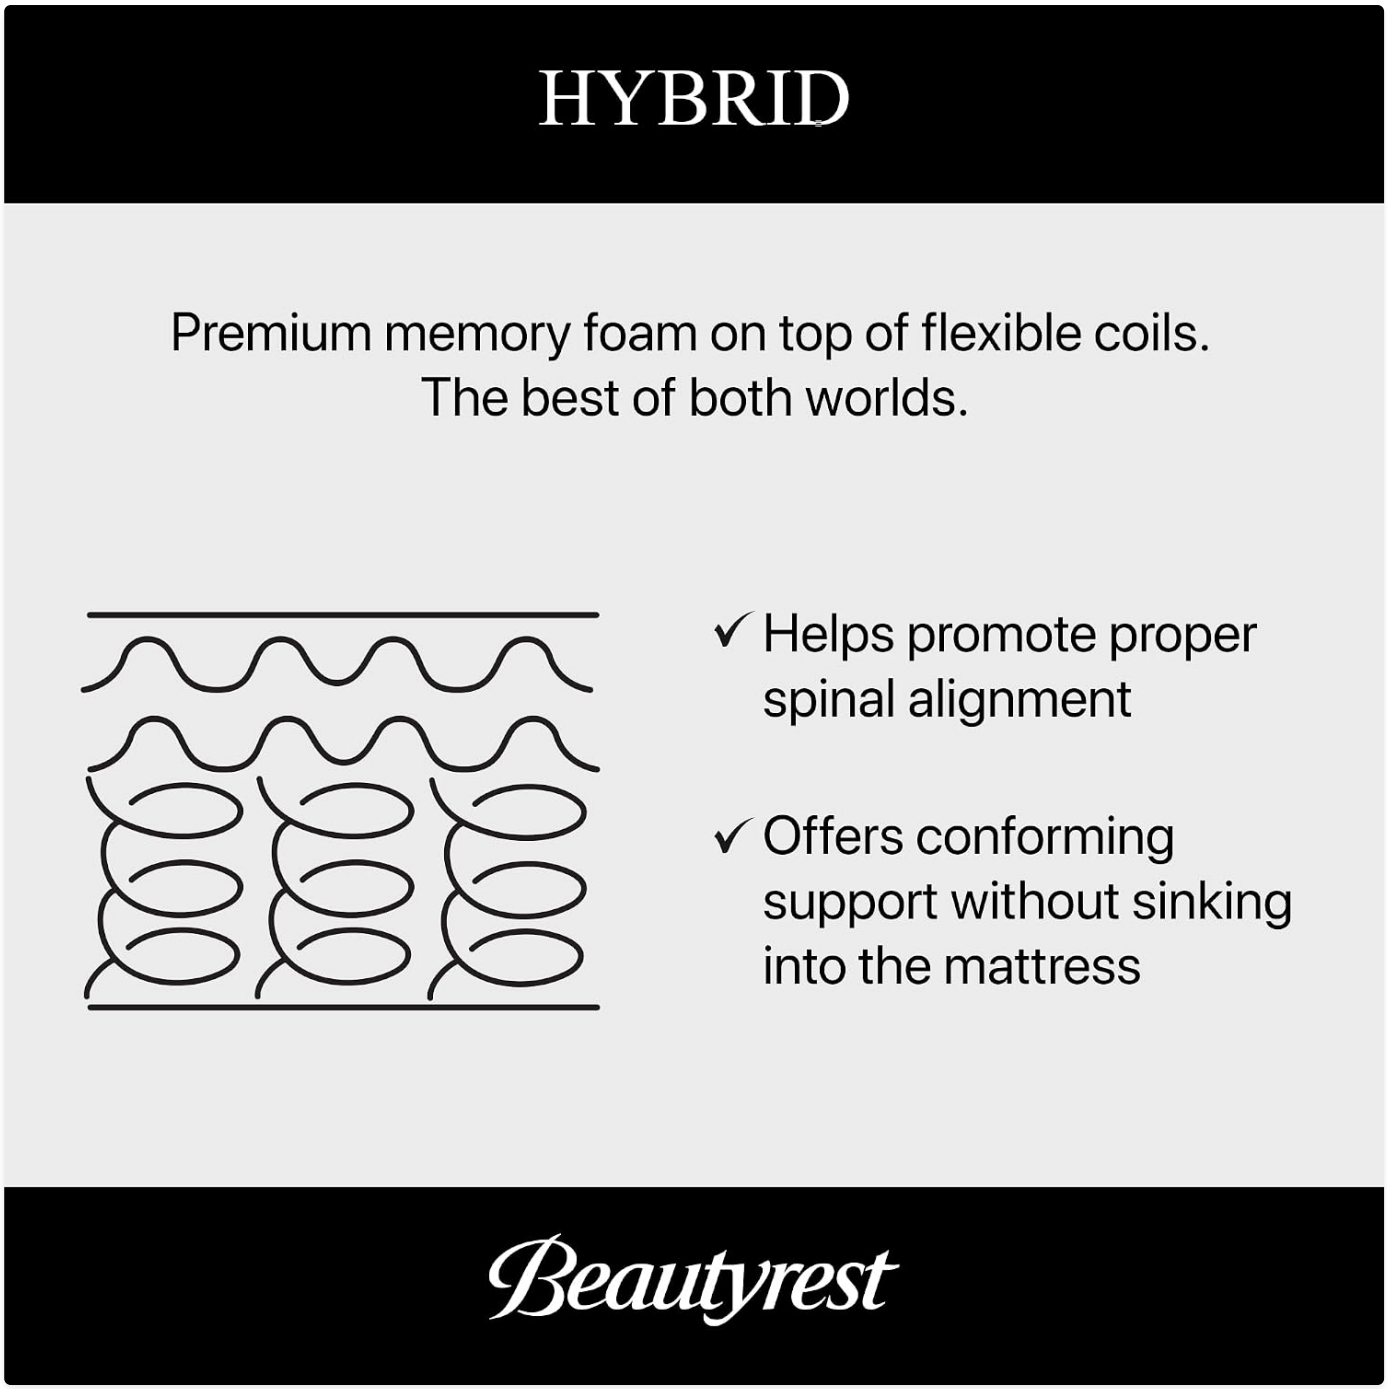

InfiniCool Technology provides a cool-to-the-touch sleep surface, designed to help move excess heat away from your body, promoting a more comfortable sleep environment.

Hybrid Construction

This hybrid mattress combines premium memory foam layers with flexible coils, offering the benefits of both. It helps promote proper spinal alignment and provides conforming support without the feeling of sinking into the mattress.

Setup & Installation

Your Beautyrest World Class mattress is delivered as a full-size mattress and is not compressed or rolled in a box. Due to its size and weight (approximately 97 pounds for a Queen), it is recommended that at least two people are present for moving and positioning the mattress to prevent injury and ensure proper handling.

Compatible Bases

This mattress is designed to be compatible with a variety of bed bases, including:

- Box Spring or Foundation
- Platform Beds

- Wooden Slats (ensure slats are no more than 2-3 inches apart for proper support)
- Adjustable Bases

Illustrations showing compatibility with various bed bases: Box Spring or Foundation, Platform, Wooden Slats, and Adjustable Base.

For optimal performance and to maintain your warranty, ensure your chosen base provides adequate and even support across the entire mattress surface.

Operating the Mattress

The Beautyrest World Class mattress is designed for immediate use upon delivery. No expansion time is required. If using with an adjustable base, simply place the mattress on the base and operate the base according to its manufacturer's instructions. The mattress will flex and conform to the adjusted positions of the base.

Care & Maintenance

To ensure the longevity and performance of your Beautyrest World Class mattress, follow these general care guidelines:

- **Rotation:** Regularly rotate your mattress (head to foot) every 3-6 months to promote even wear and extend its lifespan.
- **Cleaning:** Spot clean any spills immediately using a mild soap and cold water. Avoid saturating the mattress. Do not use harsh chemicals or dry cleaning fluids.
- **Protection:** Use a mattress protector to guard against spills, stains, and allergens.
- **Ventilation:** Allow the mattress to breathe by occasionally removing bedding and exposing it to air.
- **Support:** Ensure your mattress is always placed on a supportive, rigid foundation or frame.

All foams used in this mattress are CertiPUR-US certified, meaning they are made without ozone depleters, PBDEs, TDCPP, TCEP flame retardants, mercury, lead, other heavy metals, formaldehyde, or phthalates regulated by the CPSC. They also have

low VOC (Volatile Organic Compound) emissions for indoor air quality.

Troubleshooting

Most common concerns with new mattresses relate to initial adjustment. Your body may need time to adapt to the new support system. If you experience discomfort, allow a few weeks for your body to adjust. Ensure your bed frame and foundation are providing adequate and even support. Uneven support can lead to premature wear or perceived dips in the mattress.
For any persistent issues or concerns not addressed here, please refer to the warranty information or contact customer support.

Product Specifications

Attribute	Detail
Brand	Beautyrest
Model Name	Beautyrest World Class Level Three Hybrid Firm Mattress
Item Model Number	700812757-1050
Size	Queen
