## MAINTENANCE: CARD CARE AND STORAGE

Proper care and storage are essential to preserve the condition and value of your trading cards.

- **Protective Sleeves**: Place valuable cards (parallels, inserts, autographs) immediately into soft sleeves and then into rigid top-loaders or magnetic holders.
- **Storage**: Store cards in a cool, dry environment away from direct sunlight, extreme temperatures, and humidity. Use acid-free binders or storage boxes designed for trading cards.
- **Cleaning**: Avoid cleaning cards with liquids or abrasive materials. If necessary, gently wipe with a dry, lint-free microfiber cloth.

## TROUBLESHOOTING

If you encounter issues with your product, consider the following:

- **Missing Cards/Components**: Verify the contents against the expected count (25 cards, 2 foil parallels, 3 inserts). If there is a significant discrepancy, contact the retailer or manufacturer.
- **Damaged Cards**: While cards are factory sealed, manufacturing defects or transit damage can occur. Document any damage with photographs.
- **Authenticity Concerns**: If you have concerns about the authenticity of a card, especially an autograph, consult reputable trading card resources or authentication services.
