Lamicall PT-47-B

Lamicall 57W USB-C Retractable Car Charger

INSTRUCTION MANUAL (MODEL PT-47-B)

Introduction

Thank you for choosing the Lamicall 57W USB-C Retractable Car Charger. This ultra-compact charger is designed to provide efficient and versatile charging for your mobile devices while on the go. Featuring a retractable USB-C cable, additional USB-A and USB-C ports, and fast charging capabilities, it ensures your devices remain powered during your travels.

Key Features:

- **Ultra-Compact Design:** Saves space in your vehicle.
- **180° Rotation:** Adjustable for optimal positioning in various car interiors.
- **Built-in 30W USB-C Retractable Cable:** Extends up to 30 inches and retracts to prevent tangles.
- **PD & QC 3.0 Fast Charging:** Supports rapid charging for compatible devices.
- **Multiple Charging Ports:** Includes an additional USB-A and USB-C port for charging up to three devices simultaneously.
- **Comprehensive Safety Protection:** Equipped with safeguards against overcurrent, overvoltage, overload, overheating, and short-circuits.

What's in the Box

- 1 x Lamicall Retractable Car Charger
- 1 x User Manual

Setup

1. **Locate the Car's Power Outlet:** Identify the 12V cigarette lighter socket in your vehicle.
2. **Insert the Charger:** Firmly insert the Lamicall car charger into the 12V power outlet. Ensure it is securely seated. The charger may illuminate to indicate it is powered on.
3. **Adjust Angle (Optional):** The charger features a 180° rotatable head. Adjust the angle to best suit your car's interior and accessibility needs.

The Lamicall car charger installed in a vehicle's power outlet, demonstrating its compact form factor and adjustable design.

Operating Instructions

1. Using the Retractable USB-C Cable:

- To extend the cable: Gently pull the USB-C connector until it reaches the desired length (up to 30 inches).

- To retract the cable: Pull the cable out approximately 1 cm further, then release it. The cable will automatically retract into the charger.
- Connect the USB-C end to your compatible device (e.g., iPhone 15/16/17 series, Samsung Galaxy S24/S25 Ultra, Pixel, or other USB-C Android devices) for fast charging.

2. Using Additional Charging Ports:

- The charger includes an additional USB-C port (PD 30W) and a USB-A port (2.4A).
- Connect your device's charging cable to the appropriate port.
- You can charge up to three devices simultaneously using the retractable cable, the additional USB-C port, and the USB-A port.

3. Fast Charging:

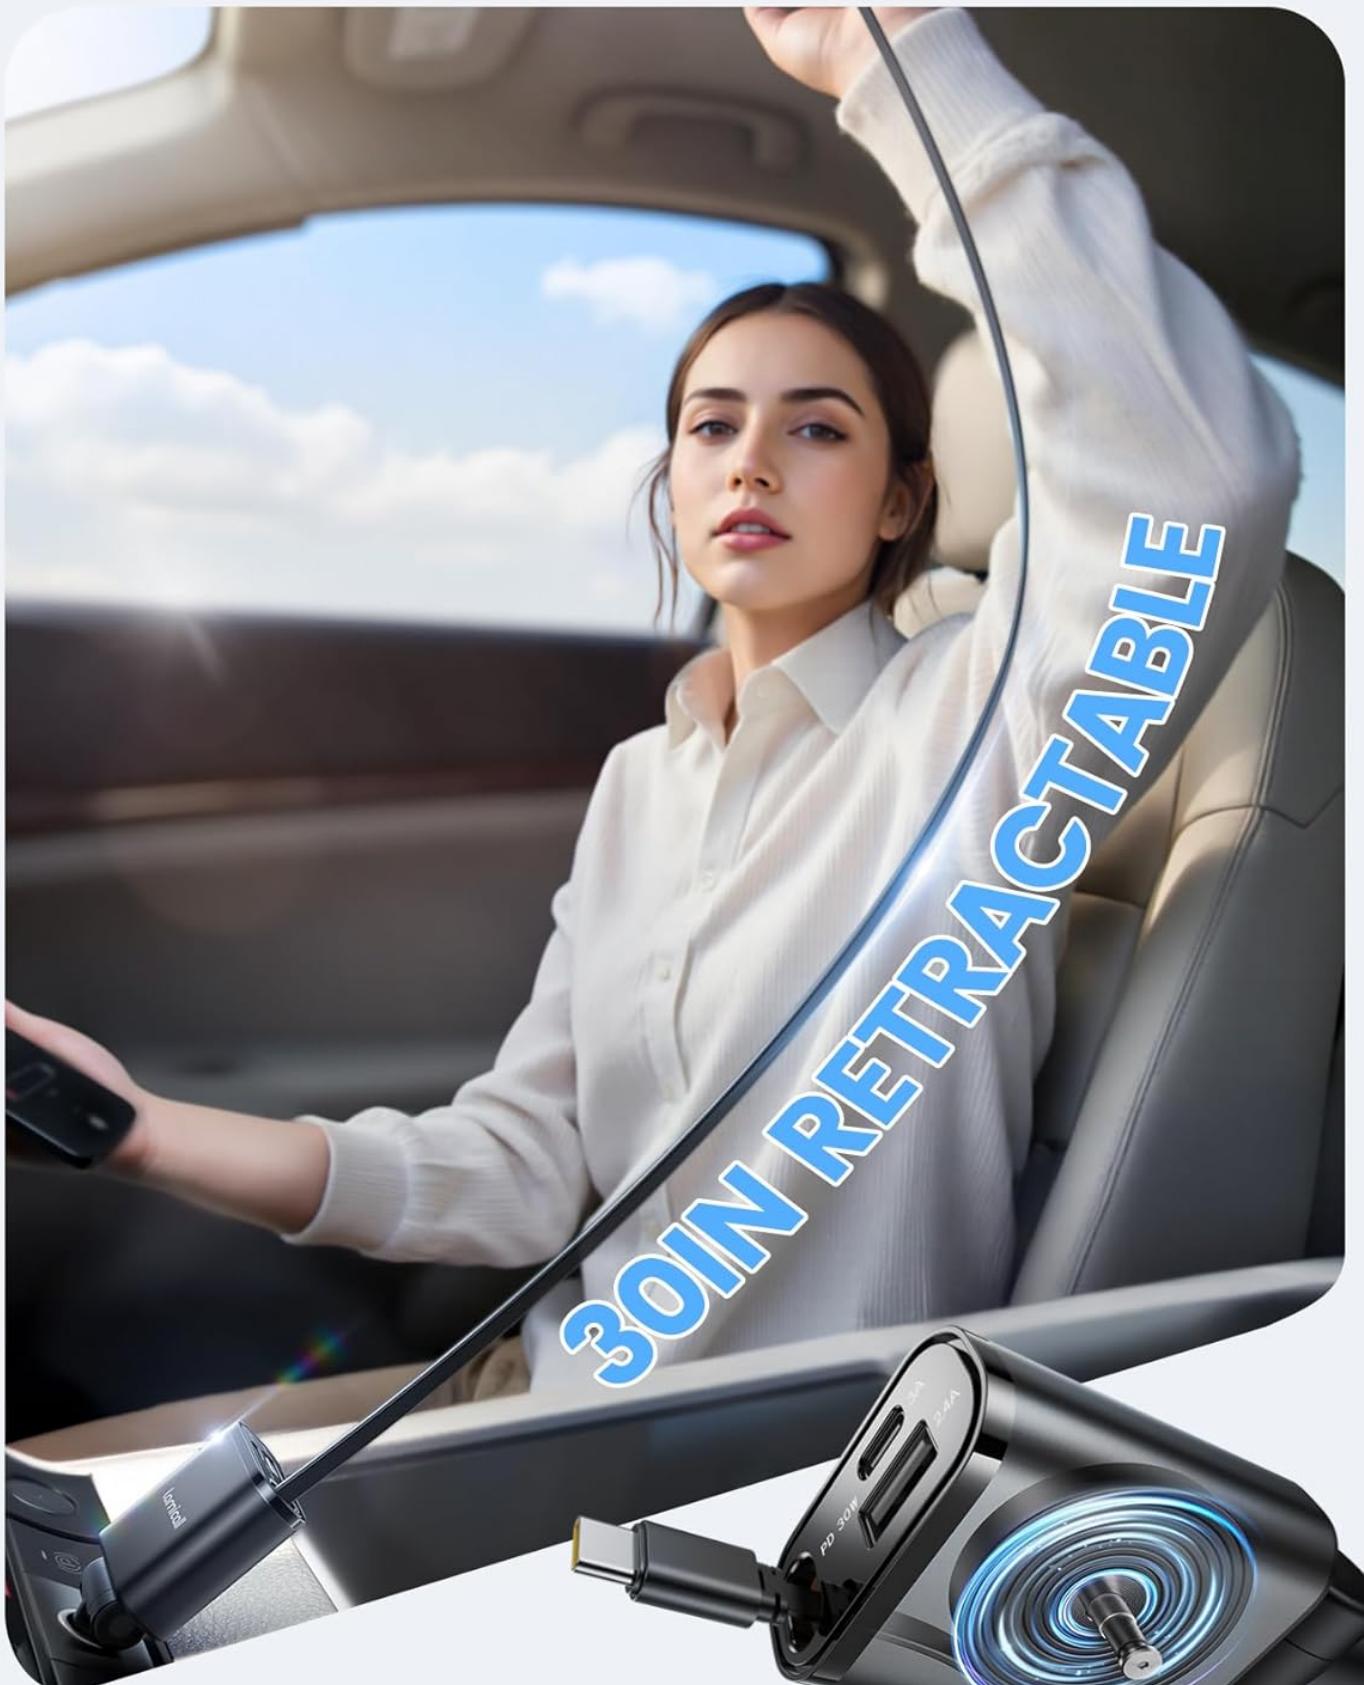

- The built-in retractable USB-C cable and the additional USB-C port support Power Delivery (PD 30W) and Quick Charge (QC 3.0) for rapid charging of compatible devices.
- Ensure your device and charging cable support these fast charging protocols to achieve optimal speeds.

CHARGE 3 DEVICES AT ONCE

A Must Car Accessories for Family Travel

The charger simultaneously powering three devices: a smartphone via the retractable USB-C cable, a tablet via the additional USB-C port, and earbuds via the USB-A port.

NOTE: Pull the cable, extend 1cm, then release

Safety Information

The Lamicall car charger is equipped with multiple safety features to protect your devices and vehicle:

- **Overcurrent Protection:** Prevents damage from excessive current flow.

- **Ovvoltage Protection:** Safeguards against voltage surges.
- **Overload Protection:** Protects against drawing too much power.
- **Overheating Protection:** Monitors and regulates internal temperature.
- **Short-Circuit Protection:** Automatically cuts power in case of a short circuit.

Always ensure the charger is properly inserted into the 12V outlet. Do not attempt to disassemble or modify the charger.

Maintenance

- Keep the charger clean and free from dust and debris. Use a soft, dry cloth for cleaning.
- Avoid exposing the charger to extreme temperatures or moisture.
- When retracting the cable, ensure it is not obstructed to prevent damage to the retraction mechanism.

Troubleshooting

- **Device not charging:**
 - Ensure the car charger is firmly seated in the 12V power outlet.
 - Check if your vehicle's power outlet is active (some vehicles require the ignition to be on).
 - Verify that the charging cable is securely connected to both the charger and your device.
 - Test with a different cable or device to rule out cable or device issues.
- **Slow charging:**
 - Ensure your device and cable support fast charging protocols (PD/QC 3.0).
 - Charging multiple devices simultaneously may reduce the charging speed for individual devices.
 - Check if the cable is damaged or worn.
- **Retractable cable not retracting/extending smoothly:**
 - Ensure there are no obstructions preventing the cable from moving freely.
 - To retract, pull the cable out slightly (about 1 cm) then release. Do not force the retraction.

Specifications

Model Number	PT-47-B
Input Voltage	12 Volts
Wattage	57 Watts
Amperage	3 Amps
Connector Type	USB Type C
Special Features	180° Adjustable, Compact Size, Multi Device Charging, Retractable Plug
Retractable Cable Length	30 inches
