Goyappin TC-SC-008

Goyappin TC-SC-008 Handheld Steam Cleaner User Manual

Model: TC-SC-008 | Brand: Goyappin

1. IMPORTANT SAFETY INSTRUCTIONS

Please read all instructions carefully before using the appliance. Failure to follow these instructions may result in electric shock, fire, or serious injury.

- Always ensure the appliance is unplugged from the power outlet before filling with water, cleaning, or performing maintenance.
- Do not leave the steam cleaner unattended while it is powered on.
- Keep the appliance out of reach of children and pets.
- Use only clean water. Distilled water is recommended to prevent mineral buildup.
- Do not open the water tank cap while the appliance is in use or under pressure.
- Always wear heat-resistant gloves when handling hot accessories or surfaces.
- Direct steam away from people, animals, and electrical appliances.
- Do not immerse the appliance in water or any other liquid.
- Ensure the power cord is not damaged or pinched.
- Use only manufacturer-recommended attachments and accessories.

2. PRODUCT OVERVIEW

The Goyappin TC-SC-008 Handheld Steam Cleaner is a powerful and versatile cleaning tool designed for

various household and automotive tasks. It features high-pressure steam, rapid heating, and a large water tank for extended cleaning sessions.

Key Features:

- **High Pressure & Temperature:** Delivers steam at 3 Bar pressure and up to 212°F (100°C) for effective cleaning and sanitization.
- **Rapid Heat-Up:** Ready to use in approximately 15 seconds.
- **Large Capacity Tank:** 1600ml (1.69 Quarts) water tank allows for longer cleaning periods without frequent refills.
- **3 Steam Levels:** Adjustable steam output for different cleaning needs.
- **Chemical-Free Cleaning:** Uses only water, making it safe for homes with children and pets.
- **Portable Design:** Compact and easy to maneuver for various cleaning tasks.

Included Components:

The package includes a comprehensive set of accessories to tackle diverse cleaning challenges:

- 1x Steam Cleaner Main Unit
- 1x Cleaning Towel
- 1x Extension Nozzle
- 1x High-Pressure Nozzle
- 1 pair of Heat-Resistant Gloves
- Big Round Brush
- Nylon Brush
- Brass Brush
- Scrapers (various types)
- Extension Pole
- Glass Clean Tool
- Spray Nozzle
- Bent Nozzle
- 2x Rubber Rings
- Extended Power Cord
- Fabric Clean Tool
- Storage Bags

Perfect Results for Multi-Purpose

3. SETUP

Follow these steps to prepare your steam cleaner for use:

1. **Install Batteries (if applicable):** Insert two AAA batteries into the spray gun handle (batteries not included).
2. **Fill Water Tank:** Open the dust cover and carefully fill the 1600ml tank with clean water. Distilled water is recommended to prolong the life of the appliance. Do not overfill.
3. **Attach Brush Heads:** Securely install the desired brush head or nozzle onto the spray gun handle. Ensure the rubber ring is correctly placed to prevent water leakage.
4. **Connect Power:** Plug the power cord into a standard 110V electrical outlet. The screen on the handle will display "0".
5. **Power On & Preheat:** Long-press the button on the handle for 2-3 seconds to power on. The screen will display "1". Allow approximately 15 seconds for preheating.

Chemical-Free

Deep cleaning power without the need for harsh chemicals. Pure natural. Safe to use around kids & pets.

4. OPERATING INSTRUCTIONS

Once set up, your Goyappin Handheld Steam Cleaner is ready for use. Always test on an inconspicuous area first.

Steam Control:

- **Adjust Steam Pressure:** Short-press the button on the handle to cycle through Gear 1, Gear 2, and Gear 3 steam levels.
- **Steam Emission:** Steam will emit from the nozzle once the desired gear is selected and the trigger is pressed.
- **Power Off:** Long-press the button for 2-3 seconds to power off the unit after use.

General Cleaning Tips:

- Hold the nozzle close to the surface you are cleaning.
- Move the nozzle slowly over the area to allow the steam to penetrate and loosen dirt.
- Wipe away loosened dirt and moisture with a clean cloth.
- For stubborn stains, use appropriate brush attachments.

Specific Applications:

- **Kitchen:** Ideal for cleaning stovetops, ovens, microwaves, and countertops. Use the brass brush for tough grease on metal surfaces.
- **Bathroom:** Effectively cleans tiles, grout, showers, and toilets. The extension nozzle helps reach tight corners.
- **Car Detailing:** Perfect for car seats, windows, wheels, and engine compartments.
- **Upholstery & Fabrics:** Use the fabric clean tool with a towel cover to refresh and sanitize couches, beds, and other fabric surfaces.
- **Windows & Glass:** Attach the glass clean tool for streak-free windows and shower doors.

Image: Examples of multipurpose cleaning applications.

Chemical-Free Cleaning:

The Goyappin steam cleaner uses only high-temperature steam, eliminating the need for harsh chemicals. This makes it a safe and environmentally friendly option for cleaning around children and pets.

5. MAINTENANCE

Proper maintenance ensures the longevity and optimal performance of your steam cleaner.

- **Drain Water:** After each use, remove the bottom drain plug to empty any remaining water from the tank.
- **Clean Accessories:** Wash all removable attachments with warm, soapy water and rinse thoroughly. Allow them to air dry completely before storing.
- **Wipe Down Unit:** Wipe the exterior of the steam cleaner with a damp cloth.
- **Descaling (if using tap water):** If you notice reduced steam output or mineral buildup, descale the unit using a descaling solution suitable for steam cleaners, following the product's instructions.
- **Storage:** Store the steam cleaner and its accessories in a cool, dry place, preferably in the provided storage bags.

6. TROUBLESHOOTING

If you encounter any issues, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
No steam or low steam output	Water tank empty; Unit not preheated; Mineral buildup; Nozzle clogged.	Refill water tank; Allow 15 seconds for preheating; Descale the unit; Clean the nozzle.
Water leakage from nozzle	Attachment not securely installed; Rubber ring missing or damaged.	Ensure attachment is firmly twisted on; Check and replace rubber ring if necessary.
Appliance not turning on	Not plugged in; Power button not long-pressed; Power outage.	Check power connection; Long-press power button for 2-3 seconds; Check household power.
Steam is not hot enough	Unit not fully preheated; Steam level set too low.	Allow full 15 seconds for preheating; Adjust to a higher steam level (Gear 2 or 3).

7. SPECIFICATIONS

Feature	Detail
Brand	Goyappin
Model Name	TC-SC-008
Wattage	2500 watts
Voltage	110 Volts
Tank Volume	1600 Milliliters (1.69 Quarts)
Heat Time	15 Seconds
Maximum Temperature	212 Degrees Fahrenheit (100°C)
