2. PRODUCT FEATURES

- **Multifunctional Workstation:** Features two integrated tracks for sliding accessories, optimizing space for prepping, rinsing, and drying.
- **Waterfall Design:** Integrated waterfall feature for efficient rinsing.
- **Pull-Out Swivel Faucet:** Offers three spray modes (Powerful, Spray, Stream) for varied tasks.
- **Built-in Glass Rinser:** Provides a high-pressure stream for quick cup cleaning.
- **Integrated Knob Control:** Allows adjustment of water temperature and switching between water outlet modes (faucet or waterfall).
- **Premium Construction:** Crafted from heavy-duty T304 16-gauge stainless steel with a 3mm thickened panel, ensuring resistance to corrosion, dents, rust, and stains.
- **Efficient Drainage:** Gently sloped bottom with X-shaped grooves for rapid water drainage.

- **Noise Reduction:** Equipped with a 3mm sound-deadening coating and thick rubber pads to minimize noise.
- **Anti-Condensation Layer:** Protects cabinets from moisture damage.
- **Spacious Design:** Exterior dimensions of 33" x 22" x 10" and interior dimensions of 31" x 17.8" x 9.75" accommodate oversized cookware.
- **Standard Drain Opening:** 3.5" drain opening compatible with most garbage disposals.

4. SETUP AND INSTALLATION

Proper installation is crucial for the optimal performance and longevity of your sink. Please follow these guidelines carefully.

4.1 Pre-Installation Notes

- Ensure your cabinet base size is a minimum of 36 inches for clip installation.
- Review the included cutout template for precise countertop opening requirements.

- Gather all necessary tools before beginning installation.

4.2 Installation Steps

1. Prepare the countertop opening according to the provided template.
2. Apply a bead of silicone sealant around the edge of the sink opening on the countertop.
3. Carefully lower the sink into the opening.
4. Secure the sink using the provided installation clips and hardware from underneath the countertop. Tighten evenly to ensure a snug fit.
5. Connect the faucet, glass rinser, and drain assembly according to their individual instructions. Ensure all connections are watertight.
6. Test for leaks before final use.

5. OPERATING INSTRUCTIONS

Familiarize yourself with the various functions of your new workstation sink.

5.1 Faucet Operation

- The pull-out faucet features three spray modes:
 - **Powerful Mode:** For heavy-duty cleaning.
 - **Spray Mode:** For general rinsing.
 - **Stream Mode:** For filling pots and general water flow.
- Switch between modes using the button on the faucet head.

PULL-OUT FAUCET WITH 3 SPOUTING MODES

Image: Illustration of the pull-out faucet head, highlighting the three distinct spouting modes for various kitchen tasks.

5.2 Waterfall Feature and Water Outlet Control

- The integrated knob allows you to control the water temperature and switch the water flow between the main faucet and the waterfall feature.
- Rotate the knob to the left for faucet output and to the right for waterfall output.

5.3 Glass Rinser

- Place a cup or glass upside down on the rinser and press down to activate a high-pressure water stream for quick cleaning.

5.4 Workstation Accessories

- Utilize the integrated tracks to slide the cutting board, roll-up rack, and colander as needed for food preparation, drying, or rinsing.

6. MAINTENANCE

Regular cleaning and proper care will ensure your Lordear kitchen sink remains in excellent condition.

6.1 Cleaning Instructions

- Clean the sink regularly with mild soap and water.
- Avoid abrasive cleaners, steel wool, or harsh chemicals, as these can damage the stainless steel finish.
- Rinse thoroughly after cleaning and wipe dry to prevent water spots.

6.2 Preventing Damage

- Avoid dropping heavy or sharp objects into the sink to prevent dents.
- Use the bottom grid to protect the sink surface from scratches and impacts.
- The anti-condensation layer on the underside of the sink helps protect your cabinet from moisture, but ensure proper ventilation in the cabinet area.

QUIETEST SINK FOR YOU

7. TROUBLESHOOTING

If you encounter any issues with your Lordear kitchen sink, refer to the following common troubleshooting tips:

- **Leaking Connections:** Check all water supply lines and drain connections for tightness. Ensure all washers and seals are correctly seated.
- **Slow Drainage:** Inspect the drain strainer for debris. If using a garbage disposal, ensure it is clear.
- **Low Water Pressure (Faucet/Waterfall):** Check water supply valves are fully open. Inspect faucet aerator for mineral

buildup and clean if necessary.

- **Water Spots/Stains:** Ensure the sink is wiped dry after each use. For stubborn spots, use a stainless steel cleaner designed for kitchen sinks.

For issues not covered here, please contact Lordear customer support.
