# Belord Dual-Adjust Swivel Outdoor Recliner Chair Instruction Manual

Model: BE-KWBR20P-1-BR/BL-AA

---

## 1. PRODUCT OVERVIEW

---

The Belord Dual-Adjust Swivel Outdoor Recliner Chair is designed for outdoor leisure, offering both reclining and 360-degree swivel functionality. It features a durable construction suitable for various outdoor environments.

**Figure 1.1:** Belord Dual-Adjust Swivel Outdoor Recliner Chair. This image displays the recliner chair in its upright position, featuring brown wicker and blue cushions, highlighting its design and color.

## 2. SETUP AND ASSEMBLY

This product requires assembly. Please follow the instructions carefully. It is recommended to have two people for assembly.

### 2.1 Unpacking

1. Carefully open the packaging and remove all components.
2. Verify that all parts listed in the assembly guide (not provided here, refer to included manual) are present and undamaged.
3. Place components on a soft, clean surface to prevent scratches during assembly.

### 2.2 Assembly Steps

While specific steps are not detailed here, general assembly involves:

- Attaching the chair base to the main seat frame.
- Securing the backrest and footrest mechanisms.
- Ensuring all nuts and bolts are tightened to prevent swaying and ensure stability.

- Placing the cushions onto the assembled chair.

**Figure 2.1:** Product dimensions and assembly requirement. This image illustrates the chair's dimensions in both upright and reclined positions, indicating a weight capacity of 300 lbs and confirming that assembly is required.

**Figure 2.2:** Detail of the smooth swivel base. This image shows the sturdy round base of the chair, designed for full 360-degree rotation and stability.

### 3. OPERATING INSTRUCTIONS

#### 3.1 Reclining Function

The chair features a dual-button pneumatic recline system for customized comfort:

- One button controls the backrest, allowing adjustment from an upright position to a reclined angle.
- The other button adjusts the footrest, extending it for leg support.
- The chair can recline between 108° and 155°.

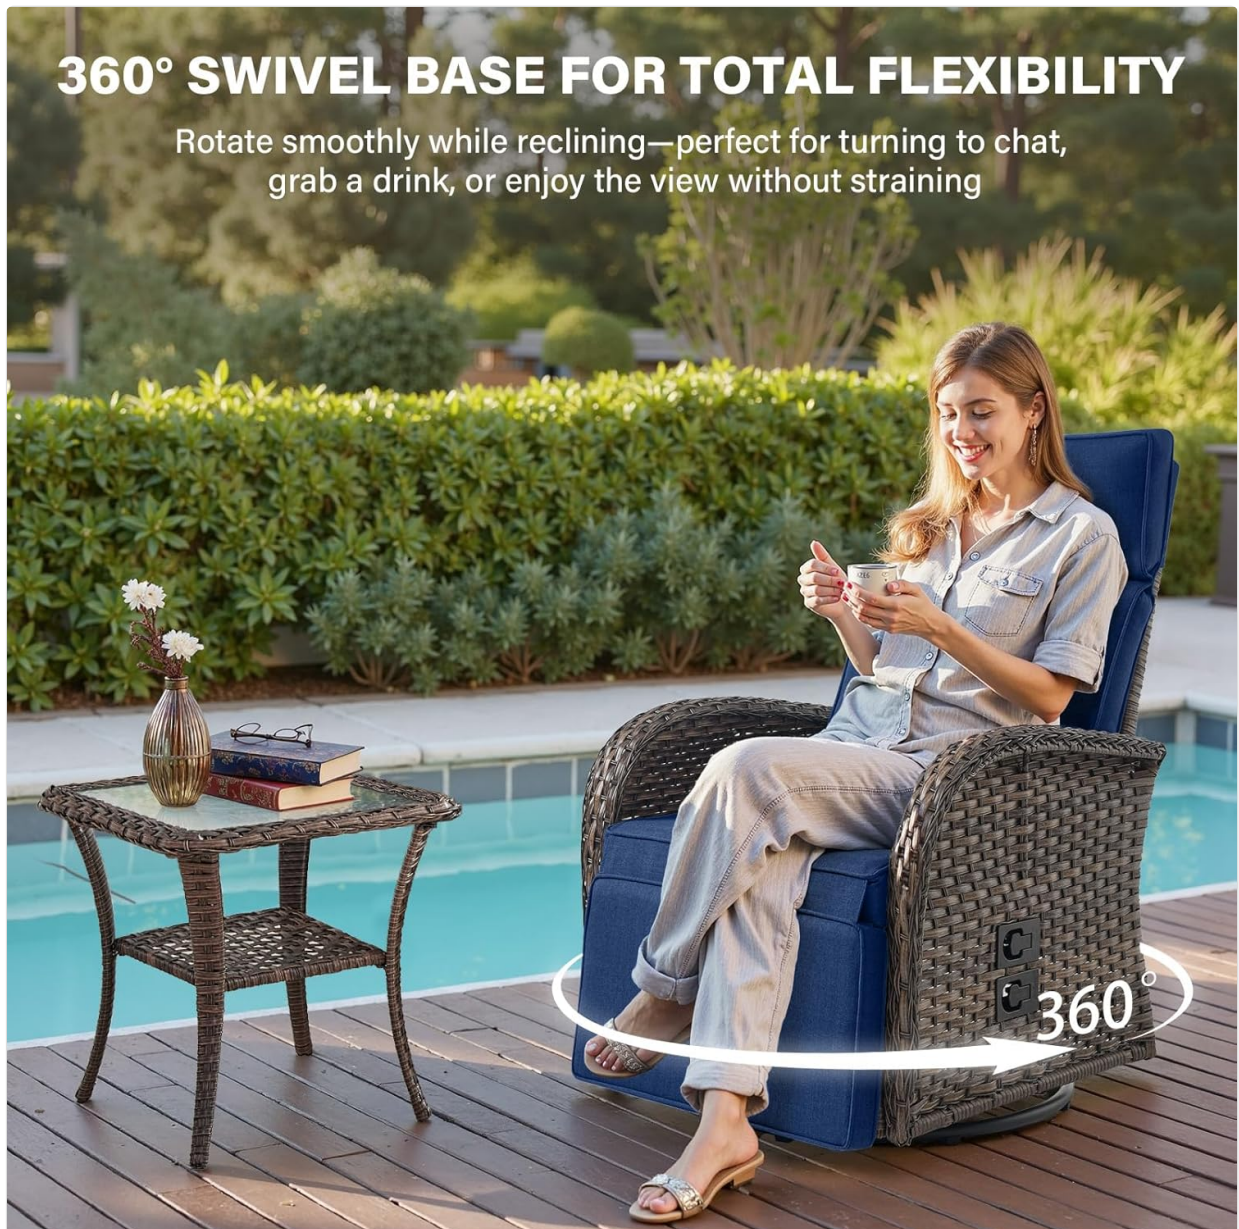

**Figure 3.1:** Dual adjustment controls for backrest and legrest. This image highlights the two individual control buttons on the side of the chair, demonstrating how they adjust the backrest and footrest independently for full-body comfort.

**Figure 3.2:** Close-up of backrest and footrest controls. This image provides a detailed view of the two control levers, showing how one is used to lean back and the other to raise the legs.

### 3.2 Swivel Function

The chair features a 360-degree swivel base, allowing for effortless rotation. This enables you to easily adjust your view or turn towards conversations without moving the entire chair.

**Figure 3.3:** 360-degree swivel base in use. This image shows a person comfortably seated in the recliner, demonstrating the chair's ability to rotate smoothly, indicated by a 360-degree arrow.

## 4. MAINTENANCE

---

Proper maintenance ensures the longevity and appearance of your Belord recliner chair.

### 4.1 Cushion Care

- The high-density foam cushions are covered in fade-resistant and water-resistant fabric.
- Cushion covers are removable and easy to clean. Unzip the covers and wash as per fabric care instructions (typically machine wash cold, gentle cycle, air dry).
- Ensure cushions are completely dry before re-attaching to prevent mildew.

### 4.2 Frame Care

- The chair features a rust-resistant, powder-coated steel frame and handwoven PE wicker.
- Clean the frame and wicker with a soft cloth, mild soap, and water. Rinse thoroughly and dry completely.
- Avoid using harsh chemicals or abrasive cleaners, as these can damage the finish.
- The all-weather design allows the chair to withstand rain, sun, and wind, but covering it during extreme weather or prolonged periods of non-use can extend its lifespan.

## Premium Olefin Fabric for Maximum Protection

## 5. TROUBLESHOOTING

If you encounter issues with your recliner chair, consider the following:

- **Swaying or Instability:** Ensure all nuts and bolts are securely tightened. Over time, fasteners may loosen and require re-tightening.
- **Reclining Mechanism Stiffness:** Check for any obstructions around the backrest or footrest mechanisms. Ensure the pneumatic system is operating smoothly. Avoid forcing the mechanism.
- **Swivel Base Issues:** If the swivel action is not smooth, check for debris or obstructions under the base. Ensure the base is level on the ground.
- **Cushion Discomfort:** If cushions feel scratchy or uncomfortable, ensure they are properly seated and consider adding a throw blanket for personal preference.

For persistent issues, please contact customer support.

## 6. SPECIFICATIONS

<b>Feature</b>	<b>Detail</b>
Brand	Belord
Model Name	BE-KWBR20P-1-BR/BL-AA
Product Dimensions	26"D x 27"W x 40"H
