3. PACKAGE CONTENTS

Please ensure all items are present in your package:

- 1 x EWEADN V96 Wireless Keyboard
- 1 x EWEADN Wireless Mouse
- 1 x USB Receiver (stored inside the keyboard's battery compartment)

- 1 x User Manual (this document)

*Note: AAA batteries for the keyboard (2 required) and AA battery for the mouse (1 required) are **not included**.*

4. SETUP GUIDE

Follow these steps to set up your wireless keyboard and mouse combo:

1. **Install Batteries:**

   - Open the battery compartment on the back of the keyboard and insert two AAA batteries, ensuring correct polarity.
   - Open the battery compartment on the bottom of the mouse and insert one AA battery, ensuring correct polarity.

2. **Locate USB Receiver:** The USB receiver is conveniently stored inside the keyboard's battery compartment. Carefully remove it.

3. **Plug in USB Receiver:** Insert the USB-A receiver into an available USB port on your computer (desktop, laptop, Chromebook, etc.).

4. **Power On Devices:**

   - For the keyboard, ensure the power switch (usually located near the battery compartment) is in the 'ON' position.
   - For the mouse, ensure the power switch on the bottom is in the 'ON' position.

5. **Automatic Connection:** The keyboard and mouse should automatically connect to your computer. No additional drivers are typically required.

5. OPERATING INSTRUCTIONS

5.1 Keyboard Usage

The V96 keyboard features a standard 104-key layout with additional multimedia functions.

Multimedia Shortcut Keys:

To use the multimedia functions (F1-F12), press and hold the**Fn** key, then press the desired function key.

- **Fn + F1:** Music Player
- **Fn + F2:** Play/Pause
- **Fn + F3:** Previous Track
- **Fn + F4:** Next Track
- **Fn + F5:** Volume Down
- **Fn + F6:** Volume Up
- **Fn + F7:** Mute

- **Fn + F8:** Web Browser
- **Fn + F9:** Search
- **Fn + F10:** Favorites
- **Fn + F11:** Email
- **Fn + F12:** Lock/Windows Key

Image: A detailed layout of the V96 keyboard, highlighting the multimedia shortcut keys (F1-F12) and their corresponding functions when used with the Fn key.

5.2 Mouse Usage

The wireless mouse provides precise and quiet clicking. It features adjustable DPI settings.

Adjusting DPI:

The mouse has three adjustable DPI levels: 800, 1200 (default), and 1600. To change the DPI, press the DPI button located on the top of the mouse, usually behind the scroll wheel. Each press cycles through the available DPI settings.

Image: A close-up of the wireless mouse, indicating its quiet operation and the location of the DPI adjustment button, along with the 2.4G/OFF switch.

6. POWER MANAGEMENT

Both the keyboard and mouse are designed with automatic sleep functions to conserve battery life.

- **Automatic Sleep:** After 5 seconds of inactivity, both devices will enter a power-saving sleep mode.

- **Waking Up:** To wake up the keyboard, press any key. To wake up the mouse, click any button.

- **Low Battery Indication:** The keyboard features a low battery indicator light in the top right corner. When the battery is low, this light will illuminate, reminding you to replace the batteries.

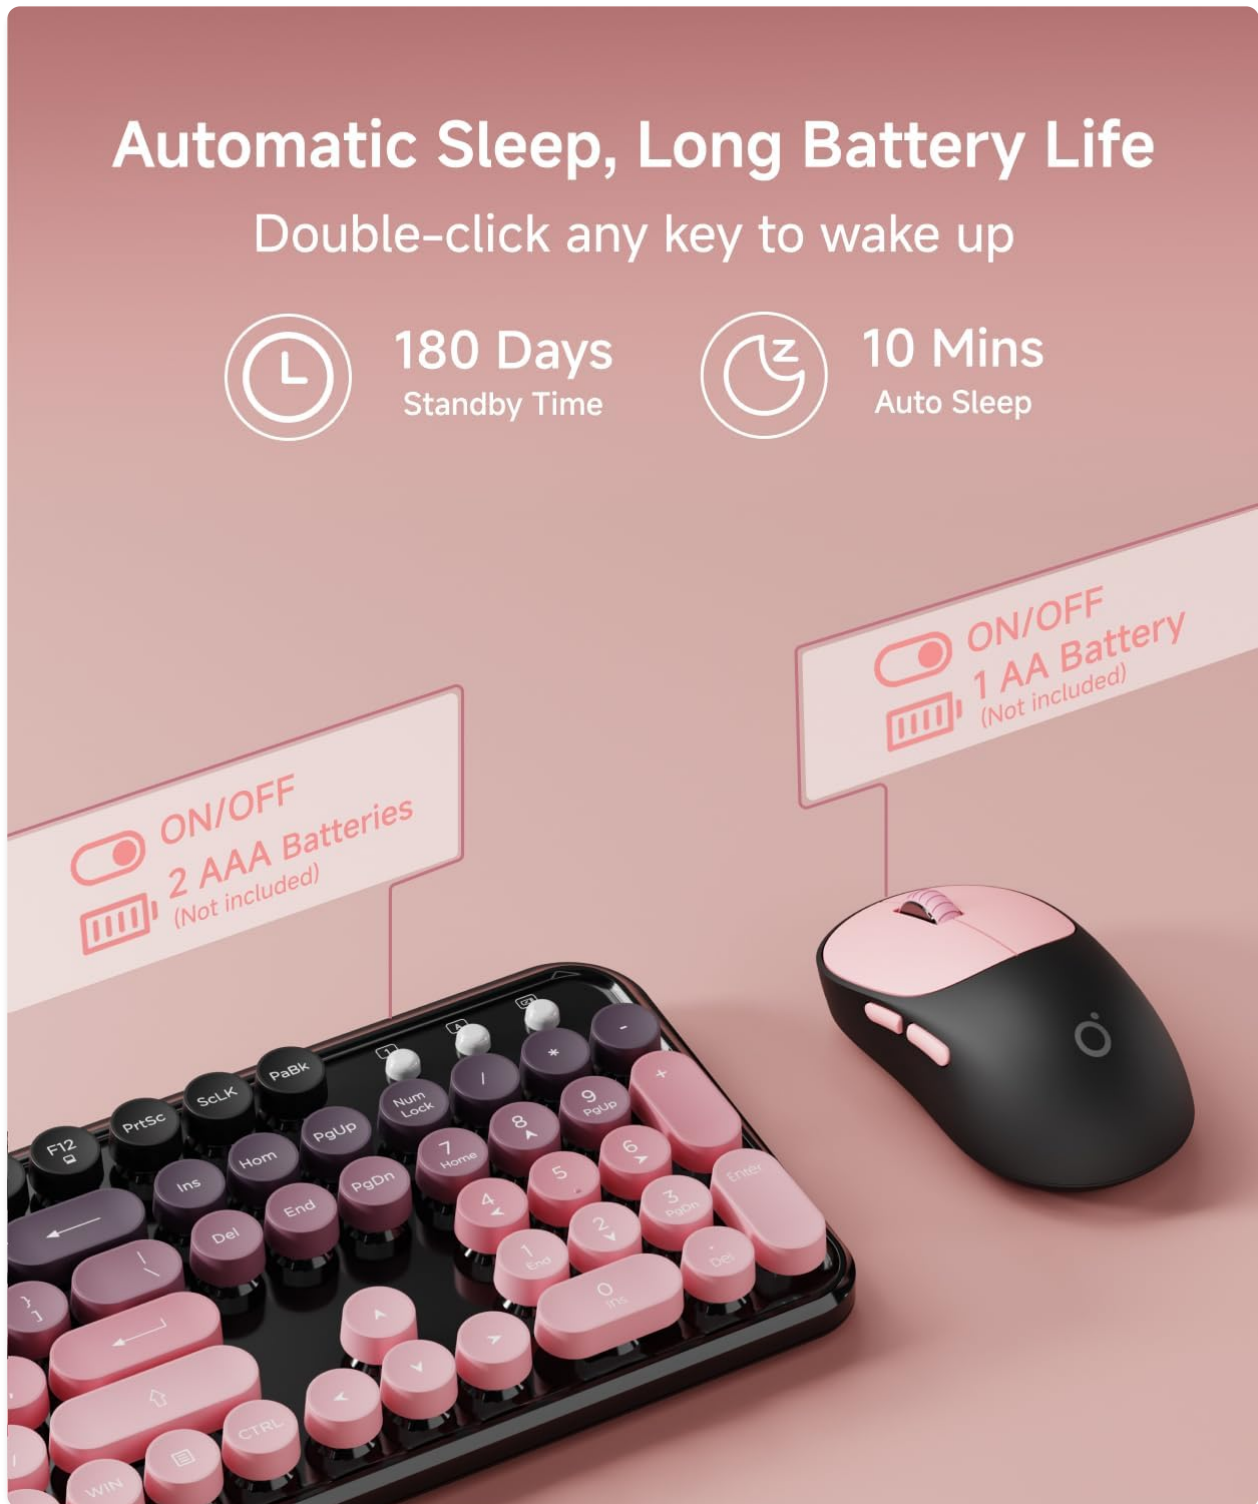

Image: An illustration detailing the automatic sleep function (10 mins auto sleep) and standby time (180 days), along with the battery requirements for both the keyboard (2 AAA) and mouse (1 AA).

7. COMPATIBILITY

The EWEADN V96 Wireless Keyboard and Mouse Combo is widely compatible with various operating systems:

- Windows 10 / 8 / 7 / XP / Vista
- Mac OS
- Chrome OS
- Linux

It is suitable for use with desktops, Chromebooks, PCs, laptops, and more.

8. MAINTENANCE

To ensure the longevity and optimal performance of your keyboard and mouse combo, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to wipe down the surfaces of the keyboard and mouse. For stubborn dirt, a slightly damp cloth can be used, but ensure no moisture enters the internal components.
- **Avoid Liquids:** Do not expose the devices to water or other liquids. Spills can cause permanent damage.
- **Battery Replacement:** Replace batteries promptly when the low battery indicator appears to maintain consistent performance. Dispose of old batteries responsibly.
- **Storage:** When not in use for extended periods, turn off both the keyboard and mouse to conserve battery life. Store the USB receiver in its designated slot within the keyboard's battery compartment.
- **Handle with Care:** Avoid dropping or subjecting the devices to strong impacts.

9. TROUBLESHOOTING

If you encounter issues with your EWEADN V96 combo, refer to the following common solutions:

- **No Connection / Devices Not Responding:**

  - Ensure both the keyboard and mouse are turned ON.
  - Check if the USB receiver is securely plugged into a working USB port on your computer. Try a different USB port.
  - Replace the batteries in both the keyboard and mouse, even if the low battery indicator is not on.
  - **Re-pairing Procedure:** If the devices lose connection, you may need to re-pair them. This can sometimes be achieved by pressing **Fn + Q** simultaneously, then **Fn + W** until the keyboard lights up briefly, indicating a successful re-connection.

- **Lag or Intermittent Connection:**

  - Move the keyboard and mouse closer to the USB receiver.
  - Ensure there are no large metal objects or other wireless devices (like Wi-Fi routers, cordless phones) operating too close to the receiver, as they can cause interference.

- **Mouse Cursor Jumps or is Inaccurate:**

  - Clean the optical sensor on the bottom of the mouse.
  - Try using the mouse on a different surface. A mouse pad is recommended.
  - Adjust the DPI setting to a lower value if the cursor is too sensitive.

- **Keys Not Registering / Sticky Keys:**

- Ensure the keyboard is clean and free of debris under the keycaps.
- Check battery levels.
