## CITLLA K9300

# CITLLA K9300 Wireless Bluetooth Keyboard Instruction Manual

Model: K9300 | Brand: CITLLA

## INTRODUCTION

Thank you for choosing the CITLLA K9300 Wireless Bluetooth Keyboard. This full-size keyboard is designed for multi-device compatibility, offering a comfortable and quiet typing experience across various operating systems. Please read this manual carefully to ensure proper setup and optimal use of your new keyboard.

## PACKAGE CONTENTS

- 1 x CITLLA K9300 Wireless Bluetooth Keyboard
- 2 x AAA Batteries (pre-installed or included separately)
- 1 x 2.4G USB Receiver (stored in the battery compartment)
- 1 x User Manual

## KEY FEATURES

---

- **Ergonomic Comfort and Silent Typing:** Features laptop-style keys with curved keycaps for effortless typing. The scissor-foot structure reduces typing noise by 30%, ideal for quiet environments.
- **Seamless 3-Device Switching:** Connects to up to three devices via a 2.4G universal USB receiver and dual Bluetooth connections. Switch between your computer, tablet, laptop, or phone with a single touch.
- **Wide Operating System Compatibility:** Compatible with Windows, macOS, Linux, iOS, and Android systems without requiring additional drivers.
- **Long Battery Life:** Enjoy up to 24 months of use with high-capacity batteries and automatic sleep technology. Two AAA batteries are included.
- **Adjustable Height for Enhanced Comfort:** Features a 3-level adjustable stand to customize the typing angle for optimal wrist comfort.
- **Smart Multimedia and Quick Access Keys:** Dedicated hotkeys for volume control, playback, navigation, and function keys (F-keys) enhance productivity.
- **Premium Design and Durability:** Ultra-thin (0.3 inches) design with anti-smudge and splash-resistant properties for easy cleaning and prolonged use.

## Teclado FullSize de 104+4 teclas

Un teclado de tamaño estándar permite a los usuarios escribir más cómodamente y es más adecuado para un uso prolongado.

# 108 Keys

### Quiet Click

el teclado adopta un diseño silencioso, reduciendo el 90% del ruido generado.

### Diseño de estructura de tijera X

Estructura más estable, mayor vida útil.

## SETUP

### 1. Inserting Batteries

1. Locate the battery compartment on the underside of the keyboard.
2. Open the compartment cover.
3. Insert the two AAA batteries, ensuring correct polarity (+/-).
4. Close the battery compartment cover.

### 2. Powering On

Slide the power switch, located on the side or top-right of the keyboard, to the 'ON' position. An indicator light may briefly illuminate.

## AMPLIA COMPATIBILIDAD

Compatible con todas las versiones del sistema Windows, Linux, Chrome OS, Mac OS,IOS

### 3. Connecting via 2.4G USB Receiver

1. Retrieve the 2.4G USB receiver from its storage slot, usually within the battery compartment.
2. Plug the USB receiver into an available USB-A port on your computer or device.
3. Press the dedicated 2.4G connection key (often labeled '1' or with a 2.4G icon) on the keyboard to switch to 2.4G mode. The keyboard should connect automatically.

### 4. Connecting via Bluetooth (BT1, BT2)

The keyboard supports two Bluetooth connections (BT1 and BT2).

1. Ensure your device's Bluetooth is enabled.
2. On the keyboard, press and hold either the BT1 key or the BT2 key (often labeled '2' or '3') for approximately 3-5 seconds until the corresponding indicator light starts blinking rapidly. This indicates pairing mode.
3. On your device, go to Bluetooth settings and search for new devices.
4. Select "CITLLA K9300" or a similar name from the list of available devices to pair.
5. Once connected, the indicator light will stop blinking and remain solid for a few seconds before turning off.

# Compatible con conmutación multidispositivo

con un receptor USB-A y dos  
Bluetooth, cambio rápido entre  
varios dispositivos.

## OPERATING INSTRUCTIONS

### 1. Switching Between Devices

To switch between your connected devices, simply press the corresponding connection key:

- Press the '1' key for the 2.4G USB connection.
- Press the '2' key for Bluetooth Device 1.
- Press the '3' key for Bluetooth Device 2.

### 2. Using Multimedia and Function Keys

The keyboard features dedicated multimedia and function keys for quick access to various controls. To activate these functions, press the **Fn** key simultaneously with the desired F-key (F1-F12).

Key Combination	Function
Fn + F1	Decrease Brightness

Key Combination	Function
Fn + F2	Increase Brightness
Fn + F3	Open Browser
Fn + F4	Task View
Fn + F5	Change Input Method
Fn + F6	Lock Computer
Fn + F7	Previous Track
Fn + F8	Pause/Play
Fn + F9	Next Track
Fn + F10	Mute
Fn + F11	Volume Down
Fn + F12	Volume Up

Image: Diagram illustrating the functions of the multimedia and F-keys when used with the Fn key.

### 3. Adjusting Keyboard Angle

The keyboard features a 3-level adjustable stand on its underside. Gently pull out the feet to select your preferred typing angle (low, medium, or high) for ergonomic comfort.

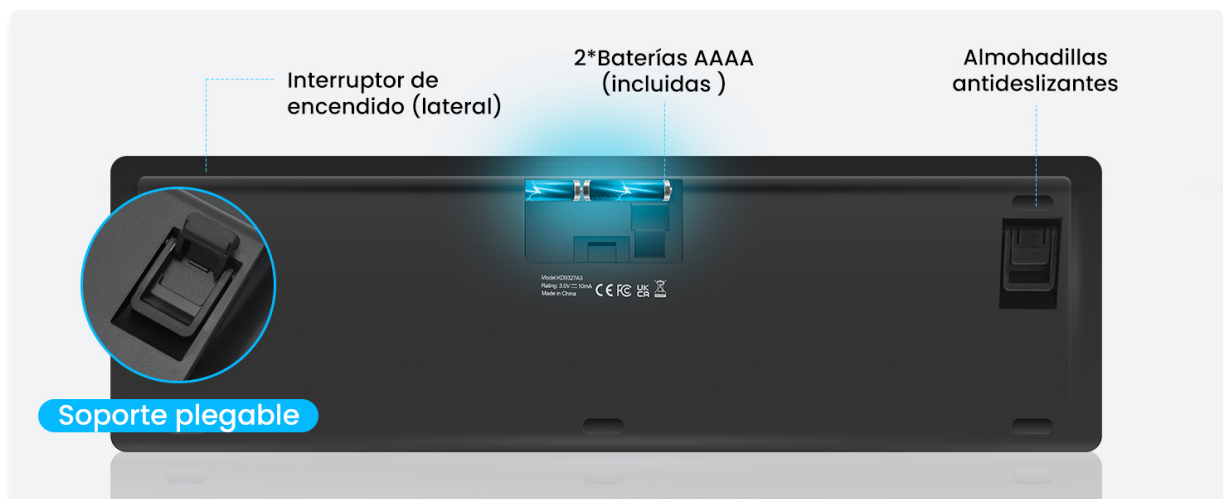

Image: The keyboard shown with its adjustable feet, illustrating the three available height settings for ergonomic customization.

## MAINTENANCE

### 1. Cleaning

The keyboard's design includes anti-smudge and splash-resistant features. To clean, gently wipe the surface with a soft, damp cloth. Avoid using harsh chemicals or abrasive materials. Ensure the keyboard is powered off before cleaning.

Image: The keyboard with water droplets on its surface, illustrating its splash-resistant design.

### 2. Battery Replacement

When the keyboard's battery life diminishes, replace the two AAA batteries. Follow the steps for 'Inserting Batteries' in the Setup section.

## TROUBLESHOOTING

- **Keyboard not connecting:** Ensure the keyboard is powered on and the correct connection mode (2.4G, BT1, or BT2) is selected. For Bluetooth, ensure your device's Bluetooth is active and the keyboard is in pairing mode. Try re-pairing if necessary.
- **Input lag or dropped connection:** Check battery levels and replace if low. Ensure the keyboard is within the effective range of your device (typically up to 10 meters). Minimize interference from other wireless devices.
- **Keys not responding:** Check if the keyboard is powered on and connected. If specific keys are not working, try cleaning around them.
- **Multimedia keys not working:** Ensure you are pressing the Fn key simultaneously with the desired F-key.
