4. GAMEPLAY

The core gameplay follows the rules of classic UNO. Players take turns matching the top card of the Discard Pile by color, number, or symbol. The objective is to be the first player to empty their hand of cards.

Playing Speed Pack Cards

- **Speed Up Icon:** Each Speed Pack card features one or two 'Speed Up' icons.
- **Discarding Cards:** When a Speed Pack card is played, the number of cards players must discard per turn increases.
 - Play starts at level '1' (discard one card).
 - At level '2', players must discard two cards.
 - At level '3', players must discard three cards, and so on.
- **Wild Cards:** Speed Pack Wild Cards with two 'Speed Up' icons double the speed increase, making the game even faster.
- **Penalty for Insufficient Discards:** If a player cannot discard the required number of cards, they must discard what

they can and then draw the difference from the Draw Pile as a penalty.

- **Color-Blind Friendly:** Each card includes special symbols for easy identification, ensuring accessibility for color-blind players.
- **Mix and Match:** The Add-On symbols on the card backgrounds allow for easy integration and separation from other UNO Add-On Packs.

Symbols help separate out the Add-On Pack cards.
