AKORD K-100

AKORD K-100 Chest of Drawers Instruction Manual

Model: KOMMK1002D3SZSONWEIPK | Brand: AKORD

INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your AKORD K-100 Chest of Drawers. Please read all instructions carefully before beginning assembly and retain this manual for future reference. The AKORD K-100 chest of drawers combines a clean design with functional storage, featuring three drawers and two doors for organizing daily items. Its clear lines and compact size make it an ideal addition to modern living or sleeping spaces.

SETUP AND ASSEMBLY

Assembly of the AKORD K-100 Chest of Drawers is required. For optimal results and safety, it is recommended that two people perform the assembly.

Before You Begin:

- **Unpack all components:** Carefully remove all parts from the packaging and lay them out on a clean, soft surface (e.g., a blanket or carpet) to prevent scratches.
- **Identify all parts:** Refer to the included assembly diagram to identify each panel and piece of hardware. *Note:* Some parts may not be individually numbered. Sorting all components and hardware before starting will facilitate the assembly process.
- **Check for damage:** Inspect all parts for any damage. If any parts are damaged or missing, do not proceed with assembly. Contact customer support immediately.

Tools Required:

- Phillips head screwdriver
- Hammer (for dowels)
- Measuring tape (optional, for unnumbered parts)

Assembly Steps:

1. **Assemble the main frame:** Follow the step-by-step illustrations in the provided assembly diagram to connect the side panels, bottom, and top panels using the designated hardware (dowels, cam locks, screws).
2. **Install drawer slides:** Attach the drawer slides to the interior side panels of the cabinet frame. Ensure they are level and securely fastened. The drawer slides are of the ball bearing type for smooth operation.
3. **Assemble drawers:** Construct the three drawers according to the diagram, attaching the drawer slides to the drawer boxes.
4. **Install doors:** Attach the hinges to the two doors and then mount the doors to the cabinet frame. Adjust hinges as necessary to ensure proper door alignment.
5. **Insert drawers:** Carefully slide the assembled drawers into their respective tracks.
6. **Attach handles:** Securely fasten all handles to the drawers and doors.

OPERATING INSTRUCTIONS

The AKORD K-100 Chest of Drawers is designed for straightforward use.

- **Drawers:** To open a drawer, gently pull the handle. To close, push the drawer back until it is fully seated. The ball bearing slides ensure smooth movement. Avoid forcing drawers if they encounter resistance.
- **Doors:** To open a door, pull the handle. To close, push the door until it is fully shut.
- **Loading:** Distribute weight evenly within drawers and on shelves. Avoid overloading to prevent damage to the unit and ensure proper function of drawers and doors.

MAINTENANCE

Proper care will extend the life and appearance of your chest of drawers.

- **Cleaning:** Wipe surfaces with a soft, slightly damp cloth. For stubborn marks, use a mild, non-abrasive cleaner specifically designed for furniture. Dry immediately with a clean, soft cloth. Avoid using harsh chemicals, abrasive cleaners, or polishes containing silicone.
- **Spills:** Immediately wipe up any spills to prevent moisture damage to the engineered wood.
- **Hardware Check:** Periodically check all screws, bolts, and fittings for tightness. Tighten as necessary to maintain stability and prevent wobbling.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause fading or discoloration.
- **Humidity Control:** Maintain a stable room temperature and humidity level to prevent warping or cracking of the wood material.

TROUBLESHOOTING

If you encounter issues with your AKORD K-100 Chest of Drawers, refer to the following common solutions:

- **Drawers not closing smoothly:** Check for any obstructions in the drawer slides or within the drawer itself. Ensure the drawer slides are properly aligned and securely fastened to both the drawer box and the cabinet frame.
- **Doors not aligning or closing properly:** Adjust the hinges on the doors. Most furniture hinges allow for minor adjustments (up/down, left/right, in/out) using a screwdriver. Refer to the hinge manufacturer's instructions if available.
- **Unit is wobbly:** Ensure all assembly screws and cam locks are fully tightened. Check that the unit is placed on a level surface. If the floor is uneven, use furniture glides or shims under the feet to stabilize the unit.
- **Missing or damaged parts:** If you discover missing or damaged parts during assembly, stop assembly immediately and contact customer support for assistance.

If problems persist after attempting these solutions, please contact customer support.

SPECIFICATIONS

Feature	Detail
Brand	AKORD
Model Number	KOMMK1002D3SZSONWEIPK
Dimensions (D x W x H)	35 cm x 101 cm x 76 cm
Material	Engineered Wood
