

## SKG ES300

# SKG Eye Massager ES300 Instruction Manual

Model: ES300 | Brand: SKG

## INTRODUCTION

---

The SKG Eye Massager ES300 is designed to provide relaxation and relief for tired eyes. Featuring advanced air compression, soothing heat, and optional Bluetooth music, this device offers a customizable experience to help alleviate eye strain, dryness, and discomfort. Its foldable design ensures portability, making it suitable for use at home, in the office, or while traveling.

## IMPORTANT SAFETY INFORMATION

---

**Please read all safety instructions before use.**

- This product is not suitable for individuals who have undergone eye surgery or who have eye conditions, including but not limited to retinal disorders, cataracts, or glaucoma. If you have any concerns, please consult a healthcare professional before use.
- This product is not a medical device and is intended for general wellness and relaxation purposes only. It is not intended to diagnose, treat, cure, or prevent any disease or health condition. Results may vary.
- A normal operating noise level of below 45 dB may be heard during use due to air compression and vibration technology.
- If the massage feels too strong, please switch to a lower compression setting for added comfort.
- Please check for any allergy to protein leather before use.
- Do not use the device while charging.

## PRODUCT OVERVIEW

---

The SKG Eye Massager ES300 features a sleek, foldable design for easy storage and portability. The interior is lined with soft, comfortable material, while the exterior provides a durable casing. Key controls are intuitively placed for ease of use.

## SETUP AND FIRST USE

---

### Charging the Device

Before first use, fully charge the eye massager. Use a 5V/1A power adapter to charge the device. Do not use a PD (Power Delivery) adapter. The charging port is a USB-C type.

### Adjusting the Headband

The headband is adjustable. Please adjust it to fit the size of your head and face for optimal comfort. A proper fit ensures effective massage and heat distribution.

## OPERATING MODES AND FEATURES

---

The SKG Eye Massager ES300 offers 5 smart massage modes, combining air compression, vibration, and heat to suit various needs.

### Power On/Off and Mode Selection

- **Power On/Off:** Long press the power button for 2 seconds.
- **Mode Switch:** Short press the power button to cycle through the 5 available modes. The device will announce the current mode.

## Available Modes:

- **Relax Mode:** Gentle compression and heat for general relaxation.
- **Eye Protection Mode:** Focuses on relieving eye strain.
- **Vitality Mode:** More invigorating massage to refresh tired eyes.
- **Dynamic Mode:** Combines various massage techniques for a comprehensive experience.
- **Sleep Mode:** Soft, calming massage with gentle heat, ideal for preparing for sleep.

## MAINTENANCE

---

To ensure the longevity and hygiene of your SKG Eye Massager ES300, follow these simple maintenance guidelines:

- Wipe the exterior of the device with a soft, damp cloth. Do not use abrasive cleaners or immerse the device in water.

- Store the massager in a cool, dry place, away from direct sunlight and extreme temperatures.
- When not in use, fold the device for compact storage to protect the internal components.

## TROUBLESHOOTING

---

- **Device not turning on:** Ensure the device is fully charged. Long press the power button for 2 seconds.
- **Massage feels too strong:** Short press the power button to cycle through modes and select a gentler compression setting.
- **No music or Bluetooth connection issues:** Double tap the power button to ensure music is enabled. Check your phone's Bluetooth settings to confirm connection to "ES300". Ensure the device is charged.
- **Unusual noise during operation:** A normal operating noise level of below 45 dB may be heard. If the noise is excessive or unusual, discontinue use and contact support.
