**GEVEELIFE CYJ**

# GEVEELIFE Cordless Leaf Blower Instruction Manual

Model: CYJ | Brand: GEVEELIFE

## 1. Introduction

This manual provides essential information for the safe and effective operation, maintenance, and troubleshooting of your GEVEELIFE Cordless Leaf Blower. Please read this manual thoroughly before initial use and retain it for future reference. This leaf blower is designed for clearing leaves, dust, light debris, and snow from various outdoor surfaces such as yards, decks, driveways, and garages.

### Important Safety Information

Always observe basic safety precautions to reduce the risk of fire, electric shock, and personal injury when operating this product.

- Read all instructions carefully before operating the leaf blower.
- Wear appropriate personal protective equipment, including eye protection, hearing protection, and sturdy footwear.
- Keep children, bystanders, and pets away from the operating area.
- Do not operate the leaf blower in wet conditions or near flammable liquids or gases.
- Ensure the battery is fully charged before use and always use the charger provided by GEVEELIFE.
- Inspect the unit for any damage before each use. Do not operate if damaged.

## 2. Package Contents

Verify that all items listed below are included in your package. If any items are missing or damaged, please contact GEVEELIFE customer support.

- 1x Leaf Blower Body
- 1x Blower Tube
- 1x Extension Nozzle
- 2x 20V-5.0Ah Lithium-Ion Batteries
- 1x Fast Charger
- 1x Shoulder Strap

- 1x Chassis
- 1x User Manual

## 3. Setup

### Assembly Instructions

Follow these steps to assemble your GEVEELIFE Cordless Leaf Blower:

1. **Attach Blower Tube:** Push the blower tube onto the tool body buckle. Rotate the tube clockwise until it locks securely into place.
2. **Install Battery:** Align the 20V-5.0Ah battery with the battery slot on the main body of the leaf blower. Slide the battery into place until it clicks, indicating it is fully seated.
3. **Secure Chassis:** Push the chassis onto the bottom of the product to secure it, providing a stable base when the blower is set down.

## 4. Operation

### Battery Charging and Installation

Your leaf blower comes with two 20V-5.0Ah Lithium-Ion batteries and a fast charger. Ensure batteries are fully charged before first use.

- Connect the fast charger to a standard power outlet.
- Insert the battery into the charger. The indicator light on the charger will show the charging status.
- Once fully charged, remove the battery from the charger.
- To install, slide the charged battery into the battery slot on the leaf blower until it clicks. To remove, press the release button and slide the battery out.

***Note:*** *The provided batteries are not compatible with DEWALT tools.*

## Powering On/Off and Speed Control

The leaf blower features a 3-speed control system to adapt to various cleaning tasks:

- **To Power On:** Press the power button.
- **Speed 1 (Gather Leaves):** Ideal for light tasks and gathering loose leaves into piles.
- **Speed 2 (Clean Dry Leaves and Small Debris):**Suitable for clearing dry leaves and small, light debris from surfaces.
- **Speed 3 (Clean Stones and Heavy Wet Leaves):**Provides maximum power for moving heavier items like wet leaves, small stones, or stubborn debris.
- **To Power Off:** Press the power button again.

## Usage Tips

- The leaf blower is designed to be lightweight (approximately 4.4 lbs) for fatigue-free operation.
- Utilize the non-slip ergonomic handle for comfortable grip and control.
- Attach the included shoulder strap to further ease the burden on your hands during extended use.
- The detachable design allows for easier storage and convenient transport.
- The tapered nozzle and 650CFM airflow are effective for clearing large piles of leaves and debris.

## 5. Maintenance

### Cleaning

- Always disconnect the battery before cleaning.
- Wipe the exterior of the leaf blower with a clean, damp cloth. Do not use harsh chemicals or abrasive cleaners.
- Ensure the air intake vents are clear of debris to prevent overheating. Use a soft brush or compressed air if necessary.
- Clean the blower tube and nozzle regularly to maintain optimal airflow.

### Storage

- Store the leaf blower in a dry, cool place, away from direct sunlight and moisture.
- Remove the battery from the leaf blower before storing for extended periods. Store batteries in a cool, dry place.

- The detachable design allows for compact storage.

## 6. Troubleshooting
