ZEUKMXOO ZEUK-GASV1573-3-SSU

ZEUKMXOO 5-Tier Metal Rack Instruction Manual

Model: ZEUK-GASV1573-3-SSU

Product Overview

The ZEUKMXOO 5-Tier Metal Rack is a versatile and sturdy storage solution designed for various environments such as garages, warehouses, and utility rooms. This unit features five adjustable shelves, a robust steel frame, and a powder-coated finish for durability. It is designed for easy assembly without the need for special tools.

Key Features:

- **5-Tier Design:** Provides ample storage space with five levels.
- **Adjustable Height:** Shelves can be repositioned to accommodate items of various sizes.
- **Sturdy Metal Construction:** Made from durable steel for long-lasting use.
- **Powder-Coated Finish:** Helps prevent rust and corrosion.
- **Easy Assembly:** Designed for quick setup without specialized tools.
- **Floor Protection:** Includes rubber feet to prevent scratching floors.

Setup Instructions

Follow these steps to assemble your ZEUKMXOO 5-Tier Metal Rack. It is recommended to assemble the unit on a flat, stable surface.

1. **Unpack Components:** Carefully remove all parts from the packaging. Verify that all components listed in the packing list are present.
2. **Assemble Vertical Posts:** Connect the vertical posts as instructed. Ensure they are securely joined.
3. **Insert Cross Bars:** Insert the cross bars into the designated slots on the vertical posts. These bars form the frame for each shelf.
4. **Secure Cross Bars:** Gently knock the cross bars down into place using a rubber mallet (not included) or your hand until they are firmly seated. This ensures stability.
5. **Place Boards:** Once the frame for a shelf is secure, place the fiberboard panels onto the cross bars. Repeat for all five tiers.
6. **Attach Rubber Feet:** Install the included rubber feet onto the bottom of the vertical posts to protect your flooring.
7. **Wall Anchoring (Optional but Recommended):** For added stability and safety, especially in areas with heavy loads or potential for tipping, use the provided expansion bolts to securely anchor the shelving unit to a wall.

Operating Instructions

The ZEUKMXOO 5-Tier Metal Rack is designed for straightforward use and offers flexibility in organizing your space.

Adjusting Shelf Height:

The shelves can be easily adjusted to different heights to accommodate items of varying sizes. To adjust a shelf:

1. Empty the shelf of all items.
2. Carefully lift the fiberboard panel off the cross bars.
3. Disengage the cross bars from their current slots on the vertical posts.

4. Re-insert the cross bars into the desired slots at the new height. Ensure all four corners are level and securely seated.
5. Place the fiberboard panel back onto the adjusted cross bars.

Weight Capacity:

The total weight capacity for the entire shelving unit is approximately 2000 lbs. Distribute weight evenly across the shelves to maintain stability and prevent damage. Avoid placing excessively heavy items on a single shelf or concentrating weight in one area.

Usage Environment:

This shelving unit is suitable for indoor use in environments such as garages, workshops, utility rooms, and storage areas. While the powder coating offers corrosion resistance, prolonged exposure to extreme moisture or outdoor elements is not recommended.

Maintenance

Proper maintenance will ensure the longevity and continued performance of your ZEUKMXOO 5-Tier Metal Rack.

Cleaning:

- Wipe down the metal frame and shelves with a damp cloth and mild detergent as needed.
- Avoid using abrasive cleaners or harsh chemicals, as these can damage the powder-coated finish.
- Ensure the unit is completely dry after cleaning to prevent moisture buildup.

Corrosion Resistance:

The metal frame is treated with a powder-coated finish to enhance corrosion resistance. This protective layer also helps reduce edge sharpness, minimizing the risk of hand injuries during installation and handling.

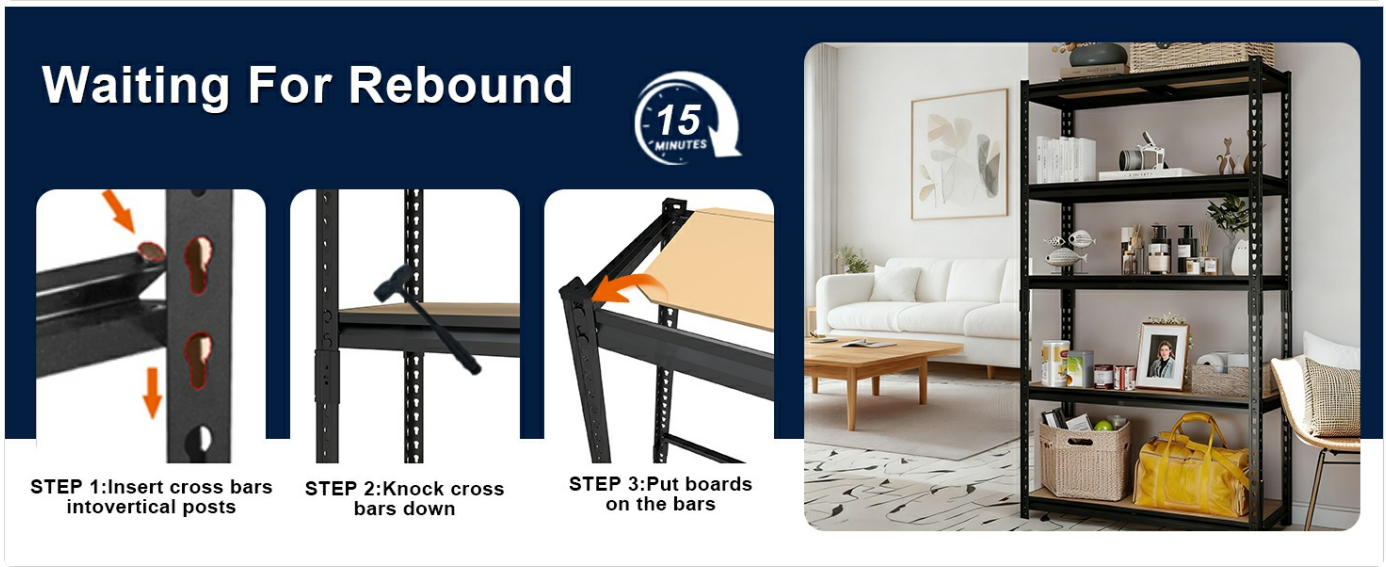

Image: Visual explanation of the corrosion-resistant powder coating applied to the shelving unit, highlighting its protective qualities.

Regular Inspection:

- Periodically check all connections to ensure they remain secure.
- Inspect the shelves and frame for any signs of wear, damage, or rust. Address any issues promptly.
- If anchored to a wall, ensure the wall anchors remain firm and secure.

Troubleshooting

If you encounter any issues with your ZEUKMXOO 5-Tier Metal Rack, refer to the following common problems and solutions:

Problem: The shelf unit feels unstable or wobbly.

- Ensure all cross bars are fully seated and locked into their respective slots on the vertical posts.
- Verify that the unit is placed on a level surface. Adjust the position if necessary.
- If applicable, ensure the wall anchoring bolts are securely fastened.
- Check that weight is distributed evenly across the shelves.

Problem: Difficulty adjusting shelf height.

- Ensure the shelf is completely empty before attempting to adjust its height.
- Gently wiggle the cross bars to disengage them from the slots. Do not force them.
- Make sure the new slots are clear of any debris before re-inserting the cross bars.

Problem: Damage to floor from unit.

- Ensure the rubber feet are properly installed on all four vertical posts.
- If the rubber feet are missing or damaged, contact customer support for replacements.

Specifications

Brand	ZEUKMXOO
Model Name	garage shelving 60"H
Model Number	ZEUK-GASV1573-3-SSU
Product Dimensions (D x W x H)	11.8"D x 28.5"W x 60"H
Material	Metal
Color	Black
Number of Shelves	5
Total Weight Capacity	Up to 2000 lbs (evenly distributed)
Mounting Type	Floor Mount
Special Feature	Adjustable
Assembly Required	Yes
Item Weight	23.39 Pounds
