Hey-brother 0MPJ091W

Hey-brother 0MPJ091W Height-Adjustable Cat Tree Instruction Manual

Model: 0MPJ091W

1. INTRODUCTION

Thank you for choosing the Hey-brother 0MPJ091W Height-Adjustable Cat Tree. This manual provides essential information for the safe assembly, operation, and maintenance of your new cat tree. Please read these instructions carefully before assembly and retain them for future reference.

Product Overview

The Hey-brother 0MPJ091W is an XXL height-adjustable cat tree designed to provide a multi-level activity center for cats. It features robust construction, multiple scratching posts, comfortable platforms, a cozy cave, and two cat baskets, extending from 250 cm to 280 cm to utilize vertical space effectively.

Package Contents

- 1 x Hey-brother 0MPJ091W Cat Tree (components)
- 1 x Accessory Set (screws, tools, etc.)
- 1 x User Manual

2. SAFETY INSTRUCTIONS

To ensure the safety of your pets and household, please adhere to the following guidelines:

- Stable Placement:** Always place the cat tree on a flat, stable, and level surface.
- Regular Inspection:** Periodically check all screws and connections to ensure they are tight. Loose parts can compromise stability.
- Anti-Tip Mechanism:** Utilize the provided anti-tip strap to secure the cat tree to a wall, especially for taller configurations. This significantly enhances stability and prevents accidental tipping.
- Supervision:** Initially supervise your cats when they use the tree to ensure they adapt safely to its structure.
- Hazard Avoidance:** Keep the cat tree away from open flames, heat sources, and areas with excessive

moisture.

- **Weight Limit:** While designed for large cats, avoid placing excessive weight on any single platform or the entire structure.

Figure 2.1: Illustration of the anti-tip strap installation. The strap secures the cat tree to the wall, preventing it from falling over and ensuring the safety of your pets.

3. SETUP AND ASSEMBLY

The Hey-brother 0MPJ091W cat tree is designed for straightforward assembly. Follow the included accessory set and user manual for detailed step-by-step instructions. The process is similar to building with modular blocks.

Assembly Steps (General Guidance):

1. **Unpack Components:** Carefully unbox all parts and verify against the parts list in the included manual.
2. **Base Assembly:** Begin by assembling the sturdy base structure. The unique three-pillar design at the bottom enhances stability.
3. **Column and Platform Installation:** Attach the sisal-wrapped scratching posts and platforms in sequence, working upwards. Ensure all connections are secure.
4. **Cave and Basket Attachment:** Install the cat cave and baskets as indicated in the manual. These provide cozy resting spots.
5. **Height Adjustment:** The top section of the cat tree is height-adjustable (0-30 cm) to allow for a secure floor-to-ceiling fit. Adjust the top pole by rotating it until it firmly presses against the ceiling, ensuring maximum stability.
6. **Anti-Tip Strap Installation:** Secure the cat tree to a nearby wall using the provided anti-tip strap and hardware. This is a critical safety step.
7. **Final Check:** Once assembled, gently shake the tree to confirm stability. Re-tighten any loose connections.

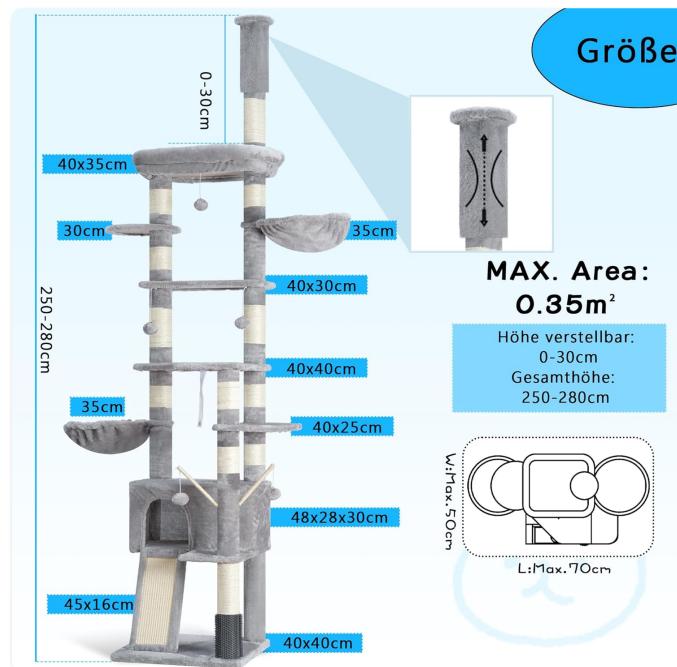

Figure 3.1: Dimensional overview of the cat tree, highlighting the adjustable height range of 250-280 cm and various platform sizes. This diagram assists in understanding the structure during assembly.

Figure 3.2: The floor-to-ceiling design with an adjustable top pole (0-30cm adjustment range) ensures a secure fit in various room heights. This feature is crucial for the overall stability of the cat tree.

4. OPERATING INSTRUCTIONS

The Hey-brother 0MPJ091W cat tree is designed to provide a stimulating and comfortable environment for your cats. Its multi-level structure encourages climbing, playing, and resting.

Key Features and Usage:

- Scratching Posts:** Numerous sisal-wrapped posts at various heights allow cats to satisfy their natural scratching instincts, protecting your furniture.
- Cozy Cave:** A spacious cat cave provides a private, enclosed space for rest and retreat.
- Cat Baskets:** Two soft, enveloping cat baskets offer comfortable spots for napping and observing.

surroundings.

- **Multiple Platforms:** Several platforms at different levels facilitate easy climbing and provide elevated vantage points for observation.
- **Brushing Post:** A dedicated brushing post is integrated for cats to rub against and groom themselves.

Figure 4.2: Detail of the integrated cat cave and one of the soft cat baskets. These features provide secure and comfortable resting places, catering to a cat's natural desire for enclosed spaces and elevated lounging.

Figure 4.3: A cat interacting with the brushing post located at the base of the tree. This feature allows cats to groom themselves and provides an additional sensory experience.

Figure 4.4: A cat comfortably resting on the soft, padded top platform. This elevated position offers a secure and cozy spot for cats to relax and survey their surroundings.

5. MAINTENANCE

Regular maintenance will prolong the life of your Hey-brother cat tree and ensure a hygienic environment for your pets.

- **Cleaning Fabric Surfaces:** Use a lint roller or a soft brush to remove loose fur and dust from the fluffy fabric surfaces. For minor stains, gently spot clean with a damp cloth and mild pet-safe detergent, then air dry completely.
- **Cleaning Sisal Posts:** The sisal scratching posts can be cleaned with a stiff brush to remove loose fibers and debris. Avoid excessive moisture.
- **Structural Check:** Every few weeks, inspect all connections, screws, and the anti-tip strap for tightness. Re-tighten as necessary.
- **Wear and Tear:** Monitor the sisal posts and fabric for significant wear. While durable, these materials will naturally degrade over time with use.

6. TROUBLESHOOTING

If you encounter any issues with your cat tree, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Cat tree feels wobbly or unstable.	Loose connections; uneven floor; anti-tip strap not secured.	Ensure all screws are tightened. Place on a level surface. Secure the anti-tip strap to the wall. Adjust the top pole for a firm ceiling fit.
Parts do not fit together.	Incorrect part orientation; manufacturing defect.	Refer to the assembly manual to ensure correct orientation. If parts are damaged or defective, contact customer support.

Problem	Possible Cause	Solution
Cats are not using the scratching posts.	Preference for other surfaces; unfamiliarity.	Encourage use by placing catnip on the sisal posts. Gently guide your cat's paws to the posts. Ensure the posts are stable.

7. SPECIFICATIONS

Feature	Detail
Brand	Hey-brother
Model Number	0MPJ091W
Color	Gray
Material	Sisal, Fiberboard, Fluffy fabric
Overall Dimensions (L x W x H)	40 cm x 40 cm x 250-280 cm (Height-Adjustable)
