ZGNBSD STY03

ZGNBSD STY03 Bathroom Vanity with Smart Defogging Mirror (Grey, 88") Instruction Manual

Model: STY03 | Brand: ZGNBSD

1. Introduction

Thank you for choosing the ZGNBSD STY03 Bathroom Vanity. This manual provides essential information for the safe installation, operation, and maintenance of your new vanity. Please read these instructions thoroughly before beginning installation or use, and retain them for future reference.

This modern floating vanity features a multi-layer solid wood construction, a sintered stone countertop with a ceramic sink, and an intelligent defogging mirror with LED lighting. Proper installation and care will ensure years of reliable service and enhance your bathroom space.

2. Safety Information

- Always disconnect power before performing any electrical work or maintenance on the mirror.
- Installation should be performed by qualified personnel in accordance with local building and plumbing codes.
- This vanity is heavy. Use appropriate lifting techniques and seek assistance during installation to prevent injury.
- Ensure the wall structure is capable of supporting the weight of the floating vanity.
- Do not use abrasive cleaners or harsh chemicals on any part of the vanity, sink, or mirror.
- Keep electrical components away from direct water spray.

3. Package Contents

Verify that all components are present and undamaged before beginning assembly.

- Vanity Cabinet (Multi-Layer Solid Wood)

- Sintered Stone Countertop with Ceramic Sink
- Smart Defogging Mirror / Mirror Cabinets (as applicable)
- Drawers (2)
- Water Pipe Accessories
- Installation Hardware (screws, anchors, brackets)

5. Setup & Installation

5.1 Pre-Installation Checks

- Inspect all components for damage before assembly.
- Ensure you have all necessary tools (e.g., drill, level, screwdriver, wrench).
- Confirm wall studs or appropriate blocking are available for secure mounting of the floating vanity.

5.2 Vanity Cabinet Assembly and Mounting

Assemble the multi-layer solid wood cabinet according to the included diagrams. The cabinet is designed for durability and moisture resistance.

Figure 3: Solid Wood Frame Detail

Mount the assembled cabinet to the wall using the provided hardware. Ensure it is level and securely fastened to wall studs or appropriate anchors. Due to its weight, professional installation is recommended.

5.3 Countertop and Sink Installation

Carefully place the sintered stone countertop with the integrated ceramic sink onto the vanity cabinet. The seamless connection design ensures easy cleaning and prevents dirt accumulation.

Figure 4: Seamless Countertop and Sink Design

Secure the countertop to the cabinet using appropriate sealant and fasteners as per local plumbing standards. Connect the water pipe accessories to the ceramic sink.

5.4 Smart Mirror Installation

Mount the smart defogging mirror above the vanity. Connect the mirror's electrical wiring to a dedicated circuit, following all electrical codes. Professional electrical installation is highly recommended.

6. Operating Instructions

6.1 Smart Defogging Mirror

The mirror features touch-activated controls for LED lighting and defogging. Locate the touch sensors on the mirror surface.

- **Power Button:** Touch to turn the LED lighting on or off.
- **Defogging Button:** Touch to activate or deactivate the defogging function. The defogger will quickly clear condensation from the mirror surface.

Figure 6: Smart Mirror Controls

6.2 Drawer Operation

The vanity includes two drawers designed for smooth and quiet operation. These drawers feature silent buffer hinges and concealed slides for extended service life and practical storage.

Figure 7: Drawer Hardware Details

To open, gently pull the drawer handle. To close, push the drawer until it engages with the soft-close mechanism.

7. Maintenance

7.1 Cleaning the Vanity and Sink

- Wipe surfaces with a soft, damp cloth and mild soap.
- Avoid abrasive cleaners, scouring pads, or harsh chemicals, as these can damage the finish and countertop.
- Promptly wipe up any spills to prevent staining, especially on the countertop.

7.2 Mirror Care

- Clean the mirror with a soft, lint-free cloth and a non-ammonia glass cleaner.
- Do not spray cleaner directly onto the mirror; apply it to the cloth first.
- Ensure no liquid seeps into the electrical components of the mirror.

7.3 Wood Care

- The multi-layer solid wood is treated for moisture resistance, but prolonged exposure to standing water should be avoided.
- Wipe down any water splashes immediately.
- Periodically check and tighten any loose hardware.

8. Troubleshooting

Problem	Possible Cause	Solution
Mirror LED lights not working	No power, loose connection, faulty switch	Check power supply, ensure connections are secure, contact support if switch is faulty.
Mirror defogging not active	Defogging function not activated, electrical issue	Press the defogging touch button. Check power.
Water leak from sink/faucet	Loose plumbing connections, improper sealant	Tighten all plumbing connections. Apply plumber's putty or silicone sealant where necessary.
Drawers not closing smoothly	Obstruction, misaligned slides, overloaded drawer	Remove any obstructions. Check slide alignment. Reduce drawer contents.

9. Warranty Information

This ZGNBSD product is covered by a manufacturer's warranty against defects in materials and workmanship. Please refer to the warranty card included with your purchase or contact ZGNBSD customer service for specific warranty terms and conditions. Keep your proof of purchase for warranty claims.
