

NAQJDBEMN-WHITE-38*5CM

Minimalist Round LED Flush Mount Ceiling Light User Manual

Model: NAQJDBEMN-WHITE-38*5CM | Brand: Generic

1. INTRODUCTION

Thank you for purchasing the Minimalist Round LED Flush Mount Ceiling Light. This manual provides important information regarding the installation, operation, and maintenance of your new lighting fixture. Please read this manual thoroughly before installation and keep it for future reference.

2. SAFETY INFORMATION

To ensure safe installation and operation, please observe the following safety precautions:

- **WARNING:** Always turn off the power at the circuit breaker or fuse box before beginning installation or performing any maintenance. Failure to do so may result in electrical shock or serious injury.
- All electrical connections must be in accordance with local codes, ordinances, or the National Electric Code (NEC). If you are unsure about wiring, consult a qualified electrician.
- Do not install this fixture in wet or damp locations. It is designed for indoor use only.
- Ensure the mounting surface can support the weight of the fixture.
- Do not attempt to modify the fixture. Any modifications may void the warranty and pose a safety risk.
- Handle the fixture with care to avoid damage to the acrylic and aluminum components.

3. PRODUCT OVERVIEW

The Minimalist Round LED Flush Mount Ceiling Light is designed to provide efficient and versatile illumination for various indoor spaces. Its ultra-thin profile and modern design make it suitable for rooms with low ceilings or contemporary aesthetics. The integrated LED source offers uniform, flicker-free lighting with adjustable color temperature.

Key Features:

- **Ultra-Thin Modern Design:** Space-saving and aesthetically pleasing.

- **Glare-Free Eye Protection:** Uniform and soft light emission.
- **Adjustable Color Temperature:** Three color dimming (Warm, Neutral, White).
- **Durable Construction:** Made from premium aluminum and acrylic.

Product Components:

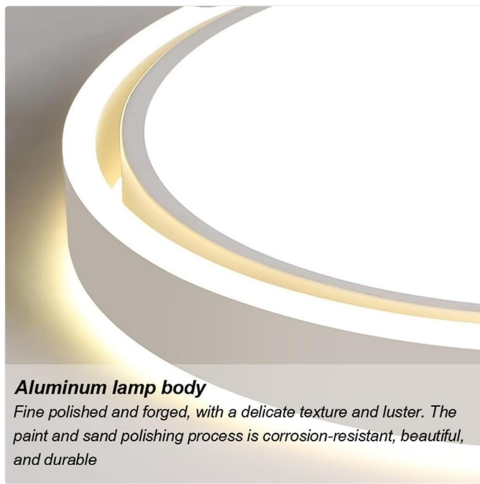

The complete Minimalist Round LED Flush Mount Ceiling Light fixture, showcasing its sleek, ultra-thin design and white finish.

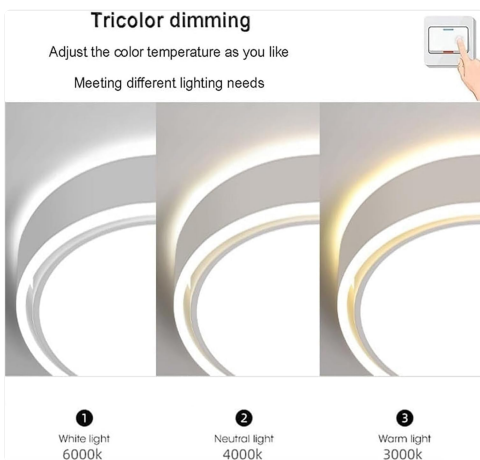

The ceiling light installed in a bedroom, demonstrating its flush mount profile and how it integrates seamlessly into the room's decor.

A detailed view of the high-quality LED light beads, highlighting their energy-saving properties and uniform, soft light emission without dazzling effects.

A close-up of the aluminum lamp body, illustrating its fine polished and forged finish, delicate texture, and corrosion-resistant properties for durability.

An illustration demonstrating the three-color dimming function, showing the distinct appearances of White light (6000K), Neutral light (4000K), and Warm light (3000K).

A diagram indicating the dimensions of the ceiling light, showing a diameter of 38cm or 48cm and a height of 5cm, along with material and light source details.

4. SETUP AND INSTALLATION

This fixture is designed for easy DIY installation. A full mounting kit and clear instructions are included. Please follow these general steps:

1. **Prepare for Installation:** Ensure the power supply to the installation area is turned off at the circuit breaker. Gather necessary tools (screwdriver, wire strippers, electrical tape, etc.).
2. **Mount the Bracket:** Secure the mounting bracket to the ceiling junction box using the provided screws. Ensure it is firmly attached.
3. **Connect Wiring:** Carefully connect the fixture's wires to the corresponding house wires (live to live, neutral to neutral, ground to ground) using wire nuts. Ensure all connections are secure.
4. **Attach the Fixture:** Align the fixture with the mounted bracket and secure it using the provided screws or twist-lock mechanism. Ensure the fixture is flush with the ceiling.
5. **Restore Power:** Once the fixture is securely installed, restore power at the circuit breaker.

Note: If you are unfamiliar with electrical wiring, it is recommended to consult a qualified electrician.

5. OPERATING INSTRUCTIONS

This ceiling light features adjustable color temperature, allowing you to switch between warm, neutral, and white light to suit your preference and mood.

- **Turning On/Off:** Use your standard wall switch to turn the light fixture on or off.
- **Changing Color Temperature:** The color temperature (3000K Warm, 4000K Neutral, 6000K White) can typically be cycled by quickly toggling your wall switch OFF and then ON again. Each toggle will advance to the next color temperature setting.

6. MAINTENANCE

The Minimalist Round LED Flush Mount Ceiling Light requires minimal maintenance.

- **Cleaning:** To clean the fixture, ensure the power is off. Use a soft, dry, or slightly damp cloth to wipe the surface. Do not use abrasive cleaners, solvents, or polishes as they may damage the finish.
- **Bulb Replacement:** This fixture uses integrated LED chips and does not require bulb replacement. The LEDs are designed for long-term use.
- **Inspection:** Periodically check the fixture for any signs of damage or loose connections. If any issues are found, turn off the power and consult a qualified electrician.

7. TROUBLESHOOTING

If you encounter any issues with your ceiling light, please refer to the following common troubleshooting steps:

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Light does not turn on.	No power supply. Loose wiring connection. Faulty wall switch.	Check the circuit breaker or fuse. Ensure all wire connections are secure (with power off). Test the wall switch or replace if necessary.
Light flickers or dims unexpectedly.	Loose wiring connection. Incompatible dimmer switch (if applicable). Power fluctuations.	Check all wire connections (with power off). Ensure you are using a compatible dimmer switch if attempting to dim (this model is dimmable via color temperature change, not external dimmer). Consult an electrician if power fluctuations are suspected.
Color temperature does not change.	Incorrect operation. Internal fault.	Ensure you are quickly toggling the wall switch OFF and ON to cycle through colors. If the issue persists, contact customer support.

If these steps do not resolve the issue, please contact customer support for further assistance.

8. SPECIFICATIONS

Attribute	Detail
Brand	Generic
Model Name	NAQJDBEMN-WHITE-38*5CM
Product Dimensions	38*5cm (Diameter*Height) or 48*5cm (Diameter*Height)
Item Weight	Approx. 5.73 pounds (2601 Grams)
Color	White
Material	Acrylic + Aluminum
Light Source Type	LED chip
