Tribesigns HOGA-JW1062

Tribesigns HOGA-JW1062 Shoe Cabinet User Manual

6-Tier with Shutter Doors and Adjustable Shelves

1. INTRODUCTION

Thank you for choosing the Tribesigns HOGA-JW1062 Shoe Cabinet. This manual provides essential information for the safe assembly, operation, and maintenance of your new shoe cabinet. Please read these instructions carefully before assembly and retain them for future reference.

Image 1.1: The Tribesigns HOGA-JW1062 Shoe Cabinet in a living space, showcasing its storage capacity with one louvered door open and various shoes neatly organized on its shelves.

2. SAFETY INFORMATION

- Always assemble the product on a soft, clean surface to prevent scratches.
- Ensure all parts are present and undamaged before beginning assembly. Do not proceed with assembly if any parts are missing or damaged.
- Keep small parts and packaging materials away from children and pets to prevent choking hazards.
- Use only the provided hardware and tools, or appropriate alternatives as specified.
- Do not overtighten screws, as this may damage the material.
- For stability, it is recommended to secure the cabinet to a wall using the included anti-tip kit, especially in homes with children or pets.
- Do not climb on or stand on the cabinet.

- Distribute weight evenly across shelves to prevent tipping.

3. PACKAGE CONTENTS

Before assembly, verify that all components listed below are present and in good condition. If any parts are missing or damaged, please contact customer support.

- Cabinet Panels (Top, Bottom, Sides, Back)
- Shutter Doors (x2)
- Adjustable Shelves (x5)
- Legs (x4)
- Hardware Pack (screws, dowels, hinges, shelf pins, anti-tip kit)
- Assembly Instructions Manual

4. SETUP AND ASSEMBLY INSTRUCTIONS

Assembly of the Tribesigns HOGA-JW1062 Shoe Cabinet is designed to be straightforward and can typically be completed by one person. Please follow these steps carefully.

1. **Prepare the Area:** Clear a spacious, clean, and soft area for assembly to prevent damage to the cabinet parts.
2. **Identify Parts:** Lay out all panels and hardware. Match them with the diagrams in the separate assembly guide (if

provided) or the included parts list.

3. **Assemble the Base:** Attach the four legs to the bottom panel using the specified screws.
4. **Construct the Frame:** Connect the side panels to the bottom panel, then attach the back panel. Ensure all connections are secure but do not overtighten.
5. **Install Shelves:** Insert shelf pins into the desired holes on the side panels. Place the adjustable shelves onto these pins. The five internal shelves are removable for flexible storage.
6. **Attach the Top Panel:** Secure the top panel to the assembled frame.
7. **Mount the Doors:** Attach the hinges to the shutter doors, then mount the doors to the side panels of the cabinet. Adjust hinges as necessary for proper alignment.
8. **Install Anti-Tip Kit:** Secure the cabinet to the wall using the provided anti-tip hardware to prevent accidental tipping. Follow the specific instructions included with the anti-tip kit.
9. **Final Check:** Ensure all screws are tightened and the cabinet is stable.

NOTE: The top four shelves are removable, allowing for flexible storage options.

Image 4.1: A detailed diagram illustrating the overall dimensions of the shoe cabinet (73cm W x 35cm D x 109cm H) and the internal shelf spacing (14.5cm between shelves).

5. OPERATING INSTRUCTIONS

5.1 Storing Shoes

The Tribesigns HOGA-JW1062 Shoe Cabinet is designed to store various types of footwear efficiently. It features six tiers of storage, including five adjustable shelves and an open bottom shelf.

- **Adjustable Shelves:** The five internal shelves can be adjusted to different heights to accommodate boots, high heels, sneakers, or flats. Simply remove the shelf pins and reposition them to your desired height.
- **Open Bottom Shelf:** Use the open bottom shelf for frequently worn shoes, making them easily accessible.
- **Ventilated Doors:** The louvered shutter doors promote air circulation, helping to reduce odors and keep shoes fresh.

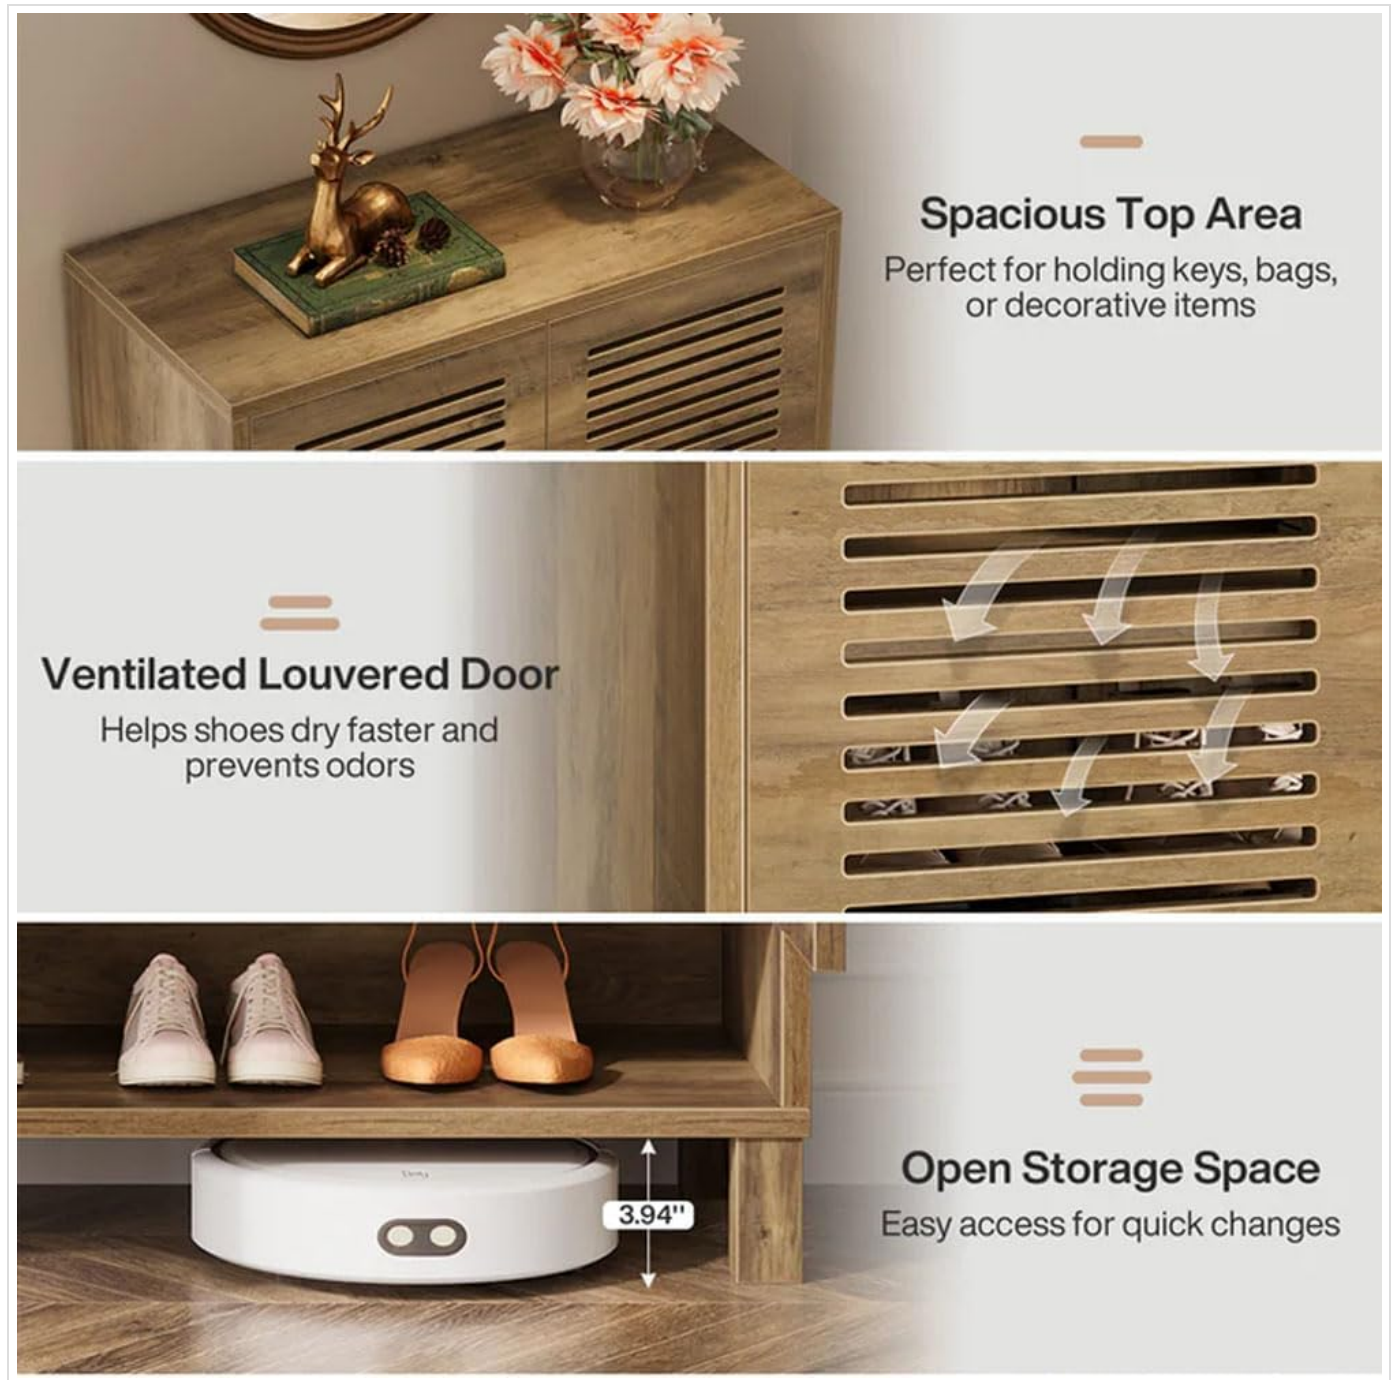

Image 5.1: This image highlights key features: a spacious top area for decorative items, ventilated louvered doors for air circulation, and an open bottom storage space for easy access to daily footwear.

5.2 Top Surface Usage

The top surface of the cabinet provides additional space for decorative items, keys, bags, or other small essentials, enhancing its functionality in an entryway or living room.

Image 5.2: A close-up of the cabinet's top surface, demonstrating its utility as a display area for plants, books, and other decorative items, labeled as 'Spacious Desktop Space'.

6. MAINTENANCE

- **Cleaning:** Wipe the cabinet surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners, which can damage the finish.
- **Dusting:** Regularly dust the cabinet to maintain its appearance.
- **Spills:** Clean up spills immediately to prevent staining or water damage to the wood.
- **Hardware Check:** Periodically check all screws and connections to ensure they remain tight. Retighten if necessary.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause fading or warping of the wood finish.

7. TROUBLESHOOTING

- **Cabinet Wobbles:** Ensure all screws are fully tightened. Check that the cabinet is on a level surface. Adjust the anti-tip kit if installed.
- **Doors Do Not Close Properly:** Check hinge alignment. Loosen hinge screws slightly, adjust the door position, and then retighten. Ensure no items inside are obstructing the doors.
- **Shelves Are Uneven:** Verify that shelf pins are inserted into corresponding holes on both sides and are fully seated.
- **Odor Inside Cabinet:** Ensure the louvered doors are not blocked, allowing for proper ventilation. Consider using shoe deodorizers if needed.
