# User Manual: X2 Pro 15-b2 Protective Film + Screen

Model: 772629427154 | Brand: Generic

## INTRODUCTION

---

This manual provides detailed instructions for the installation, operation, and maintenance of your new X2 Pro 15-b2 Protective Film + Screen. Please read this manual thoroughly before installation to ensure proper use and longevity of the product. Keep this manual for future reference.

## SETUP

---

### Package Contents

- 1 x X2 Pro 15-b2 Protective Film + Screen
- 1 x Cleaning Cloth
- 1 x Dust Removal Sticker

### Installation Steps

1. **Prepare the Screen:** Ensure your device's screen is clean and free of dust, fingerprints, and smudges. Use the provided cleaning cloth to wipe the screen thoroughly. For stubborn dust, use the dust removal sticker.
2. **Align the Film:** Carefully align the protective film with your device's screen. Pay close attention to the edges and cutouts to ensure a perfect fit.
3. **Apply the Film:** Slowly peel off the protective layer from the adhesive side of the film (usually marked with a tab). As you peel, gently lay the film onto the screen, starting from one edge and working your way across. Use a soft card (not included) or your fingers to smooth out any air bubbles as you go.
4. **Remove Air Bubbles:** If air bubbles appear, gently push them towards the nearest edge using the cleaning cloth or a soft card. Small bubbles may disappear on their own within 24-48 hours.
5. **Final Inspection:** Once applied, ensure the film is securely attached and there are no major air bubbles or misalignments.

This image displays the protective film, which is a rectangular sheet with a black border and a clear center. A thin, vertical orange adhesive strip is visible in the middle of the clear section, indicating the part that adheres to the screen.

## OPERATING

---

### Basic Use

Once installed, the protective film functions as an invisible layer, safeguarding your device's screen from scratches, dust, and minor impacts. It is designed to maintain the original touch sensitivity and display clarity of your screen.

### Care and Handling

- Avoid using sharp objects directly on the film to prevent damage.
- Do not attempt to peel off and reapply the film multiple times, as this may reduce its adhesive effectiveness.
- Keep the device with the installed film away from extreme temperatures and direct sunlight for prolonged periods.

## MAINTENANCE

---

### Cleaning Instructions

To clean the protective film, gently wipe it with a soft, lint-free cloth. For smudges or fingerprints, slightly dampen the cloth with water or a screen-safe cleaning solution. Avoid using harsh chemicals, abrasive materials, or excessive moisture, as these can damage the film or your device.

### Storage

If you need to store the film before installation, keep it in its original packaging in a cool, dry place away from direct sunlight and extreme temperatures to preserve its adhesive properties.

## TROUBLESHOOTING

---

### Common Issues and Solutions

Issue	Possible Cause	Solution
Air bubbles after installation	Dust particles trapped underneath, or improper application.	Gently push bubbles towards the edge with a soft cloth. For persistent bubbles, lift the nearest edge slightly to remove dust with a sticker, then reapply.
Film not adhering properly	Screen not clean, or film adhesive compromised.	Ensure screen is thoroughly cleaned before application. If adhesive is compromised, replacement may be necessary.
Reduced touch sensitivity	Rare, but can occur if film is too thick or not properly seated.	Ensure film is correctly installed. If issue persists, verify product compatibility or consider replacement.

## SPECIFICATIONS

---

### Technical Specifications

Feature	Detail
Product Name	X2 Pro 15-b2 Protective Film + Screen
Model Number	772629427154
Manufacturer	Generic
ASIN	B0F9LD7PQ1
Compatibility	Designed for X2 Pro 15-b2 devices
Material	High-clarity protective film

## WARRANTY AND SUPPORT

---

This product is covered by a standard manufacturer's warranty against defects in materials and workmanship.

Please refer to your purchase documentation for specific warranty terms and duration. For technical support or warranty claims, please contact your retailer or the manufacturer directly.
