

MiHunnor 054

MiHunnor 36-inch Bathroom Vanity with Sink Combo (Model 054) User Manual

Comprehensive instructions for assembly, operation, and maintenance.

1. INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your MiHunnor 36-inch Bathroom Vanity with Sink Combo, Model 054. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

Safety Information

- Always ensure all connections are secure before use.
- Do not overload drawers or shelves.
- Use appropriate tools for assembly.
- If any parts are missing or damaged, contact customer support immediately.
- For stability, it is recommended to secure the vanity to the wall using appropriate hardware (not included).

2. PACKAGE CONTENTS

Your MiHunnor 36-inch Bathroom Vanity is shipped in two separate packages to ensure better protection during transit. Please verify that all components are present and undamaged before proceeding with assembly. Packages may arrive separately.

Two Packages

Protect Product Better
Package may arrive separately.

UNIT:INCH

This diagram illustrates the overall dimensions of the MiHunnor 36-inch bathroom vanity, including the width (36 inches), depth (18 inches), and height (34.1 inches), along with internal measurements for drawers and cabinet.

BACK SIZE

Follow these steps carefully to assemble your MiHunnor bathroom vanity. It is recommended to have two people for assembly.

- Phillips Head Screwdriver
- Adjustable Wrench (for plumbing connections)
- Level
- Drill (for wall mounting, if desired)

Assembly Steps:

1. **Unpack and Inspect:** Carefully remove all components from the packaging. Lay them out on a clean, soft surface to prevent scratches. Verify all parts against the package contents list.
2. **Assemble Cabinet Base:** The main cabinet base is largely pre-assembled. Attach any remaining structural components or feet as per the detailed instructions provided in the physical manual.
3. **Install Drawer Slides:** Secure the drawer slides to the cabinet interior and to the drawers themselves using the provided hardware. Ensure they are level and aligned for smooth operation.
4. **Insert Drawers:** Carefully slide the assembled drawers into their respective tracks. Test for smooth opening and closing.
5. **Attach Door and Hinges:** Mount the cabinet door using the stainless steel hinges. Adjust hinges as needed to ensure the door closes flush and operates smoothly.
6. **Place Ceramic Sink Top:** Carefully position the ceramic sink top onto the cabinet base. Ensure it is centered and level. Apply a bead of silicone sealant (not included) around the edges for a watertight seal, if desired.
7. **Install Knobs:** Attach the silver round knobs to all drawers and the cabinet door.
8. **Connect Plumbing:** Install your chosen faucet (not included) and connect the water supply lines and drain according to the faucet manufacturer's instructions. Ensure all connections are tight and leak-free.
9. **Wall Mounting (Optional but Recommended):** For added stability and safety, especially in homes with children or pets, secure the vanity to the wall using appropriate wall anchors and screws (not included).

5. OPERATION

Your MiHunnor vanity is designed for practical and organized storage in your bathroom.

Storage Features:

- **Central Cabinet:** The cabinet with a door provides enclosed storage for larger items such as towels, cleaning supplies, or extra toiletries. It includes an adjustable shelf to customize the storage space.
- **Left Functional Drawer:** This drawer features multi-functional dividers that can be easily repositioned or removed to organize smaller items like toothbrushes, hair accessories, or makeup.
- **Right Drawers:** The two drawers on the right side operate on smooth slides, ideal for storing personal care products or medications.
- **Open Shelf:** The lower open shelf offers convenient access for frequently used items or decorative storage.

Ample Storage Space

An overview of the vanity's storage capabilities, pointing out the adjustable shelf inside the cabinet, the multiple drawers on both sides, and the convenient open shelf at the base for easy access items.

Multi-Functional Drawer Divider

The panel in the top and below drawer can be removed or installed as you like.

A detailed view of the innovative drawer divider system, illustrating how the internal panels can be easily adjusted or removed to customize storage compartments within the drawers.

6. MAINTENANCE AND CARE

Proper care will ensure the longevity and appearance of your MiHunnor bathroom vanity.

Cleaning Instructions:

- **Ceramic Sink:** For daily cleaning, use a mild, non-abrasive cleaner and a soft cloth. Rinse thoroughly with water and dry immediately to prevent water spots. Avoid harsh chemicals or abrasive pads that can scratch the surface.
- **Cabinet Finish:** Wipe the painted cabinet finish with a damp cloth and mild soap if necessary. Avoid harsh chemicals, abrasive cleaners, or scouring pads, as these can damage the waterproof and stain-resistant surface. Dry immediately after cleaning.
- **General Care:** Regularly check and tighten any loose hardware, such as knobs or hinges, to maintain stability and functionality.

This image highlights various quality components of the vanity, such as the decorative groove pattern on the cabinet door, the sturdy solid wood feet, durable door hinges, elegant silver metal knobs, and smooth-operating drawer slides.

7. TROUBLESHOOTING

If you encounter any issues with your vanity, refer to the following common problems and solutions:

- **Drawers not sliding smoothly:** Check for any obstructions in the drawer slides. Ensure the slides are clean and properly aligned. Lubricate with a silicone-based spray if necessary.
- **Cabinet door not closing properly:** Adjust the hinges to ensure proper alignment. Refer to the hinge manufacturer's instructions for specific adjustment procedures.
- **Water leaks from sink/faucet area:** Check all plumbing connections for tightness. Ensure that any sealant applied during installation is intact and properly cured. If the faucet was installed by the user, verify its installation according to the faucet manufacturer's guidelines.
- **Vanity wobbles:** Ensure the vanity is placed on a level surface. If wobbling persists, consider securing the vanity to the wall using appropriate wall anchors and screws for added stability.

- **Scratches or minor damage to finish:** For minor scratches, touch-up paint may be available from the manufacturer or a suitable color match can be found at a local hardware store.

8. WARRANTY AND CUSTOMER SUPPORT

MiHunnor is committed to providing excellent after-sales service. Your satisfaction is our priority.

If you encounter any issues, discover damaged parts upon delivery, or require assistance with assembly or operation, please do not hesitate to contact MiHunnor customer support. We will assist you with troubleshooting, replacement parts, or any other concerns you may have.
