BooaBei T56

BooaBei Smart Watch T56 User Manual

Model: T56 | Brand: BooaBei

1. INTRODUCTION

Welcome to your new BooaBei Smart Watch T56. This manual provides detailed instructions on how to set up, operate, and maintain your device, ensuring you get the most out of its advanced features and enjoy a smarter, healthier lifestyle.

2. WHAT'S IN THE BOX

- BooaBei smartwatch*1
- Comfortable silicone strap*1
- Magnetic charging cable*1
- User manual*1

3. SETUP

3.1 Initial Charging

Before first use, ensure your BooaBei Smart Watch is fully charged. Connect the magnetic charging cable to the charging points on the back of the watch. Connect the USB end to a power adapter (not included) or a computer USB port. A full charge typically takes approximately 2 hours.

The image features a woman in a black sports top and red shorts, wearing a pink smartwatch and white earbuds. She is smiling and looking to the side. Below her is a grid of 20 sports mode icons with labels: Running, Hula hoop, Tennis, Rugby, Football, Cycling, Walking, Elliptical machine, Long jump, Yoga, Volleyball, Golf, Baseball, Table tennis, Badminton, Basketball, Sit-ups, Rope skipping, Swimming, and Climbing. To the left of the grid is a close-up of the smartwatch screen displaying a colorful activity icon and the word 'Activity'.

100+ sports modes, professionally record and analyze your sports data

It has built-in multiple professional sports modes such as running, cycling, and walking to meet your exercise choices at different time periods and conduct data analysis such as exercise distance, energy consumption, and duration.

3.2 App Installation and Pairing

To unlock the full potential of your smartwatch, download the companion app. Scan the QR code provided in the physical manual or search for "BooaBei Smart Watch" in your smartphone's app store (compatible with Android 4.4+ and iOS 9.0+).

Once installed, open the app and follow the on-screen instructions to pair your watch. Ensure Bluetooth is enabled on your smartphone and the watch is nearby. The app will guide you through the connection process. Upon successful pairing, the watch will automatically synchronize time, date, and data with your phone.

Your browser does not support the video tag.

4. OPERATING YOUR SMART WATCH

4.1 Basic Navigation

The 1.91-inch HD touchscreen provides a clear and responsive interface. Swipe left or right to navigate through different function screens. Swipe up from the bottom for notifications and down from the top for quick settings. Press the side button to return to the home screen or wake the device.

4.2 Smart Voice & Dual-mode Bluetooth

Your smartwatch is equipped with a smart voice assistant. Activate it through the watch interface or by pressing and holding the side button. With dual-mode Bluetooth technology, you can make and receive calls directly from your wrist, and synchronize messages, transforming your watch into a portable smart control center.

4.3 Health Monitoring

The BooaBei Smart Watch features built-in advanced sensors and an AI intelligent algorithm to help you better control your physical and mental health.

- **Heart Rate Monitoring:** Accurately monitors your heart rate in real-time, helping you optimize exercise intensity and track your cardiovascular health.
- **Blood Oxygen Monitoring:** Measures your blood oxygen saturation levels (SpO2).
- **Blood Pressure Monitoring:** Provides blood pressure readings for reference. *Note: This feature is for reference only and should not replace professional medical advice.*
- **Sleep Monitoring:** Tracks your sleep patterns, including deep sleep, light sleep, and wake times. Intelligent sleep analysis helps you improve your sleep quality.

- **Stress Monitoring & Breathing Exercises:** Monitors stress levels and offers guided breathing exercises to help you relax and manage stress.
- **Body Temperature Detection:** Measures your body temperature.
- **Women's Health Management:** Track your menstrual cycle and receive timely reminders for your fertile period and other cycle phases.

More Daily life function

Alarm clock, weather, remote photography, flashlight, mini-games, data tracking of relatives and friends, SOS emergency contacts, multi-menu mode, multi-style dials, dial DIY, etc.

Health data monitoring

Built-in advanced sensors and AI intelligent algorithm

Realize 24H heart rate, blood pressure, blood oxygen and sleep monitoring to help you monitor your health at any time.

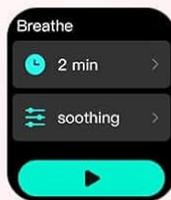

Figure 4.4: The Smart Watch T56 supports women's health management features.

4.4 Sports Modes

With over 100 built-in exercise modes, including running, cycling, strength training, skiing, surfing, yoga, and more, your watch accurately monitors every heartbeat and movement to help you improve your fitness. Leveraging your phone's GPS, it provides real-time guidance for outdoor activities. Daily monitoring of steps, calories burned, and exercise duration, combined with 7-day trend analysis, helps you adjust your goals and visualize your progress.

Advanced fixed-frequency technology, 310mAh large-capacity battery

Figure 4.5: The Smart Watch T56 offers over 100 scientific sports modes.

4.5 Customization

Personalize your watch with a variety of artistic watch faces available through the companion app. You can also create custom dials using your own photos, adapting the wearable to your pace and style.

4.6 Other Practical Functions

The watch includes a range of practical functions to simplify your daily life, such as alarm clock, weather forecast, stopwatch, timer, flashlight, calculator, and leisure games. The SOS emergency alert function allows you to quickly dial for help in critical situations. You can also remotely control your smartphone camera for convenient photo taking.

Women's health management, if you love her, you must protect her

Take care of her special period, turn on the female-specific health monitoring function, track the performance of her personal menstrual cycle, and help her take care of her menstrual period in advance.

5. MAINTENANCE

5.1 Waterproofing Guidelines

The BooaBei Smart Watch is IP68 waterproof, designed to withstand sweat, rain, and splashes. It is suitable for gym workouts and outdoor activities. However, it is **not designed for full immersion in water**. Please avoid swimming, diving, or prolonged deep water immersion to prevent damage. Do not expose the watch to hot water or steam.

Enhanced Sleep Monitoring

Accurate insight into sleep status, analyze sleep structure, and provide visual suggestions for optimizing sleep

Deep sleep | Light sleep | Wake | Rapid eye movement tracking

Comprehensive sleep analysis
Accurate sleep duration

Figure 5.1: The Smart Watch T56 is IP68 waterproof, suitable for splashes and sweat.

5.2 Cleaning

Regularly clean your watch and strap with a soft, dry cloth. If necessary, use a slightly damp cloth with mild soap, then dry thoroughly. Avoid using harsh chemicals or abrasive materials.

5.3 Battery Care

To maximize battery life and longevity, avoid exposing the watch to extreme temperatures. Charge the watch regularly, even if not in daily use, to prevent deep discharge. The watch offers 3-5 days of continuous daily use and up to 30 days of standby time.

6. TROUBLESHOOTING

6.1 Watch not turning on

- Ensure the watch is fully charged. Connect it to the charging cable and allow it to charge for at least 30 minutes before attempting to power on.

6.2 Unable to pair with smartphone

- Make sure Bluetooth is enabled on your phone and the watch is within range.
- Restart both your phone and the watch.
- Ensure the correct companion app is installed and updated.
- If issues persist, try unpairing and re-pairing the device through the app settings.

6.3 Inaccurate health readings

- Ensure the watch is worn snugly on your wrist, but not too tight.
- Clean the sensor on the back of the watch.
- Avoid excessive movement during readings.

6.4 Notifications not appearing

- Check app permissions on your smartphone to ensure the companion app has access to notifications.
- Verify that notification settings are enabled within the watch's app.
- Ensure the watch is connected via Bluetooth.

7. SPECIFICATIONS
