2.2. Initial Setup and Power On

1. **Charge the Tablet:** Before first use, fully charge the tablet using the provided power adapter and charging cable. The charging port is typically located on the side of the device.
2. **Power On:** Press and hold the power button (usually on the side or top edge) until the screen illuminates.
3. **Follow On-Screen Prompts:** The tablet will guide you through the initial setup process, including language selection, Wi-Fi connection, and Google account setup.
4. **Google Kids Space Setup:** The tablet comes pre-installed with Google Kids Space. During setup, you will be prompted to configure Kids Space, allowing you to select content categories and set parental controls.
5. **Create User Profile/Avatar:** Personalize the child's experience by creating a unique avatar within Google Kids Space. This includes customizing appearance details.

3.3. Parental Controls with Google Family Link

Utilize Google Family Link to manage your child's tablet usage. This includes:

- **Content Filtering:** Approve or block apps and websites.
- **Screen Time Limits:** Set daily limits and bedtime schedules for tablet use.
- **App Activity:** Monitor app usage.
- **Device Location:** Track the tablet's location.

4. MAINTENANCE AND CARE

- **Cleaning:** Use a soft, lint-free cloth to clean the screen and tablet body. For stubborn smudges, slightly dampen the cloth with water. Avoid harsh chemicals or abrasive materials.
- **Battery Care:** To prolong battery life, avoid fully discharging the tablet frequently. Charge the device when the battery level is low, and avoid leaving it plugged in for extended periods after it's fully charged.
- **Software Updates:** Regularly check for and install system updates to ensure optimal performance and security. Updates can be found in the tablet's settings menu.
- **Storage Management:** Periodically review and delete unnecessary apps, photos, and videos to free up storage space and maintain performance.

5. TROUBLESHOOTING

If you encounter issues with your tablet, refer to the following common solutions:

- **Tablet Not Responding:** If the tablet freezes or becomes unresponsive, press and hold the power button for approximately 10-15 seconds to force a restart.
- **Charging Issues:** Ensure the charging cable and adapter are securely connected to both the tablet and a working power outlet. Try using a different outlet or cable if available.
- **Wi-Fi Connectivity Problems:** Check if Wi-Fi is enabled in the tablet's settings. Restart your Wi-Fi router and then attempt to reconnect the tablet.
- **Poor App Performance:** Close unused applications running in the background. Clear the cache of problematic apps via Settings > Apps > [App Name] > Storage > Clear Cache. Ensure sufficient storage space is available.
- **Screen Brightness/Eye Comfort:** Adjust screen brightness and activate eye protection mode in the display settings to reduce eye strain.

For persistent issues not resolved by these steps, please contact customer support.
