## Key Features:

- **House Shape Design:** Features a roof tent with a window, creating a cozy and private space.
- **Integrated Slide and Ladder:** Includes a three-step ladder and a slide for added fun and easy access.
- **Versatile Under-Bed Area:** The spacious area beneath the top bunk can be used as a lower bunk (by adding a mattress), storage, or a mini play area.
- **Premium Quality Construction:** Built from solid, knot-free pine wood with a protective, eco-friendly lacquer coating for durability and safety.
- **FSC-Certified Wood:** Crafted with wood meeting global standards for forest conservation.

## 3. ASSEMBLY INSTRUCTIONS

The Spirich Twin Over Twin House Bunk Bed is designed for straightforward assembly. All necessary tools and labeled parts are included. It is recommended to have at least two adults for assembly.

### Before You Begin:

- Unpack all components and verify that all parts are present according to the included parts list.
- Clear a spacious area for assembly.
- Keep children and pets away from the assembly area to prevent accidents.

## Assembly Steps:

1. Follow the detailed, step-by-step instructions provided in the packaging. Each part is labeled for easy identification.
2. Assemble the main bed frame components first, ensuring all connections are secure.
3. Attach the ladder and slide. The ladder can be installed interchangeably on either the left or right side to customize your layout.
4. Install the roof tent cover, securing it according to the instructions.
5. Place the mattress directly on the sturdy wooden slats. No box spring is required.

## TWO ASSEMBLY METHODS

The ladder can be installed interchangeably on the left or right side, you can customize your layout for more convenient.

## 5. MAINTENANCE

---

Proper maintenance ensures the longevity and safety of your bunk bed.

- **Cleaning:** Wipe wooden surfaces with a damp cloth and mild soap. Avoid harsh chemicals. The TC fabric tent cover can be machine washed as per fabric care instructions.
- **Hardware Check:** Regularly inspect all bolts, screws, and fasteners. Tighten any loose hardware to maintain stability.
- **Structural Integrity:** Periodically check for any signs of wear, damage, or cracks in the wood. Discontinue use if significant damage is found.

## 6. TROUBLESHOOTING

If you encounter any issues with your bunk bed, refer to the following common solutions:

- **Squeaking Noises:** Tighten all assembly hardware. Ensure the bed is on a level surface.
- **Wobbling:** Check that all bolts are securely tightened. Verify that the bed frame is correctly assembled according to the instructions.
- **Missing Parts:** If any parts were missing upon delivery, contact Spirich customer support immediately for replacements.
