4.2. Power On/Off

- **To Power On:** Press and hold the power button on the side of the device until the screen lights up.
- **To Power Off:** Press and hold the power button, then select 'Power Off' from the options on the screen.

4.3. Inserting the SD Card

The device supports expandable storage up to 512GB. Locate the SD card slot on the side of the player and gently insert the Micro SD card until it clicks into place. A 64GB SD card is included.

Expandable Storage Up to 512G

The device has 32GB of RAM and a 64GB memory card with support for up to 512GB, which is perfectly suited to your high-capacity needs

4.4. Wi-Fi Connection

Navigate to **Settings > Network & internet > Wi-Fi**. Turn on Wi-Fi and select your desired network. Enter the password if prompted to connect to the internet.

4.5. Google Account Setup

To access the Google Play Store and other Google services, you will need to sign in with or create a Google account during the initial setup or via **Settings > Accounts**.

5. OPERATING INSTRUCTIONS

5.1. Basic Navigation

The device features a responsive 4.02-inch IPS HD touch screen for navigation. Swipe left or right to switch between home screens, tap icons to open applications, and use gestures for various functions.

5.2. Music Playback

The player supports various audio formats including MP3, WAV, APE, FLAC, AAC, OGG, and WMA. You can play local music files or stream from pre-installed apps like Spotify, Spotify Kids, HiByMusic, Deezer, Apple Music, and Amazon Music.

5.4. Bluetooth Connectivity

The device features duplex Bluetooth 5.0 for stable and compatible connections with various Bluetooth devices such as headphones, speakers, and car stereos.

- **To Connect:** Go to **Settings > Connected devices > Bluetooth**. Turn on Bluetooth and select 'Pair new device' to find and connect to available devices.

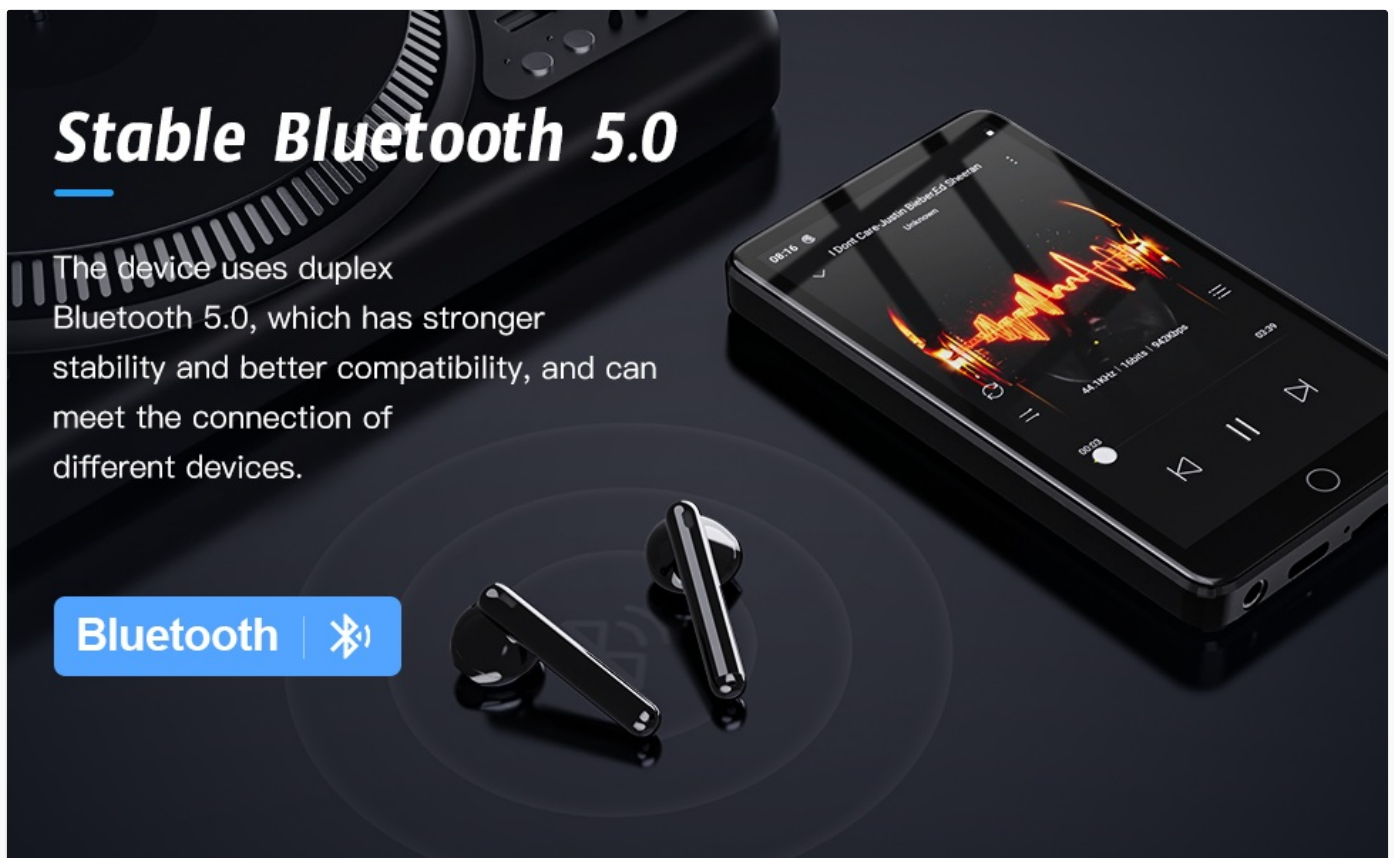

Image 5.3: The device connected via Bluetooth 5.0 to wireless earbuds, illustrating stable connectivity.

5.5. App Management

The device comes with the Google Play Store pre-installed, allowing you to install additional applications or update existing ones. You can also uninstall apps to free up memory.

- **To Install:** Open the **Play Store** app, search for your desired application, and tap 'Install'.
- **To Uninstall:** Press and hold the app icon on the home screen or app drawer, then drag it to the 'Uninstall' option that appears, or go to **Settings > Apps > See all apps** select the app, and tap 'Uninstall'.

5.6. Parental Controls

Parents can manage app access, set screen time limits, and control browser access using Google's Family Link. This feature can be enabled and configured within the device's settings.

- **To Set Up:** Navigate to **Settings > Digital Wellbeing & parental controls > Parental controls** and follow the on-

screen instructions to set up Family Link.

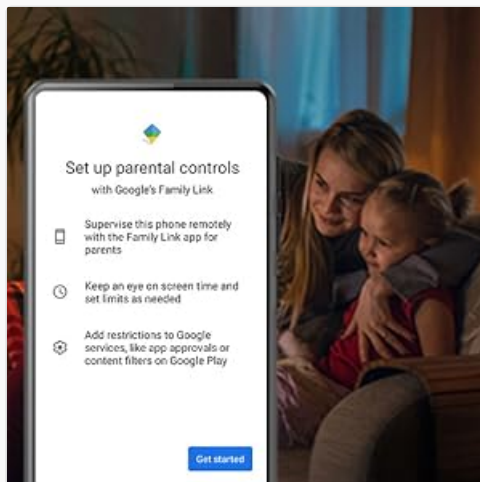

Image 5.5: The parental controls setup interface, indicating options for supervising the device, managing screen time, and restricting Google services.

5.7. Sound Recorder and FM Radio

The device includes a built-in sound recorder for capturing audio and an FM radio for listening to local broadcasts.

- **Sound Recorder:** Open the 'Sound Recorder' app from the app drawer to start recording.
- **FM Radio:** Connect wired earphones (which act as an antenna) and open the 'FM Radio' app to tune into stations.

Image 5.6: The Sound Recorder application interface, showing recording time and controls.

6. MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the device. Avoid liquid cleaners or abrasive materials.
- **Battery Care:** To prolong battery life, avoid extreme temperatures and do not allow the battery to fully discharge frequently. Charge the device regularly.
- **Software Updates:** Periodically check for system updates in **Settings > System > System update** to ensure optimal performance and security.

7. TROUBLESHOOTING

- **Device Not Turning On:** Ensure the device is sufficiently charged. Connect it to a power source for at least 30 minutes before attempting to power on again.

- **Slow Performance or App Crashes:**
 - Close unnecessary background applications.
 - Clear app cache (**Settings > Apps > See all apps > [App Name] > Storage & cache > Clear cache**)
 - Ensure sufficient storage space is available. Uninstall unused apps or transfer files to the SD card.
 - Restart the device.
- **Bluetooth Connectivity Issues:**
 - Ensure Bluetooth is enabled on both the player and the target device.
 - Make sure devices are within range (typically 10 meters).
 - Forget the device in Bluetooth settings and attempt to re-pair.
 - Restart both devices.
- **Wi-Fi Connection Problems:**
 - Verify the Wi-Fi password is correct.
 - Restart your Wi-Fi router.
 - Ensure the device is within range of the Wi-Fi signal.
- **Battery Drains Quickly:**
 - Reduce screen brightness.
 - Close background apps when not in use.
 - Disable Wi-Fi and Bluetooth when not needed.
 - Limit streaming content, which consumes more power.
