ZMISHIBO ZMCF004

ZMISHIBO 132cm DC Motor Ceiling Fan with Light

Model: ZMCF004 | Brand: ZMISHIBO

1. INTRODUCTION

Thank you for choosing the ZMISHIBO 132cm DC Motor Ceiling Fan with Light. This modern ceiling fan is designed to provide efficient air circulation and adjustable lighting for your living spaces. It features a quiet DC motor with 6 speed settings, three adjustable color temperatures (3000K, 4000K, 6000K), and convenient remote control operation. Please read this manual thoroughly before installation and use to ensure safe and optimal performance.

2. SAFETY INSTRUCTIONS

- Always disconnect power at the main circuit breaker before installation, maintenance, or cleaning.
- Installation must be performed by a qualified electrician in accordance with all local and national electrical codes.
- Ensure the mounting structure can support the weight of the fan (approximately 6.11 kg).
- Do not bend the blade holders during installation or cleaning.
- Ensure all connections are secure and properly insulated.
- Keep hands and objects clear of the fan blades when the fan is operating.
- This fan is designed for indoor use only.

3. PACKAGE CONTENTS

Verify that all components are present before beginning installation:

- Ceiling Fan Motor Housing with Integrated LED Light
- Five Reversible Fan Blades (Dark Brown & Light Beech)
- Remote Control
- Two Downrods (12.5 cm and 25 cm)
- Mounting Bracket and Hardware
- Instruction Manual

4. PRODUCT FEATURES

- **Reversible Blades:** Five blades with dual-sided finish (dark brown and light beech) to match various interior styles.
- **Quiet DC Motor:** Operates at less than 35 decibels, ensuring a peaceful environment.
- **6 Fan Speeds:** Adjustable airflow from a gentle breeze to a powerful current.
- **3 Color Temperatures:** Integrated LED light offers 3000K (Warm White), 4000K (Neutral White), and 6000K (Cool White) to suit different moods and activities.
- **Reversible Airflow:** Forward mode for cooling in summer, reverse mode for circulating warm air in winter.
- **Timer Function:** Set the fan to turn off automatically after 1, 2, or 4 hours.
- **Remote Control:** Conveniently adjust all fan and light settings from anywhere in the room.
- **Flexible Installation:** Supports installation on ceilings with up to a 15° incline. Includes two downrod lengths (12.5 cm and 25 cm) for various ceiling heights.

Image 4.1: The ceiling fan offers three color temperatures: 3000K Warm White, 4000K Natural White, and 6000K Cool White.

Image 4.3: Shows the reversible blades with dark brown and light beech finishes, allowing for versatile aesthetic integration.

5. SETUP AND INSTALLATION

Professional installation by a qualified electrician is highly recommended to ensure safety and proper functioning.

5.1 Pre-Installation Checklist

- Ensure power is OFF at the circuit breaker.
- Confirm all package contents are present.
- Prepare necessary tools (screwdriver, wire strippers, ladder, etc.).

5.2 Mounting the Fan

1. Secure the mounting bracket to the ceiling junction box. Ensure the box is rated for ceiling fan support.
2. Assemble the downrod (choose 12.5 cm or 25 cm) to the motor housing.
3. Carefully lift the fan assembly and hang it from the mounting bracket.
4. Connect the electrical wires according to the wiring diagram provided in the full manual (Live, Neutral, Ground).
5. Attach the canopy to cover the wiring and mounting bracket.
6. Install the fan blades onto the motor housing. Ensure they are securely fastened.

7. MAINTENANCE

- **Cleaning:** To clean the fan, wipe the blades and motor housing with a soft, damp cloth. Do not use abrasive cleaners or solvents. Ensure power is off before cleaning.
- **Blade Inspection:** Periodically check that all blade screws are tight. Loose blades can cause wobbling and noise.
- **Light Source:** The integrated LED light source is designed for long life. If replacement is needed, contact customer support.

8. TROUBLESHOOTING

Problem	Possible Cause	Solution
Fan does not start	No power supply; Loose wiring; Remote control battery dead.	Check circuit breaker; Verify wiring connections; Replace remote control battery.
Light does not work	Loose wiring; LED module failure; Remote control issue.	Check wiring connections; Contact customer support for LED module replacement; Check remote control battery.
Fan wobbles	Loose blades or mounting; Unbalanced blades.	Tighten all screws; Ensure blades are installed correctly; Use a balancing kit if necessary.
Excessive noise	Loose screws; Motor issue; Blades hitting an obstruction.	Check and tighten all screws; Ensure no obstructions; If motor noise persists, contact support.

9. SPECIFICATIONS
